Favorites Winners

In All-Comers Tennis Games for National Championship, Wilding Disappoints by Defaulting.

Newport, R. I., Aug. 24.—Favorites won every match today in the opening rounds of the all-comers tournament for the national lawn tennis championship. Of the 135 players entered, none had had been eliminated and, accordingly, 21 of the number defaulting. All the ranking American players were left, but there was some disappointment when it was announced that A. F. Wilding of New Zealand, one of the Davis cup winners, would not play. His partner, Norman E. Brookes of Sydney, Australia, who fell before McLaughlin two weeks ago, was still on the official score card tonight, but it was estimated that he also would default. As R. Foxwell of Victoria, B. C., also failed to appear, and as Boris Yankov of the Russian delegation was beaten, the tournament probably will lose its international flavor.

TAKING UP VELVET MARKETS TRADING DISTURBED

BUT PRICES IN GRAIN AND PROVISIONS HOLD UP FAIRLY WELL

Chicago, Aug. 24.—Profit taking was the feature of the wheat market today but Saturday's advance was fairly well held. Final prices rounded off higher for September by 1/2c lower. Corn closed 1/2c to 1c down; oats 1/2c higher for September to 1/2c lower and provisions 7/8c to 5/8c down.

Wheat opened easy, bulged, but retreated to the lowest of the day and then steadied around Saturday's close. The September-December difference narrowed to 1c. The decline in corn was based on rains and favorable crop prospects.

Price fluctuations in oats were the result of demand from exporters and the inclination of some buyers to take profits. Shipping sales were reported the largest of the season, 1,200,000 bushels, nearly to the seaboard.

Lead alone displayed life in the provisions pit and prices receded on selling by jobbers and packers. Cash demand for meats was slow.

Today's Quotations.

September wheat, opened, 99 1/2c; high, \$1.01; low, 99c; close, 99 1/2c.

September corn, opened, 79 1/2c; high, 80c; low, 79c; close, 79 1/2c.

September oats, opened, 45 1/2c; high, 46c; low, 45c; close, 45 1/2c.

STAGNATION STILL IN OUR FINANCES

Europe. This is complicated by the enormous sums of money held in France and Germany to the credit of the American bankers and which must remain in a state of rigidity for an indefinite period.

Exchange Not to Open.
Because the London stock exchange is considering the advisability of reopening under very restricted conditions, rumors were again current today that resumption of operations here is not far off. All such reports were depreciated by exchange officials, false and misleading. Unofficially it is believed that the local exchange will not resume for another month, at least.

Sentiment in the west is more cheerful, the opinion prevailing that this country is sure to emerge into a period of prosperity largely because of the European war.

The western money market is also tending toward greater ease and encouragement is found in the steady diminution of idle cars, which show a decrease of over 2,400 compared with the previous fortnight.

The feature of the money exchange was an increased demand in exchange on Paris, cables to that center being sought at 490 against 510 last week. Exchange on London also was active at rates unchanged from Saturday.

CAPTAIN M. OWSLEY LOCAL RIFLE CLUB TO HEAD ELEVEN AT VARSITY

TO BE FORMED SOON

Merritt Owsley, captain of the 1914 varsity football team, will return to college this fall. In a letter received here, the Montana captain announces that it will be possible for him to come back this fall, thus getting at rest the fear that the varsity would be without its leader this year. This news is quite the most encouraging university students have had. With Dornblaser, Craighead, Kelley and other 1913 stars out of the game this year, prospects for a successful season were none too bright. When it was announced that Captain Owsley, star for three years and a brilliant back with a thoroughly educated kicking toe, was likely to spend the fall months behind a plow, Montana stock fell several points. Owsley is sure to return, however, and will be here early in order to help Coach Hellman line things up for the season.

To those who really know the inside of the game at the university, the retention of Coach Hellman was a relief. Hellman is one of the best football mentors Montana ever had, and should turn out a crack team this fall. Critics were a bit rude with Hellman last year, but their complaints were unfair. The coach wasn't hired until the season was well started, and had no chance to teach his green men the rudiments of the game. He had never tried coaching before, having graduated from the University of Pennsylvania only the June before. Moreover, he came to a western school without any knowledge of western conditions. He was sadly handicapped.

