VETERAN HORSEMAN TAKES BIG MONEY IN KENTUCKY—FIRST DAY'S RACING IS GOOD

Lexington, Ky., Oct. 5.—The victory of Frank G. Jones' Sparkle Watts, driven by the veteran "Pop" Geers in the \$5,000 two-year-old trotting feature of the program of the opening day of the Grand circuit meeting on the grounds of the Kentucky Horse Breeders' association here today. After losing the first heat to General French, Geers came back in the second and won in a driving finish, repeating in the third, a neck in front of Native Spirit.

Rhythm, owned by Senator David Tod of Youngstown, Ohio, won the \$3,000 Walnut Hall and \$500 gold cup in straight heats and her best time, 2:04 1/4 was a new record for the race.

COLLINS IS READY FOR GO WITH ALLARD

FIGHTER IS NOW IN HAMILTON GETTING IN TRIM—THERE'LL BE SEATS FOR WOMEN

Hamilton, Oct. 5.—(Special.)—Jack Collins, who will box 12 rounds with Art Allard at the Lucas Opera house Friday evening, arrived in Hamilton yesterday and has established training quarters in the opera house. Collins is in fine condition for his bout and has nothing to do but keep limbered up for his go Friday evening. Allard is expected here tomorrow of Wednesday.

Hern Weiss, one of the promoters for the fight, stated this noon that a section of seats will be reserved for women.

GOOD RACING IS DUE AT THE RAVALLI FAIR

Hamilton, Oct. 5.—(Special.)—With the arrival Tuesday of the special train of thoroughbred horses from Missoula everything will be in readiness for the opening of the races that will be run in connection with the Ravalli county fair.

Practically the same class of horses that have followed the Montana circuit through Butte, Anaconda, Deer Lodge, Helena and Missoula will be in evidence at the local track.

With this material a daily program of from three to four races will be insured. The colony of local riders, headed by South and Yerian, has already been reinforced by the arrival of Jockeys Mulligan, Donovan, Powell and Moore.

The wagering this year will be conducted entirely on the Paris Mutuel plan, the same system that proved so popular at the state fair in Helena, and the recent fair at Missoula.

ARMY-NAVY TROUBLE OVER GAME ON AGAIN

Washington, Oct. 5.—The controversy over the site of the annual army-navy football game which led Secretary Garrison to recommend that the game be abandoned, may be reopened in effort to decide upon a new plan agreeable to both factions.

Lieutenant Commander Fairfield of the naval academy, will confer with Secretary Daniels on the subject tomorrow and later Mr. Daniels will discuss it with Secretary Garrison.

Secretary Garrison said tonight he had taken no stand since recommending the abandonment of the game. It was said in official circles, however, that Lieutenant Commander Fairfield was prepared to lay before Secretary Daniels a proposal that the game be played in Philadelphia this year, in New York in 1915 and in Philadelphia in 1916. The plan was reported to be acceptable to West Point officials.

WHILE RUSSIANS CLAIM TO BE WINNERS IN BIG BATTLE IN EAST PRUSSIA

(Continued From Page One)

how slight, the troops making it must entrench themselves for protection against the shells from the enemy's guns posted in strong positions from one end of the line to the other.

The defeat of the German army which invaded Russia from East Prussia, appears from Russian accounts to have been even more decisive than previously stated.

According to the Russian ambassador at Rome, the Germans were completely routed with a loss of 70,000 men and have been forced to abandon everything.

The Russians are now moving forward with the object of again invading east Prussia. The victory, if it is as complete as reported, is of the greatest importance to the Russians, as it will prevent the Germans from undertaking land and sea operations which would have compelled Russia to turn at least a part of its attention in this direction.

General Rennkampf apparently drove a wedge between the two German forces, which were advancing upon Druseniki and Ossowetz and brought on the battle of Augustowo, which resulted in a Russian victory.

If the Germans have not already retired from the left bank of the Nieman river at Druseniki, their defeat at Augustowo must compel them to do so. The moral effect of another invasion of east Prussia will also be of importance.

