INCREASED EXPORT SALES IN WHEAT CAUSE RISE

HOGS ARE LOWER AND SALES HEAVY—DAYS RANGE IN CHICAGO.

Chicago, Oct. 13.—Liberal export sales of wheat, especially at Kansas City, acted as more than an offset today for a decided increase shown by the United States visible supply.

NEW YORK CHANGE TO STAY CLOSED SOME TIME

NO SIGN OF EARLY RESUMPTION THERE—THE FREIGHT RATE DECISION AWAITED

New York, Oct. 13.—In response to demands from all parts of the country concerning the prospects for the establishment of official quotations on securities and the probable time of reopening of the New York stock exchange, the exchange ruled today that it would permit dealings among members in listed, guaranteed stocks at price concessions, but that in all probability no quotations would be given officially until the stock market resumed operations.

Rate Case.

It was said generally in the financial district that more depended upon the outcome of the application of the eastern railroads for a freight rate increase than any other factor excepting perhaps the duration of the European war.

In the view of Wall street, the existing railroad situation has passed beyond the question of valuation of railroad holdings and has become merged with every phase of business. This is the view which is to be presented to the interstate commerce commission when railroads next week again state their case in Washington.

Should the increase be granted, it is said a long step will have been taken toward re-establishment of normal conditions and it would naturally lead to the opening of the exchange.

BOSS POTATOES GROW IN BITTER ROOT VALLEY

Hamilton, Oct. 13.—(Special.)—Potato growers are swarming into Hamilton daily with amazing stories. Saturday P. E. Gage, who is tilling a big section of the Bitter Root stock farm, started the ball rolling Saturday when he took two potatoes of 8.75 pounds. One tuber weighed 4.5 pounds while the other was 4.25. Both were smooth and nicely shaped.

Yesterday Charles Barnes brought a sack to the Missoula Light & Water company's office in this city which has been inspected by large crowds since. Bigger potatoes have been grown in the Bitter Root valley, but it is doubtful if a sack of bigger potatoes was ever produced in this locality. They are beauties. Barnes stated yesterday that part of the sack would be sent to M. L. Dean of Missoula, who, it is understood, is making a collection for the Panama exposition. Barnes' potatoes were grown on ground belonging to the Missoula Light & Water company, near the Skalkaho reservoir.

CHRISTMAS CHIMES COMPLETE FIGURES ARE RINGING ALREADY

PLANS FOR MUNICIPAL TREE IN PREPARATION BY GOOD FOLK OF HAMILTON

Hamilton, Oct. 13.—(Special.)—The Hamilton Music club at its regular rehearsal last evening started plans for a municipal Christmas tree to be held in the city park across from the Ravalli hotel in December. W. N. Hasler, who presided over the business meeting held by the club last evening, appointed a committee composed of Mrs. J. T. Edwards, Mrs. D. C. Anson and Mrs. Grant Shelhammer, to induce the Women's club of Hamilton to take the arrangements in charge.

The music club will furnish the music for the occasion, if the scheme is carried out. Municipal Christmas trees are yearly held in such cities as Minneapolis, and it was pointed out last evening that the climate here would not forbid such a tree. Arrangements can be made for the tree and in case of inclement weather the exercises could be held in some hall.

WERE BIG FEATURES' OF RECENT FAIR

Hamilton, Oct. 13.—(Special.)—No contest at the county fair last week created more excitement than did the milking contest. Mrs. Margaret Daly offered premiums amounting to \$100 for the four cows giving the most butter fat during the four days of the fair. This was divided into prizes of \$50, \$25 and \$10, with the condition that the cows must be kept and milked at the fair grounds. The contest brought in entries for the test, which was under the supervision of Frank C. Stevens. The milk from each cow was weighed morning and night and then tested for butter fat at the Hamilton creamery.

Jennie, a Holstein belonging to John Kallaber, won first honor with 8.8 pounds of butter fat for the four days, which is worth in the market today \$2.64. A cow belonging to Ernest Butcher took second with 6.82 pounds of butter fat. Walker & McKillop's entry took third with 6.00 pounds, while R. H. Barr's cow took fourth with 6.29 pounds.

then forced a disclosure of the names of the guilty men.
