

JAPS TAKE SHIPS WHICH BEAT BRITISH, SAYS RUMOR LIVESTOCK SHIPMENTS IN MONTANA ARE FORBIDDEN

ALL LIVESTOCK SHIPMENTS WITHIN STATE FORBIDDEN

QUARANTINE PROCLAMATION BY GOV. STEWART — INSPECTION ORDER ISSUED — ONLY ONE CASE DISCOVERED AT GLENDIVE

Washington, Nov. 7.—(Special)—A report received today by the department of agriculture states that one case of foot and mouth disease has been discovered at Glendive, Mont., among a carload of cattle recently shipped from Chicago.

Helena, Mont., Nov. 7.—Governor Stewart today issued a quarantine proclamation prohibiting the shipping into the state of livestock of every description or the movement of livestock within the state until loaded through stockyards under the supervision of federal or state inspectors.

Springfield, Ill., Nov. 7.—All cattle, sheep and hogs in the state of Illinois that have been in any way in contact with the Union stock yards of Chicago were tonight ordered placed under quarantine by Governor Dunne.

SUFFRAGE IS LAW COMPENSATION BEATEN

CONSOLIDATION ALSO SEEMS TO HAVE BEEN REJECTED BY PEOPLE OF MONTANA

Butte, Nov. 7.—Returns from seven out of 39 counties and from more than 50 per cent of outstanding precincts, show the defeat of workmen's compensation initiative, which now is behind 1,171 votes, with incoming returns piling up the majority against it.

Woman's suffrage amendment and the farm loan initiative act are the only measures submitted to the people to pass. Suffrage will have a majority for it of around 3,500. Boxing is killed by a heavy vote.

Helena, Nov. 7.—The farm loan bill has been taken off the statute books and the bill for an increase in the tax levy has been defeated.

This much can be safely predicted on the returns so far received, and, if figures obtained by W. D. Rankin as president of the State Men's League for Equal Suffrage, are reliable, suffrage has been carried in Montana by as large a majority as 3,500.

The Montana Advancement association asserts compensation is defeated; returns on consolidation are coming in slowly, but they indicate that measure has also been defeated.

The official count will be required

MOUNT ETNA SHOWS ERUPTIVE SIGNS

Catania, Sicily, via Rome, Nov. 7.—Mount Etna is again showing signs of unrest. Rumbblings may be heard in the interior of the volcano and this is accompanied by the emission of great quantities of smoke. These phenomena are being connected with the earthquake felt near Messina today and the eruption of Mount Vesuvius.

FRENCH FIRE ON PSEUDO LADIES AND BOOTS APPEAR UNDER SKIRTS OF FLYING GERMANS

Paris, Nov. 7.—One of the latest of the German ruses is to disguise themselves as women. In this garb, German soldiers recently went out to gather potatoes in a field near Senones, while in the neighborhood of Trics

This includes all cattle purchased from the stockyard since October 1.

At Chicago Yards. Chicago, Nov. 7.—Disinfecting at the Chicago Union stockyards, which suspended business on account of the hog and mouth disease, continued today in the expectation that the place would be in a thoroughly sanitary condition by the middle of next week.

Among Prize Cattle. A few more new cases developed today among prize cattle recently exhibited at the National Dairy Show here. About 30 out of 800 prize bulls and cows were condemned, but were not killed.

The owners, who value the cattle at several million dollars, appealed to the department of agriculture at Washington that special efforts be made to save the stock. A plan was devised to isolate the infected stock and subject it to special treatment for experimental purposes.

VILLA BOOTED MAN INTO MEXICAN PRESIDENCY

THREATENED TO KILL GUTIERREZ IF HE REFUSED TO TAKE THE PLACE

Los Angeles, Nov. 7.—Adolfo Carrillo, Carranza representative here, said he had received from Mexico City today an official telegram stating that Eulhalio Gutierrez, provisional president of Mexico, accepted office at the hands of the Aguas Calientes convention only on pain of his life. A copy of the telegram reads:

"General Villa openly threatened to have him shot if he failed to accept office." The message further states that before the convention chose Gutierrez, Villa had asked four other generals to accept the office. These were Aguirre Benavides, Alvaro Obregon, Manuel Chao and Ramon Madero.

Hill Stands Firm. Douglas, Ariz., Nov. 7.—General Benjamin Hill, Carranza's military leader in Sonora, summarily discharged Julio Madero, his delegate to the Aguas Calientes convention, because Madero pledged Hill's support to General Gutierrez as provisional president of Mexico. According to Hill, Agua Prieta headquarters, which announced today Hill's action, Madero wired his principal that he believed the convention would save Mexico from future dictators. In reply Hill reaffirmed his unwillingness to recognize any one save Carranza and discharged Madero.

OUR WARTIME SANTA CLAUS

SWIFT-MOVING RUSSIANS ADVANCING TO PRUSSIAN FRONTIER VICTORIOUS

WAR THE CROSSED, WARTA OCCUPIED, CLAIM CZAR'S MEN—FIGHTING IN WEST STILL FRUITLESS—RUSSIA AND TURKEY

London, Nov. 7.—With the exception of Tsing Tau, the most significant report from any of the battle fronts today, and the most welcome from the allies' point of view, is that the Russian armies besides driving Austria back in Galicia, have reached the Warthe river, in Russian Poland, and established themselves on the East Prussian frontier.

In fact, a Berlin official report says some Russian cavalry crossed the Warthe, but were driven back. To this the Russian report adds that the town of Warthe, on the Warthe river, in Poland, has been occupied.

The Russians, too, are responsible for the report that they have defeated the Germans near Mlaw, in Poland, just across the East Prussian boundary, and at Lyck, in East Prussia.

