

WE HAVE EIGHTEEN CANDIDATES ONE JOB

RAVALLI COUNTY TEEMS WITH CITIZENS WHO WOULD BE SHERIFF THIS FALL.

Hamilton, July 28.—(Special).—That the supply of candidates for sheriff of Ravalli county has not been exhausted was shown yesterday when William H. Miller of Woodside announced his intention of becoming a candidate for the nomination for sheriff on the republican ticket. Miller makes the 15th candidate to announce himself as a candidate for the office. O. L. Kenney will be a candidate for the nomination for county assessor on the democratic ticket. Mr. Kenney resides near Woodside. It was reported at the courthouse today that another candidate for the nomination for sheriff on the republican ticket—a resident of Stevensville—would announce himself this week. This prospective candidate makes 18.

ASSESSMENT WORK.

Hamilton, July 28.—(Special).—County Clerk and Recorder A. J. Horik and County Assessor F. B. Tanner returned this morning from Helena, where they went to meet with the state board of equalization, concerning the railroad assessment in Ravalli county. Messrs. Horik and Tanner went to Helena Sunday morning.

SUICIDE.

Fran Claire, Wis., July 28.—Elijah Moore, 45 years old, of Milwaukee, committed suicide in the Chippewa river here tonight after leaving a note ordering that his body be cremated and the ashes be buried at the feet of his son, who died recently.

HEART DISEASE.

Prentice, Wis., July 28.—Carl Melsenginger, 71 years old, died suddenly in the Soo line station here early today. Melsenginger and his wife were on their way to their home at Poskin Lake. The cause of death was heart disease.

Macaroni IS Economical

The average American housewife hasn't the faintest idea of the great number of attractive dishes which may be prepared with macaroni. And Macaroni is one of the most economical food products obtainable and contains the greatest amount of nourishment.

Visit The Missoulian's free cooking school and learn from Mrs. Marshment the great variety of dishes in which Macaroni is used by this noted culinary authority.

Remember

To insure the best results in your cooking you must have the best products and the best macaroni made is a HOME product, made in Montana, by Montana men from the best and purest Montana wheat.

Gold Medal Brand Imperial Macaroni

Made by Imperial Macaroni Co., of Butte.

Used exclusively in all demonstrations by Mrs. Marshment. Let her show you how to use it.

Your grocer has it or can get it if you demand GOLD MEDAL BRAND IMPERIAL MACARONI. Get a package at once and reduce the constantly soaring cost of living.

ALL TO THE GOOD IS HAMILTON'S GUARANTEE

THE FINANCIAL END OF THE CHAUTAUQUA IS COMING OUT SATISFACTORILY.

Hamilton, July 28.—(Special).—The pledged tickets for the Hamilton chautauqua have all been sold with the result that the guarantors for the chautauqua are relieved from all responsibility, a condition most gratifying to all who have boosted for 12 months for Hamilton's second chautauqua. That the chautauqua is now firmly established in Hamilton is convincingly shown by the remarks, touching upon the masterful lecture by Dr. Thomas G. Green, repeatedly heard upon the streets. Several business men have been heard to say that Dr. Green's lecture alone was worth the price of admission to the entire chautauqua. It is not probable that any guarantee will be required by the chautauqua people for another year as the present program is arousing general interest and creating a wholesome sentiment in favor of a chautauqua as a yearly institution.

The Elywain trio gave delightful concerts both afternoon and evening yesterday. The singing of Harry Lander's Scotch songs by Thomas Lewis, the Welsh baritone, was especially well received.

The Hann jubilee singers delighted a large audience this afternoon with a program of southern melodies, plantation and camp-meeting songs. The troupe of negro singers appeared again this evening in a short concert, as an introduction to the lecture by Col. W. H. Miller. Mr. Miller gave his address, "Farming and Being Farmed," a forceful appeal for loyalty to local interests and industries.

The program for tomorrow follows:

Wednesday.
"Music Day."
Morning—Children's hour (Selon Indian games).
Lecture—"The Redemption of the City"—Derry A. Schuler.
Afternoon—Concert.
Evening—Ciriello's Italian band.
Evening—Popular concert.
Ciriello's Italian band.
Musical festival.—Twin Grand Opera Company with Ciriello's entire band.
Admission, 75 cents.

SILVER CABLE MINE HAS BODY OF GOOD ORE

THE INTERMEDIATE TUNNEL ENCOUNTERS 12 FEET OF COMMERCIAL ORE.

Mullan, July 28.—(Special).—The Silver Cable company, operating about 10 miles east of Mullan, has opened a commercial body of lead-silver-zinc ore in the intermediate tunnel. The strike is an important one, as the vein shows 12 feet wide of good commercial milling ore, and the ore shoot has been proven for about 120 feet in length. The intermediate tunnel was driven some years ago without locating the ore, and it now develops that the drift following the course of the vein was just a few feet north of the ore. The present operators have driven three crosscuts into the vein with results as above stated. The ore runs heavy to zinc, but can be easily milled, as the gangue is light material. The company plans to drive further north and east in the lower tunnel to open the same ore body. The discovery of this ore body on the Cable is very important to the Mullan district, as it proves a valuable chain of mineral ground on this belt from Mullan to the Montana summit, a distance of about 10 miles.