No news has been received today from the Silesian and Galician battlefields and perhaps the main armies have not come together there. A big battle cannot be delayed much longer, however, as on their Silesian frontier both armies are moving forward and will meet in Russian Poland.

Before the Russian advance in Galicia the peasants are fleeing the country and it is reported that 20,000 of them have reached Bohemia.

The sanitary department of Vienna reports that four cases of Asiatic cholera have occurred among the troops returning from Galicia, but that all have been isolated.

At Antwerp the official reports say the situation in the fortified positions are unchanged.

Fighting continues also in the near east and the Anglo-French fleet has succeeded in destroying Laistika, an outer defense of the seaport of Cattaro.

While the Servians and Montenegrins are attacking the outer fortifications of Sarajevo, Belgrade, which has been so often under fire, has not been bombarded for several days, probably as a result of the reoccupation of Semlin by the Servians.

Skirmishes have occurred on the Anglo-German frontier in east Africa, as the result of German raids into British territory for the purpose of cutting the Uganda railway. All these raids, according to the British official report, have been repulsed.

POWOW ON PEACE IN MEXICO FIXED

Mexico City, Oct. 5.—The peace delegates who are to confer at Aguas Calientes with representatives of General Francisco Villa will leave here at 8 o'clock tomorrow evening. The convention voted to exclude civilians, but invited Luis Cabrera, General Carranza's agent, to go with the right to speak, but not to vote.

A resolution was adopted ordering that a message be sent to Jose Maria Maytorena, former governor of Sonora, requesting him to release all friends of General Carranza held as prisoners by him.

"KING" COLE GOES TO HELP "HURRY-UP"

FORMER FOOTBALL STAR RESIDENT OF BITTER ROOT WILL HELP YOST AT MICHIGAN

Stevensville, Oct. 5.—(Special.)—W. C. Cole, known in football circles as "King" Cole, expects to leave tomorrow for Ann Arbor, Mich., where he will assist Coach Yost in working out the Michigan team for the fall games.

The biggest game of the season will be held at Cambridge, Mass., with Harvard on October 31. The Pennsylvania game will be played at Ann Arbor, November 7, and the Cornell game at the same place on November 14.

"King" who has spent his summers here for several years, while managing an orchard tract near Stevensville is also a member of the Stevensville baseball club, and holds down the first sack on the team.

is going on in it, flat, and under cultivation. In many places it is boggy and there are scattered coal mines.

The allied armies are continually extending toward the north and bending eastward toward the Belgian frontier, thus compelling the Germans, in order to prevent the crumbling up of their main army, to move large forces from the center and so keep pace with the allies, whose position menaces the invaders along the whole line. The allies plan, it is thought, may compel the Germans to release the pressure on the Belgians.

French Move Rapidly The rapidity with which the French change positions is considered remarkable. Two entire divisions of the army marched nearly 30 miles Saturday and 28 miles Sunday. The Germans, however, by means of their aviators, who are continually flitting over the lines despite numerous casualties, discovered the movements and brought up reinforcements to meet them.

As the Germans occupy the inside of the circle they are able to reach an appointed spot with much shorter marches.

It was this that enabled them to force the advanced guards of the allies to cede a small amount of ground until further assistance came.

French Enthusiasm At one point on the allies' front a French regiment, after three days in the trenches, on being ordered to the rear for a rest, sent a petition through their colonel to the commanding general asking permission to remain until the German position facing them was taken.

This was granted and the men advanced, although they met with such a terrific fire from the machine guns that an advance of 300 yards took 8 hours, they captured the position and a number of prisoners.

Cavalry Raid French cavalry executed a daring raid back of the German lines, where they blew up a railroad tunnel and escaped before their presence was discovered.

British lancers and French troopers performed a brilliant exploit at another point. Cutting between the imperial guard and their artillery, ammunition train by a long, dashing ride, they cut off supplies, destroying them, so that the guards' big guns were rendered temporarily useless.

General Jean Bosseau of the French cavalry, died today of wounds.

Spies Trick Audacious espionage carried on by the Germans has caused the staff of the allies to deal severely with all strangers found within the lines.