Despite this Hellman turned out a well-drilled team. The varsity had better plays than any of the eleven it met, not barring the crack Washington State college team and the Utah Aggies, who subsequently administered a thorough drubbing to the University of Utah. The team won twice from the Montana Aggies, superior in weight and speed, and played creditable football throughout the season.

This year the varsity has the stiffest schedule in its history with games against Washington State, the Utah Aggies, Idaho and the North Dakota Aggies. It will have a hard fight for the state championship, too, for the Montana Aggies have lost few men and will have as their coach one of the best men in the west, Bennion, last year with the University of Utah.

A meeting for the organization of the club is to be held at the Missoula hotel on Wednesday evening and all interested are requested to be present. Uncle Sam encourages persons in his domain to form rifle clubs and offers to give every club of five members a rifle as a present. Also, the government will furnish 180 rounds of ammunition to every man a member of a rifle club which is affiliated with the national association.

If a club were to be formed in Missoula, it is said that the members could be able to purchase from the government regulation service rifles, whereas no individual can purchase them. Models of sharpshooters, marksmen and expert riflemen would be awarded by the national association.

There are many in Missoula who have declared themselves as in favor of a rifle club here and a large crowd is expected at the meeting Wednesday evening. All interested, whether they are riflemen or desire to learn to shoot, are invited to the meeting.

Poor Ball at Tacoma
Pitchers Have no Control and Teams Play Listlessly—Poor Support Beats the Bees' Twirler.

Tacoma, Aug. 24.—Lack of control and general listlessness gave the opening game with Spokane to the locals, 10 to 9.

Score—R. H. E.
Spokane 9 6 0
Tacoma 10 14 4
Batteries—Tozer, Coveleskie and Altman; Schroeder and Stevens.

Victoria, Aug. 24.—For seven innings Steele pitched airtight ball today, but his poor support enabled Seattle to win, 7 to 5.

Victoria 5 12 4
Batteries—Bonner, Fullerton and Cadman; Steele and Hoffman.

OPENING OF BATTLE TOLD OF BY WITNESS

(Continued from Page One)

Our troops, in conformity with the plan laid down, are harassing them on the right and left banks of the Meuse, keeping in constant contact and killing as many members of the scouting parties as possible.

"I witnessed a series of engagements Friday outside Charleroi. I saw our outposts everywhere. I heard rifle fire here and there and saw now and then troops coming in bringing prisoners. Our cavalry was in splendid form and eager for action. Two hundred yards from a bridge I saw seven Uhlans coming out of a wood. Three of them were shot down at once. The remainder fled.

Artillery's Fearful Work.
Two men who have just come here from Nijmegen and came to this morning they desired to take a train for Givet, but the service had stopped. They started for foot and went half way to Charleroi, saw a hamlet on fire. Suddenly a battery of four guns opened on a wood and in an instant swarms of German infantry fled from wood in disorder.

"Right and left the rifle fire shot them down. At one place they came out four abreast and the entire column was swept down."

SILVER BOW COUNTY ASPIRANTS TOTAL 481

Butte, Aug. 24.—(Special.)—In Silver Bow county nominees for all county offices except district judges and clerk of the court, will be selected by four parties, democrats, republicans, progressives and socialists, at the primaries tomorrow. Nominees for representatives in congress, associate justice and railroad commissioner also will be selected. The primary aspirants number 481, with the committee-men.

There are 205 democratic candidates for nominations. There are two socialists for each nomination.

There are 15,204 persons registered but it is generally admitted that the vote will fall far short of this.

Voting will be by ballot and for this reason it will probably be a good many hours after the polls close before the result is known.

All of the mines will be closed to give miners an opportunity of voting, and the saloons will close at noon in accordance with provisions of the state law.

To insure order at the polls, Sheriff Driscoll has appointed 128 extra deputies.

ENGLISH REALIZE WHAT WAR MEANS

See Long War Ahead

This does not mean that there is any less determination on the part of the Britons—only that the people are beginning to realize what this war may cost them. On every side are heard declarations that the country must be prepared for a long and exhausting struggle.

Thus far England has felt the war far less than any European nation engaged—probably less than Holland and Switzerland—but now, waiting for the issue of the battle and for the lists of killed and wounded, the English people understand all that it means.

Every boat from Belgium came crowded with impoverished refugees.