DUNCAN CRITICIZED IN FEDERATION SESSION

BUTTE'S MAYOR IS TOLD TO APOLOGIZE OR GET OUT OF THE PARTY.

Denver, July 28.—A resolution censuring Mayor L. J. Duncan of Butte, Mont., for alleged statements that President Charles H. Moyer of the federation had requested the sending of Montana militiamen to that city was adopted by the Western Federation of Miners in convention today. The resolution scores Mayor Duncan in strong terms and requests that he retract the alleged statement. If he fails to do so, it recommends "the expulsion of Mayor Duncan from the socialist party."

With the arrival here tomorrow of Frank J. Hayes, vice president of the United Mineworkers of America, the proposal to amalgamate the Western Federation of Miners and the United Mineworkers of America, will be taken up. The proposal has been favorably reported to the convention by the committee on organization and education, to which it was referred.

FIRE IN FLATHEAD GROWS LARGER AND SERIOUS

PRACTICALLY ALL OTHER BLAZES, EXCEPT ON O'BRIEN CREEK, STAMPED OUT.

Western Montana's forest fire situation showed a general improvement yesterday except for the blaze on Big river in the Flathead forest. This has assumed serious proportions. Word came to local headquarters in the afternoon that the army of fighters had been increased to 200 men, and that little headway had been made in getting control. District Forester Silcox considers this a serious blaze, and dispatched Assistant Forester Preston to the scene to assist in handling the situation and to make a study of the fire-fighting work.

The other fires in western Montana, most of them reported for the first time last Sunday, have been either put out or gotten under control. The O'Brien creek fire, south of the city, is still burning, but it is not causing any uneasiness. It has burned over about half a section of cut-over land, and it is mostly in the brush. The crew of men furnished by the lumber company Sunday were taken off the job yesterday, and some of those from the forest service sent out only stayed one day. It was planned last night to send 20 men from the city early this morning, and to put this fire out before it had a chance to spread to the timber.

The blaze near Evaro had completely burned out yesterday, and those on Nine Mile creek were both under control. The Gold creek fire was also reported to a few smoldering logs, and will give no more trouble. No direct word has been obtained from the fire reported near Anaconda. For this reason it is not believed to be very serious.

TARRYTOWN JUDGE SENDS SIX TO JAIL

THE I. W. W. PARTY WHICH ANNOYED MR. ROCKEFELLER, HAS A TRIAL.

Tarrytown, N. Y., July 28.—Six of the nine Industrial Workers of the World on trial here for attempts to hold a meeting in Tarrytown in May to charge John D. Rockefeller, Jr., with responsibility for the bloodshed in the Colorado mines, were convicted and sentenced today to a uniform two months imprisonment in the New York city penitentiary. The seventh was convicted, but released upon suspended sentence by Judge Moorehouse.

REBECCA EDELSON.

The eighth was discharged for lack of evidence.

Rebecca E. Edelson, the ninth prisoner who was brought to court on a habeas corpus writ from the workhouse on Blackwell's island, was sent back to the workhouse at the closing of the sitting today. Miss Edelson, who is serving a three months' sentence in default of furnishing bail to keep the peace, has been on a hunger strike. She was brought to Tarrytown in a motor car with a nurse in attendance. Pale and weak after being carried into court she testified in a low voice. She appeared to be physically exhausted, but mentally alert.

Efforts of Justice Sheffield, counsel for the accused, to have Miss Edelson put on trial today were unsuccessful, the judge ruling that as a witness in court she could not be tried until the expiration of her present sentence.

PRESIDENT CRAIGHEAD HOME

Dr. E. B. Craighead, president of the University of Montana, has returned to Missoula after a trip through the Yellowstone National park and a visit in coast cities.

DUNCAN WILL SPEAK

Colville, Wash., July 28.—The socialist organization of Stevens county has planned a three-days' encampment to be held at Addy, August 20-22. Mayor Lewis J. Duncan of Butte will speak.

HARVESTS BOOMING ALONG FLINT CREEK

ALFALFA IS CUT, OTHER HAY IS BEING CUT AND GREAT GRAIN CROP IS NEARLY READY.

Drummond, July 28.—(Special).—The ranchers in the near valleys are now in the height of the haying season, the first cutting of alfalfa being about completed. The one big feature which the grain-growers are enjoying this season is the absence of frosts which have proved so disastrous in former years to the grain and potato crops. Of late years the frosts have noticeably decreased, owing to the increased cultivation. The barley, which has turned out exceptionally well this season, especially on the dry land, is being cut this week, the winter wheat also being about ready for the binders.

A. E. Harper slipped into Drummond the past week two carloads of beef cattle from St. Paul which he will drive to his new stock ranch in the Blackfoot country, near Sunset. One of the most important real estate deals this summer was completed yesterday at Deer Lodge, when the ranch owned by Mrs. C. Bartlett at Haskell was purchased by Hans M. Hansen, the local real estate broker, who will make his permanent home there. The ranch which comprises some 850 acres was formerly known as the old Marshley place and is located a mile north of Haskell, the purchase price not being given. Mrs. Bartlett and her son, Millard, the same day purchased the business of the Drummond Livery stables at this place, which has been operated by Jens Madsen the past two years. The Bartletts will take charge of the business this week.