When two curious Irishmen, who were arrested yesterday, had proved their identity to the satisfaction of the officers they were asked to go to the headquarters buildings, where an automobile was drawn up with two officers, apparently French sitting in the front seat. Behind them were two supposed gendarmes, with a manacled civilian between them. The staff officer said:

"This is the reason for our severity. These five men are German officers who were captured today near the firing line."

HARSH DOMINATION OF ROCKEFELLERS WEARIES HIM

New York, Oct. 5.—The resignation of Dr. William H. Allen as director of the bureau of municipal research was presented and accepted today at the annual meeting of the board of trustees. Dr. Allen's letter of resignation was sent from Madison, Wis., where he is directing the survey work of the University of Wisconsin. It indicated that he was dissatisfied with the present policy of the bureau and felt that it is dominated by the Rockefeller foundation which recently made a large contribution to it.

AMERICANS CAUGHT IN TURKEY IN WANT

Washington, Oct. 5.—Ambassador Morganthau at Constantinople has appealed to the state department for additional funds for the relief of Americans in the Ottoman empire. The recent deposit by this government of \$150,000 has been found inadequate.

Ambassadors Page and Herriek at London and Paris, respectively, were advised of the situation in an effort to make quickly available funds for Turkish distribution and steps were taken in that direction by treasury department officials.

ASTHMADOR GUARANTEED TO RELIEVE ASTHMA

"I have arranged with Missoula Drug Co. that every sufferer from Asthma, Hay Fever or Bronchial Asthma in Missoula can try my treatment entirely at my risk," Dr. Rudolph Schiffmann announces. He says: "Buy a 50-cent package of my Asthmador or Asthmador Cigarettes, try it, and if it does not afford you immediate relief, or if you do not find it the best remedy you have ever used, take it back to Missoula Drug Co. and they will return your money, cheerfully and without any question whatever. After seeing the grateful relief it has afforded, in hundreds of cases; which had been considered incurable, and which had been given up in despair, I know what it will do. I am so sure that it will do the same with others that I am not afraid to guarantee it will relieve instantaneously. The druggists handling Asthmador will return your money if you say so. You are to be the sole judge and under this positive guarantee, absolutely no risk is run in buying Asthmador."

Persons living elsewhere will be supplied under the same guarantee by their local druggist or direct by Dr. R. Schiffmann, St. Paul, Minn.—Adv.

HOMELESS, SO THEY BREAK INTO JAIL

Chicago, Oct. 5.—Thomas Bohmer and Roy Wells were fined in the municipal court today for having broken into the county jail Saturday night. They testified that they had no place to sleep and had forced their way into the jail reception room. A jail guard seized them and charged them with disorderly conduct.

THEY SEE THE PRESIDENT.

Washington, Oct. 5.—(Special.)—Mrs. Tyler B. Thompson of Missoula was introduced to the president by Representative Evans today. M. A. White of Hamilton, a banker, here on a visit with his wife, was introduced to the president by Representative Stout.

JUST AS WE'RE LEVYING A "WAR" TAX IMPORT BUSINESS STARTS PICKING UP

New York, Oct. 5.—Outward and visible signs that the import trade of the United States is rapidly picking up have been abundant about the custom-house in this city during the week just closed. Imports from Japan are apparently increasing, favored by war conditions; England's imports, while not up to the normal, continue extensive; some German goods are coming into New York; France is sending across seas some of her products; Switzerland, after a month of inactivity, has resumed exportations, and Holland, Norway and Sweden are sending considerable quantities of goods to America.

The labor situation in European countries at war, difficulties of financing commercial propositions and the difficulties of land transportation are the greatest factors against foreign commerce at the present time. None of the nations involved is denied the use of the seas by war circumstances, in the opinion of those best acquainted with the situation.

Germany is shipping her products in Dutch bottoms, out of Rotterdam and other ports of Holland. The Dutch vessels are great immigrant carriers and have not carried heavy cargoes in times of peace. This space is now available for German goods if the German merchants place them in Dutch territory for trans-shipment to the United States.

In the German room of the New York custom house, as to be seen great packages of glove leather, dyes, chemicals and big cases of crockery. These have been brought in Dutch vessels. It is expected that soon this avenue of trade will be more and more utilized by the German producers and merchants.