Military observers here say the Russians have followed the retreating Germans at a very much faster pace than was anticipated, and that if they are in force, they may be able to prevent the Germans from taking their new positions on the Warthe and compel them to fall back to the Silesian border.

Despite all this, reports persist that the Germans are sending large numbers of their troops, who have been fighting in Poland, westward to oppose the allies in France and Belgium. That they would do this with enormous Russian forces threatening their own richest territory, military men here say seems highly improbable, unless the Germans are satisfied that a small force can prevent the Russians from entering Silesia and East Prussia.

either here or further south must be found, if the Germans are to attain their ambition of reaching the French coast.

Elsewhere along the line the usual attacks or counter attacks have been delivered, with success first to one and then to the other side, but without making any material change in the situation.

Things are moving slowly in the near east, so far as is known here. The only news from there today concerns the bombardment of the ports of Zamsuddiak and Kuzulu, on the Asia Minor coast of Turkey by a Russian fleet and the sinking of several Turkish transports. It is also said that the Russians have occupied the entire region to the northeast of Ezerum, in Asia Minor. Russia is said to be finding useful allies in the Armenians, who at last see a hope of being rid of Turkish rule.

There is no change in the political situation in the Balkans, none of the present neutral states having made any move. It is said, however, that agitation has been renewed in Rumania for the participation of that country in the war on the side of the allies.

No announcement has been made concerning the amount of booty the allies obtained through the surrender of Tsing Tau, but it is believed that the Germans destroyed everything possible before capitulating. When the siege began, in the port were one German cruiser, four gunboats and three destroyers, the Austrian cruiser Kaiserin Elisabeth, five German merchantmen and several prizes the Germans had taken. Of these vessels, one destroyer ran ashore and was captured, and it is believed the Austrian cruiser was blown up.

FRENCH PROFS, SITTING AS CENSORS, HALT DISPATCHES WHEN STYLE IS DEFECTIVE

Paris, Oct. 30.—(Correspondence of the Associated Press).—Censors at the war office are being recruited from professors of languages at French universities. Force of habit is so strong with these improvised officials, that it is sometimes hard for them to realize they are on sterner duty than correcting recitation papers. All Bordeaux was amused when it was reported that a telegram transmitting a news dispatch from the battle front was stopped on the sole ground that it contained defects of style.

DUTCH CORRESPONDENTS GET TO FRONT DECLARE THE GERMANS ARE RETREATING

Roosemond, Nov. 7.—A Belgian, who under cover of darkness, managed to cross the frontier at an unguarded point, and reached this city, declares that Antwerp and other Belgian towns are very lightly guarded. Every available soldier, he says, apparently has been called to the front. Ghent, Bruges, Antwerp, Brussels and Louvain are rapidly filling up with an ever-increasing number of wounded soldiers.

Lewistown, Nov. 7.—(Special).—A former minister, James Zachary, today shot Matthew Hill, a Finlander, residing near Winnifred, according to reports which were received here tonight. GERMAN CRUISERS CAPTURED BY JAPANESE, SAYS A RUMOR

BUT IT IS WITHOUT CONFIRMATION, ALTHOUGH TOKIO ANNOUNCES THAT BATTLE IN PACIFIC WITH GERMAN WARSHIPS IS IMMINENT

TURKISH ARMENIAN POSITION TAKEN BY RUSSIANS

Petrograd, Nov. 7.—The following official communication has been received from the Russian general staff in Caucasia: "Our troops on November 6, after a fierce battle, seized the Turkish position on Koprkeni (in Turkish Armenia, 30 miles east of Erzerum), a naturally strong position and well fortified. The position covers the route to Erzerum. Our troops continue to pursue the defeated enemy."

at coast towns brought replies that no report of an engagement had reached them.

Battle Imminent. Tokio, Nov. 7.—A well authenticated report is in circulation here to the effect that the Japanese admiralty has received information that a battle in the Pacific between the Japanese and German fleets is impending. No indication has been given as to the present whereabouts of either the Japanese or the German men of war.

Rumor Will Not Down. Vague rumors of the capture of the cruisers Scharnhorst and Gneisenau have been persistent since October 31, when a dispatch to London from Sydney, N. S. W., said they had been taken as a result of the failure of their coal supply.

Friday a Tokio rumor, coming by way of London, fixed the time of the alleged capture as Saturday, October 31, but failed to designate the place, saying merely that the cruisers were coaling when surprised. This obviously was wrong, as the engagement in which the British squadron was defeated and in which the Gneisenau and Scharnhorst took part was fought the following day. The last tidings of the cruisers were that after coaling at Valparaiso they put to sea last Wednesday.

MILLIONS STARVING IN BELGIUM STILL

"We have no information from Belgium," said an official at the legation today, "except that six to seven millions of our people are starving. But the progress of the relief work indicated in our records and from the press dispatches, make us feel that the situation is slowly improving."

AUSTRIAN CAVALRY CUT DOWN BY COSSACKS

ROUT CLAIMED BY RUSSIA AND AUSTRO-GERMAN LOSSES ARE 30,000 MEN

Rome, Nov. 7.—Official communications from the Russian army headquarters state that the Austro-German reverses in Galicia and Russian Poland are being augmented daily by the fugitive troops communicating panic to the reserves.

The Austro-Hungary cavalry forces are depicted as being in an especially pitiful condition. A part of this force it is said was massacred by the Cossacks; the remainder being routed and pursued in utmost confusion.

The Austro-German casualties are said to aggregate over 30,000 men in dead and prisoners. The Russians also claim to have captured 200 cannons.
