NEW HAVEN RAILWAY SECURES TIME ON BIG LOAN

SYNDICATE OF BANKERS EXTEND \$10,000,000-NOTE ISSUE TO APRIL OF NEXT YEAR

New York, Nov. 7.—A \$10,000,000 New Haven railroad note option, which expired October 29, has been extended to April 29 of next year.

The syndicate of bankers involved in the transaction comprises J. P. Morgan & Co., the First National bank of New York, the National City bank of New York, Kidder, Peabody & Co. and Lee, Higginson & Co.

This option was taken by the bankers at the time they underwrote notes issued May 1 last, to the amount of \$6,000,000 one-year 5s by the New Haven and the Harlem River & Port Chester railroad, and of \$20,000,000 three-year 6s by the New England Navigation company.

In commenting upon the disposal of this option, a prominent official of the New Haven says:

"In regard to the arrangement between the New Haven and a group of bankers, under which it was agreed to take, within six months from April 29, 1914, \$1,000,000 of one-year 6 per cent notes of the New Haven without collateral:

"The company has managed its affairs so that it was not necessary to sell any of these notes within the six months period. By mutual agreement between the group of bankers and the company the agreement on the part of the bankers to take \$10,000,000 of one-year 6 per cent notes has been extended until April 29, 1915.

"In regard to the collateral back of the Navigation company notes:

"It is provided in the collateral trust agreement that if any of this collateral had to be delivered to trustees under a decree of the federal court, certificates of beneficial interest should be furnished by the trustees to take the place of the collateral."

Remarkable Cure for Croup.

"Last winter when my little boy had croup I got him a bottle of Chamberlain's Cough Remedy. I honestly believe it saved his life," writes Mrs. J. B. Cook, Indiana, Pa. "It cut the phlegm and relieved his coughing spells. I am most grateful for what this remedy has done for him." For sale by all dealers.—Adv.

GREAT NORTHERN WILL USE BRIDGE WITH SOO LINE

Schafer, N. D., Nov. 7.—The Soo and Great Northern railroads, it is reported here, have reached an agreement concerning the construction of a single bridge across the Missouri river, which will accommodate the two roads on their extensions into McKenzie county.

If this is true, the bridge will be built about due east of Plaza and will change materially the plan of the Great Northern, which had contemplated building a line somewhat to the south of the Soo. The agreement would swing the Great Northern line northward and the roads would run parallel to each other a short distance.

The Soo railroad already has its line laid practically to the Missouri river, but the Great Northern can easily make the change.

E. D. STERLING IS IN MISSOULA AT WORK

MAN TO FILL THE PLACE OF EARL BAIRD AT NORTHERN PACIFIC LIKES CITY

E. D. Sterling of Mandan, who comes to the Northern Pacific office in Missoula to fill the vacancy made by the transfer of Earl Baird to Spokane, has arrived and yesterday took up his duties here.

Mr. Sterling is an experienced ticket-office man, having been for 12 years in the Northern Pacific ticket office in Mandan. He has been in the employ of the Northern Pacific Railway company for the past 17 years. Mr. Sterling was accompanied to Missoula by his brother, C. D. Sterling, Northern Pacific agent at Helena.

This is the first time that Mr. Sterling has been in western Montana and he became a booster almost immediately upon his arrival in Missoula.

"I like Missoula already," said Mr. Sterling yesterday. "I have not seen much of your town as yet, but I plan to become acquainted with all of it at the first opportunity. I know that I am going to like it here. This is one of the prettiest and best laid out cities that I have ever visited and from what I have seen I believe all that is claimed for its climate. I am pleased to make my home here."

Mr. Sterling plans to bring his family here in a short time. He is still a young man for all his experience in the railroad business and he fits in well with the Northern Pacific corps here, known for its courtesy and efficiency.

IMPRESSIVE FUNERAL IS HELD FOR INFANT

Many friends attended the funeral of James Finnetrock, infant son of Mr. and Mrs. Oscar Finnetrock, which was held yesterday morning at the family residence, 1107 Sherwood street. Rev. Harold Griffin conducted a simple and beautiful service. A quartet of young ladies from the choir of the Christian church sang appropriate hymns. Flowers in profusion covered the little casket. An especially beautiful cluster was sent by the ladies' auxiliary to the Brotherhood of Railway Trainmen.

Interment was in Missoula cemetery.

"THE MIKADO"

When De Wolf Hopper received his customary curtain call at the end of the first act last night, he did not recite "Casey at the Bat," his old favorite. But he did make a talk that kept the house in an uproar—not because of what he said, understand, but because he said it the Hopper way. Supported by a fairly well-balanced cast, the popular actor presented "The Mikado" at the Missoula theater last night before a fair-sized audience. Because the piece is old and the star is not as young as he once was, are not reasons sufficient to serve as an excuse for a poor audience when they come to Missoula. Neither has lost anything by having grown mature, and Missoula's opportunities to witness productions of this stamp are all too limited. But those who were at the theater last night warmed up to the company splendidly and thoroughly enjoyed both the music and the "lines" of "The Mikado." There were some splendid voices in the cast, which numbered more than 50 people. The work of Arthur Cunningham, as the Mikado, Arthur Aldridge, Gladys Caldwell, Anabel Jourdan and Maud Mordant was especially pleasing.

TRAINMAN MEETS DEATH, HIT BY ENGINE

E. E. LEINBAUGH OF RIO GRANDE, WELLKNOWN THROUGHOUT UTAH, FALLS UNDER TRAIN

Salt Lake, Nov. 7.—E. E. Leinbaugh, trainmaster of the mountain district of the Denver & Rio Grande railroad and one of the most popular officials on the line, was struck and instantly killed by helper engine No. 1211 on train No. 6, at Detour, just east of Thistle, at 11:08 yesterday morning. Though Mr. Leinbaugh's official headquarters were in Helper, he resided at the Midgley apartments in Salt Lake. The body was brought to Salt Lake on train No. 6.

According to reports made by the crews on No. 6 and other eyewitnesses, when the train had slowed down to a speed of about 12 miles an hour, Mr. Leinbaugh alighted, lost his footing in the soft gravel and fell foul of the track. He was struck in the back of the head by the spring of the rear tank truck of engine No. 1211 and by the pilot of the following engine. A physician on the train made a hurried examination and announced that death had been instantaneous.