Switzerland has just begun again to export molybdenites. For more than a month not a single importation had previously been received from this source. France maintains a much smaller part of her trade with the United States than is normal, but there is confidence that her imports will increase steadily.

Great Britain keeps sending in her products of every variety. The British room at the custom-house is crowded with wares. The customs men, however, say that it will be some time before the quantity approaches normal. The greatest surprise is to be found in the Japanese room. The New York customs house, is receiving regularly large quantities of Japanese goods in bond shipped via the Pacific, through Vancouver and San Francisco, and consigned to New York dealers. Shipments almost as large are coming also by way of Europe, trans-shipped at Southampton, England. While the increase in Japanese imports is not estimable, it is recognized by the customs experts as marked.

A good sign is the great number of triplicate invoices being received from consuls abroad, representing imports in transit. These triplicate invoices, required by customs regulations, usually arrive ten days or a week ahead of the shipments. That they have increased is a positive sign that the imports of the near future will be increased.

Dutch ships usually carry only a quarter of the cargo that their cargo space would allow. They are confident that this space will be utilized for the shipment of products of Germany.

Looking over the shipping in New York harbor at the present time, it is found to be the expert opinion that there is no shortage in cargo space to carry the normal volume of imports. Of course, it is recognized that the apportionment of shipping would not meet the normal requirements; but there is a belief that imports can find a means of transportation to the United States from every country.

The customs experts hazard no statistical conjectures, qualifying their optimism with the knowledge that there is no basis but experience to indicate the trend of things, and that experience is not wise under existing conditions. Nevertheless, it seems to be the consensus of opinion that the outlook for the import trade is steadily growing brighter and that there is undoubtedly enough shipping plying the seas to American ports to carry the normal imports of the United States.

Warehouse withdrawals, which have represented a large part of customs receipts since the beginning of the war, are now beginning to fall off. Resumption of imports, it is expected, soon will compensate in large measure for this falling off in receipts from exhaustion of warehouse supplies.

GARMENT WORKERS SIGN TRUCE WAR CURRENT YEAR

THERE WILL BE NO STRIKES OR LOCKOUTS—SOME HOPE OF PERMANENT PEACE

New York, Oct. 5.—A truce of one year, during which there shall be no strikes or lockouts, has been agreed upon by representatives of the American Clothing Manufacturers' association, which largely controls the output of men's and boys' cheaper grades of clothing in this city and the local branch of the United Garment Workers of America, comprising unions to which approximately 100,000 workers belong.

The truce went into effect September 28, under a collective agreement, announcement of which was made tonight.

The calling of the truce is preliminary to what both sides hope will be a permanent agreement under which there would be no strikes or lockouts in the future.

JACK DILLON WINS DECISION AFTER 10 ROUNDS

Kansas City, Oct. 5.—After 10 fast rounds Jack Dillon, heavyweight of Indianapolis, was awarded the referee's decision over Jim Flynn, the Pueblo fireman here tonight. Dillon placed more blows than the Colorado fighter. There were no knockdowns and no round was distinctive, both fighters mixing throughout.

Corn Comes Off as Easy as You Please?

"Gets-It" Being Used by Millions. It is the first time that a real, sure-as-fate corn cure has ever been discovered. "GETS-IT" is the new corn-

ender, based on an entirely new principle. It is a new, different formula, never successfully imitated. It makes corns shrivel and then vanish. Two drops do the work. You don't bundle up your toe any more with sticky tape and plaster that press down on the poor corn—no more flesh-eating salves that don't "stay put," no more hacking at corns with knives or razors, no more bleeding or danger of blood poison. No more limping around for days with sore corns, no more corn pains.

"GETS-IT" is now the biggest selling corn cure in the world. Use it on any hard or soft corn, wart, callus or bunion. Tonight's night.

"GETS-IT" is sold by druggists everywhere, 25 cents a bottle, or sent direct by E. Lawrence & Co., Chicago.

"GETS-IT" is sold in Missoula by Geo. Heisler, Adv.
