## MISSOULA'S CHANGE REACHES SPOKANE

Spokane, Aug. 14.—To meet the demand for silver the Exchange National bank yesterday took over about \$4,000 in loose change from the Bar-num & Bailey circus. The amount was so part of the day's receipts in Spokane, as the exchange was made during the morning and the \$4,000 probably represents some of the proceeds of the Missoula afternoon stand on Tuesday.

For the silver, which pours into the ticket wagons in dollars, halves and quarters, the bank gave currency and gold as desired. The exchange is an aid to both parties, as the circus accumulates more silver than it can carry and the banks are glad to take it over for the use of their customers. The Exchange National was the only bank to take over any of the circus coin.

## TOUGH "LADY" BOTHERS COP

Spokane, Aug. 14.—After facing a butcher knife, a pair of shears and a shotgun in the hands of Mrs. George Groshoff, 1614 Main avenue, so he declares, Deputy Sheriff William Nyman yesterday caused her arrest, charging her with interfering with an officer.

Deputy Sheriff Nyman went to the Groshoff residence to serve a replevin writ and secure a piano which had been sold under contract by the Simon Piano company. He took along the transfer men, but asked them to bring up the piano when he prepared to leave the premises.

"I was met at the door by Mrs. Groshoff, who promptly said I would never take the piano," said the deputy sheriff. "As I stepped into the house she entered by the back door and confronted me with a big butcher knife, which is now at the office of the sheriff.

"I seized her arm and removed the knife after declaring I expected to take the piano. Mrs. Groshoff beat a retreat, but reappeared with a pair of shears, which she switched about my face.

"As the transfer men appeared she appeared with a shotgun, which was taken from her. It is held at the office of the sheriff with the shears and butcher knife."

## MILLIONAIRE BABY HAS HIS BIRTHDAY

Bar Harbor, Me., Aug. 14.—John Jacob Astor, 3rd, the little son of Mrs. John Jacob Astor, was two years old today. In celebration of the anniversary a small birthday party was given by his mother, who is a member of the fashionable summer colony here. Among those in the family party were the parents of Mrs. Astor and her sister, Miss Katherine Payne.

John Jacob Astor, 3rd, was born August 14, 1912, four months after his father had perished in the Titanic disaster. Rather delicate at his birth, the baby has grown into a healthy youngster and is one of the most rugged babies seen at Bar Harbor this summer. The child closely resembles his mother. He has a wealth of light golden hair, the clearest of blue eyes and pink and white complexion. In the baby appears no trace of the grim tragedy in which his father bravely lost his life.

By his will Colonel Astor created a trust fund of \$3,000,000 for any child by his marriage to Miss Madeleine Force, until the heir was 21 years old. This fund, inherited by little John Jacob, will, with its normal increment, considering the way in which the bulk of the Astor fortune is invested, amount to much more than \$10,000,000, when he reaches his majority.

## THEY WILL APPRAISE PABLO PROPERTY

## HE'S OPTIMISTIC ABOUT COMMERCE

Wenatchee, Wash., Aug. 14.—"We should get ready for the best times we have had in the United States in a decade," said George R. Fisher. "I believe the European war will bring on unparalleled prosperity. It is bringing some inconveniences and the financial world is somewhat upset, but in the course of another month there will be no difficulty in banks here cashing exchange with other countries.

"All of our products will bring unusually good prices. The closing down of the manufacturing plants of Europe mean longer hours for the plants of this country. Labor will command better prices from the fact that thousands of subjects of the old country are leaving the United States, and this means curtailment of the labor market and the consequent enhancement of wages.

"I have been confirmed in my belief of good times by letters from our bank connections in other cities. It is the universal sentiment that we will have a great revival of business, and this will continue for several years at least."

## CANTALOUPE ARE AT A LOW FIGURE

Spokane, Aug. 14.—Advices from the Seattle representative of the North Pacific Fruit Distributors yesterday state that cars of California cantaloupes dumped on that market on consignment have been offered for sale at 50c a car. The price is regarded as the lowest ever made and is due to the fruit being consigned indiscriminately, demoralizing the market.

The average price per car is \$500. The melons are standing on the railroad tracks in cars without a buyer, and the railroads are disposing of them for what they can get and the shippers have to pay the freight. The finest 45-cent cantaloupes have been sold at 25 cents a crate, while fruit shipped through the distributors on the usual f. o. b. basis to other markets brought from \$1 to \$1.25 a crate. All but two cars of the California product in Seattle were cleaned out at the 25-cent rate and the rest offered at 50c a car to peddlers.

The California season, it is stated, is practically over, and the northwest season is drawing to a close. Indiscriminate shipping on consignment from California centers has upset the cantaloupe market in a number of northwestern cities.

## FIT VICTIM IMPROVES.

T. J. Murray, who was taken to St. Patrick's suffering from an epileptic fit, is now reported as having become entirely rational and is improving in health rapidly. It is said he will be entirely recovered in a few days.
