

NEWS OF THE RAILROADERS IN MISSOULA AND ABROAD

ROADS CO-OPERATE IN FIGHTING FIRES

BOTH THE NORTHERN PACIFIC AND THE MILWAUKEE HAVE RENDERED GREAT AID

The co-operation of the Milwaukee and Northern Pacific officials with the forest service officials of Missoula is doing much to save the timber of Uncle Sam from destruction by fire.

During the past few weeks, ever since the fire situation has become dangerous, the telegraph lines, men and even equipment of both the Northern Pacific and the Milwaukee has been at the disposal of the government forestry official and this has been a great factor in preventing fires of large and dangerous as those of 1910.

Superintendent Birdsell of the Northern Pacific on this division has posted bulletins instructing his men to report all fires they see while passing through the country. These forest fires are at once reported to the chief dispatcher and he notifies the forestry offices. The co-operative plan has worked wonders and fires that have given promise of being large and destructive have been controlled before they gained much headway. The Milwaukee men have also been reporting fires along the right of way and the interest shown by the trainmen has been gratifying to the men of district No. 1 of the forest service.

Both railroads have placed special trains at the disposal of the forestry men and each road has furnished many men to aid in the fighting of flames. A few days ago the Milwaukee ran a special up the Blackfoot branch to carry fire-fighters to a large forest fire yesterday the Northern Pacific ran a special from Hamilton to Darby to carry a car of horses and 25 fire-fighters as near as possible to a fire that is over the range in Idaho. Thursday the Northern Pacific sent a special to Cyr to carry fire-fighters and also furnished 30 men to the government to assist in stopping the progress of the flames.

There have been numerous occasions where the co-operations of the two railroads running through Missoula has been of great assistance to all the people in western Montana and north-

FINE TRIBUTE IS PAID TO MISSOULA BY C. T. BANKS OF NORTHERN PACIFIC

C. T. Banks, special representative of First Vice President George T. Shide of the Northern Pacific, in charge of the bureau of efficiency, was in Missoula yesterday and it was a fine tribute to Missoula that he paid on this visit.

Mr. Banks came this time with his family, Mrs. Banks and two daughters, and had his car cut out of train here yesterday morning. Approached by a reporter yesterday Mr. Banks said:

"I have no interview to give you this time. I am taking a trip over the line and I am combining business with pleasure. I have my family with me and I had my car cut out here just to show them what a beautiful city Missoula is. They have heard much of it from me, but this is their first visit and they declare that they have enjoyed ever so much the day spent in this pretty valley and town."

Mr. Banks and his family will continue west on train No. 41 on the Northern Pacific. They will go through to the coast.

From all appearances, the family of Mr. Banks surely enjoyed themselves here. The women took their sewing with them and spent a large part of the afternoon doing needlework under the shade of the trees about the Northern Pacific's park. They looked comfortably seated there on the grass and their expressions backed up every word Mr. Banks said about his family liking the Garden city.

ent Idaho and the forest officials are grateful to Superintendent Birdsell of the Northern Pacific and Superintendent Willard of the Milwaukee for their help.

Railroad Notes.

J. W. Hallett, foreman of the Northern Pacific shops here, left for Butte yesterday on a pleasure trip.

W. W. Berry, conductor on the Coeur d'Alene branch of the Northern Pacific, is on a leave of absence. He has gone down to Mineral county to look into the matter of transferring the county records.

A forest fire was reported yesterday from Eljston, on the Helena branch of the Northern Pacific. A section crew was dispatched to the scene of the blaze, a few miles from the town, and 15 men worked nearly all night in controlling the flames. The fire is not entirely extinguished.

Two fruit trains of 55 cars each were handled over the Rocky Mountain division of the Northern Pacific yesterday. The cars were loaded with peaches from North Yakima valley.

PETER SWANSON IS BROUGHT TO CITY

Peter Swanson of Iron Mountain, who attempted to commit suicide in his cabin on Wednesday, was yesterday brought to Missoula for medical treatment. Sheriff Klugman of Mineral county accompanied Swanson.

Swanson cut his throat with a knife and his life was saved because Conductor Billings of the Northern Pacific saw the act while passing on his train. Help was summoned immediately. It is believed that Swanson will live, although his condition is serious. He is at St. Patrick's hospital.

INFURIATED BULL ATTACKS RANCHER

Butte, Aug. 11.—Paul P. Maier, an Elk Park rancher, had a narrow escape from death last night, when he was attacked by an infuriated bull he was leading, and but for one of his ranch hands would undoubtedly have been killed.

The ranch hand chopped away at the bull's neck with an axe until he killed the animal. Maier's chest was crushed, leg broken and his head badly cut.

TWO WOMEN AVOID OPERATIONS

By Taking Lydia E. Pinkham's Vegetable Compound.

Chicago, Ill.—"I must thank you with all my heart for Lydia E. Pinkham's Vegetable Compound. I used to go to my doctor for pills and remedies and they did not help me. I had headaches and could not eat, and the doctor claimed I had female trouble and must have an operation. I read in the paper about Lydia E. Pinkham's Vegetable Compound and I have taken it and feel fine. A lady said one day, 'Oh, I feel so tired all the time and have headache.' I said, 'Take Lydia E. Pinkham's Vegetable Compound,' and she did and feels fine now."—Mrs. M. R. KARSCHNICK, 1438 N. Paulina Street, Chicago, Illinois.

The Other Case. Dayton, Ohio.—"Lydia E. Pinkham's Vegetable Compound relieved me of pains in my side that I had for years and which doctors' medicines failed to relieve. It has certainly saved me from an operation. I will be glad to assist you by a personal letter to any woman in the same condition."—Mrs. J. W. SHERER, 126 Cass St., Dayton, Ohio.