Mrs. H. T. Cummings and Mrs. Hugh Mellen returned Tuesday morning from Phillipsburg, where they attended the funeral of Owen McBride, a well-known pioneer of this section. They were accompanied to this place by Mrs. Sam Arthur of Butte, who took the morning stub for the Copper city. Invitations are out for the wedding of Miss Winifred Peck of Deer Lodge and P. C. Alter of this place, which is to take place at the home of the bride's parents at Chicago, Minn., August 5. Miss Peck is well known at this place and at Deer Lodge, where she has been teaching school for the past two years. Mr. Alter is cashier of the Drummond State bank, which position he has filled for several years. The couple will make their home in the residence formerly occupied by Mr. and Mrs. Noel McPhail.

W. H. Cashin, representing the Royal Banner cigar company of Detroit, transacted business with Drummond merchants Tuesday in company with John Trewhida.

T. J. Hannifan and John Price were Butte passengers Tuesday morning to take in the races at that place. John Trewhida was interviewing Drummond business associates Tuesday in the interests of his Missoula firm.

Carl Nelson the proprietor of the local meat market is able to be about on crutches this week, recovering from a bad kick received from a horse last week.

Hans Nicholaysen, the Phillipsburg dairy man, was visiting between trains Monday with Drummond relatives, en route to Missoula, where he was formerly engaged in business.

MIDSUMMER NOTES FROM DARBY TOWN

ED SMITH SERIOUSLY INJURES ONE EYE—THE BIG HOLE ROAD CAMPS MOVED.

Darby, July 28.—(Special).—F. H. Drinkenburg and family were visiting at the home of Mrs. Drinkenburg's parents, Mr. and Mrs. M. J. Overturf, Sunday.

R. L. Mastin, the Oriental traveler, is giving a series of lectures here in I. O. O. F. hall. He is one of the survivors of the Titanic and his lecture on that awful disaster is thrilling in the extreme, as is his talk on pyramids of Egypt and the ruins of Thebes. Mrs. Jenny Thompson has opened the dining room in the Montana house.

Dr. Buckner was down from the Heights today for a little fishing trip. Ed Smith, proprietor of Medicine Hot Springs, was hurt while driving a

To Banish Wrinkles and Freshen Up Quickly

After a strenuous day outdoors, when wind, heat and exhaustion have combined to take away one's freshness and caused the skin to wrinkle and sag—or after a tedious or fretful day indoors—one often has urgent need for some quick rejuvenator. Maybe there's a tango party on for the evening, or some other social event. How in the world can one make herself presentable, looking as she does? It's quite easy.

Just get an ounce of powdered saxonite and a half pint of hazel at the nearest drug store, mix the two and bathe the face in the solution for two or three minutes. Then look into your mirror and behold the wonderful transformation! Wrinkles have vanished, loose, lined muscles have been rested and "firmed up," marks of fatigue have flown, and you look so much brighter and younger you can hardly believe your eyes. No one need hesitate to try this, the witch hazel and saxonite being so perfectly harmless.—Adv.

Porch and Lawn Furniture to Go at Even Greater Reductions

We simply will not carry over a dollar's worth of porch and lawn furniture if greatly reduced prices is an object to buyers. The entire stock has undergone a severe pruning of prices and tomorrow you will find values such as you have never seen or heard of. If you are interested, don't delay making your selections, because at these prices there'll be a quick clean-up.

nail Saturday; the nail split and a part of it struck him in the eye, piercing the iris muscle and injuring the eye seriously. Dr. Hayward was called to the springs to dress it and stated that if inflammation can be kept down that there will be no serious results.

Lee Shook is seriously ill at his home on West Fork.

Attorney J. E. Showdy and Mrs. Showdy came up from Hamilton today and went up to University Heights for a visit.

Clifton & Applegate, contractors on the Big Hole road, have moved their camps over the range to the Idaho side, where they have about seven miles more road to build to finish their contract.

Architect Ole Bakke of Missoula is in the city and is enthusiastic over Darby and its prospects.

Mr. and Mrs. Harry South, Mr. and Mrs. Dick Parmenter and mother, Mrs. Frank Parmenter, and son, Bunn, went up West Fork yesterday on a fishing trip. They stopped to visit at the home of Bryan Irvine on their way.

Mr. Driggs was seriously injured Saturday by a hay fork getting caught in his foot.

Dr. Owings of Hamilton was in the city last evening.

Mrs. Esther Sargent has been ill during the last week.

"You'll Never Miss the Water, 'Till the Well Runs Dry"

Lamb With String Beans
Get a piece of the forequarter of lamb, cook as a pot roast. An hour and a quarter before serving add a quart of tender, green string beans, cut lengthwise. Cover and cook until done. Then remove the lamb, and put in the middle of the platter. Slightly thicken the gravy containing the beans, and turn out on the platter around the meat.
