

**COMMISSION MANAGER
PLAN BILL IS SIGNED**

Stewart Also Puts Signature to Bill Enforcing Prohibition Law.

MARRIAGE LICENSE \$2

Bill for Acceptance of Federal Aid in Vocational Training O. K.'d.

Helena, March 5.—Exclusive of the bills approved today by Governor S. V. Stewart, there remain in his hands less than 20 to be acted upon. He has 15 days after the assembly adjourns in which to pass upon bills, but must either approve or veto them. They cannot become laws without his approval, as is the case with measures transmitted to him while the assembly is in session.

The following bills were approved today:

S. B. 110, by Whiteside—Appropriating \$10,000 for a dormitory and other buildings at State Soldiers' home.

S. B. 75, by Annin—To provide for the enforcement of prohibition.

S. B. 143, by Roberts—Establishing normal and junior college courses in high schools.

S. B. 164, by Whiteside—Providing for acceptance by the state of provisions of the federal act giving aid to vocational training, and authorizing state board of education to establish courses in any schools of the state.

S. B. 86, by Working—Amending law relating to fees of clerk of district court and providing a fee of \$2 for marriage licenses.

H. B. 135, by Kehoe—Providing for the commission-manager plan of government for cities.

H. B. 167, by Harmon—Creating Lewis and Clark memorial commission and providing for erection of bronze monuments at Great Falls and Three Forks.

**DAVIS WILL PLEAD
TO CHARGES TODAY**

John Davis was arraigned before Judge Asa L. Duncan yesterday to answer to the charge of burglary. Davis refused to plead without first consulting an attorney and he was given until 1:30 o'clock today in which to formulate his plea. Davis was arrested more than a week ago, within seven hours of his discharge from the state penitentiary, on the charge of burglarizing a section house on the Milwaukee street. The laborers living in the house state that they caught him leaving through a window with a suitcase full of loot in his possession.

**"AEROPLANE HAT"
AT FLORIDA RESORT**

Mrs. Frank C. Henderson at Palm Beach.

Mrs. Frank C. Henderson of New York showed society folks at Palm Beach a few new creations which may soon become popular at the great winter resort. The "aeroplane" bonnet with a ribbon tied tastefully around and the beautiful handbag, flower-shaped, handsomely embroidered, caused many glances of admiration to fall Mrs. Henderson's way. Her gown also was distinctive. The large embroidered flowers made the dress a picturesque affair.

**TOWN OR INDIVIDUAL
WANTS TO COME HERE**

"Walden, Colorado," Is Name Affixed to Letter to Dud Richards.

EAGER TO EMIGRATE

"If You Have Eny Thing Let Me Here From You," Is Statement.

Walden, Colorado, wants to move to Missoula, according to a letter received by Secretary D. D. Richards of the "Chamber of Commerce." As the writer generously signs the name of the town to his letter, and nothing else, Secretary Richards has been forced to the conclusion that a thriving Colorado community is going to pull its stakes and head for the Garden City and the banana belt. The epistle, which is written on the letterhead of the county commissioners of Jackson county, Colorado, announces the intention of the writer to move to a lower altitude, preferably Montana. He or it wants to get a grain and stock farm with some timber on it, but the signature affixed to the letter leaves it to the secretary to figure out whether the whole town is coming, or whether one of the county commissioners, having met defeat at the last election, has decided to emigrate.

The letter follows, verbatim: "Chambers of Commerce, Missoula, Mont.

"I am Writing to You in Regard to Lands in Your County I would Like Very Much to Here From You in Regard to The Chance To Lease Improved Farms Or To Buy Land On The Crop Payment Plan I Am Compelled To Move To A Lower Altitude And Hav' Made Up My Mind To Come To Mont I Am An Eastern Man And Farmer And Expert Horse Men Would Want A Good Place 160 Acres Or More Grain Or Grain And Stock Farm Can Give The Best Of Reference And Would Want To Lease For 2, Or More Years If I Should Lease If I Can Buy On The Crop Payment Plan Will Want A Good Place The Better The Price The Better It Will Sute Me The Price Want Make Much Difference If The Land Is Good And Lays Right I Would Like To Get Clost To School And Timber Or Get Land With Some Timber I Have Two friends Here That Are Talking Of Coming To Mont And If They Do We Could Handle a Good Big Place If You Hav Eny Thing Let Me Here From You Resp Yours,

"Walden Colorado."

**JUSTICE OF PEACE
MARRIES TWO PAIRS**

Two marriages were performed in Justice of the Peace Phil Gagnon's court early yesterday morning. Miss Lillie B. Tremain of Seattle and Frank J. Williamson of Darby, and Miss Clara Strausser and James H. Couets of Butte were the principals. Margaret Cox of Roman and Bernard Smyth of Jersey City, N. J., obtained a marriage license from the clerk of court yesterday.

**GUM CHEWING STOPS
COURT PROCEEDINGS**

Chicago, March 5.—Gum chewing on the part of 200 striking garment workers stopped court proceedings today. The girls were before Circuit Judge Baldwin on charges of violating picketing injunctions. Each girl was busy masticating, with an occasional sound not unlike the popping of a cork. Judge Baldwin halted proceedings and said this chewing gum contest will have to cease before we proceed further.

WOMAN TOLD TO LEAVE.

Hazel Hall, formerly of Missoula's red-light district, was fined \$50 yesterday in police court for violating the rooming house ordinance. Sentence was suspended upon the promise of the woman to leave Missoula within 24 hours. Ralph Miller, arrested with her, was fined \$50. This is the first time since the closing of the line that a former inmate of the resorts has been convicted of violating the rooming house ordinance.

RATES TO SOZEMAN.

The local ticket office of the Northern Pacific has received notification of a fare and a third rate for the use of basketball fans attending the state tournament at Bozeman March 7 to 10. The rate is made on the certificate plan, full fare being charged if less than 100 persons take advantage of the offer. The sale of tickets opened today and will continue until March 9.

LENTZ TO HAMILTON.

District Judge Theodore Lentz and Court Reporter Lynde Catlin left yesterday for Hamilton, where the judge will sit for the completion of unfinished court business in Ravalli county. It is expected that Judge Lentz will be gone several days.

**MONTANA MAY SUPPLY
ARTISTS' TURPENTINE**

Material Now Available Only in Europe May Exist in This State.

TESTS TO BE MADE

Forest Service to Tap Larches in Montana Woods and Refine Sap.

Harry Knowlton, in charge of the office of products of the forest service, will leave in a few days on an extended trip through the Flathead, the Missoula and the Blackfoot forests, for the purpose of ascertaining if it would be possible to obtain Venetian turpentine from the western larch in these forests. At the present time all the Venetian turpentine used in this country is imported from southern Europe, where it is extracted from the sap of the European larch. The ingredient is very extensively used in art work, and its increase in price has kept pace with the rapid advance of all other commodities imported from foreign countries.

It is believed that it will be possible to use the sap of western larch for the manufacture of the turpentine, and after examining the areas, 100 larch trees in each of the three forests will be selected and tapped. After the trees have been tapped, the hole will be plugged and then the gum which forms will be collected, and refined into turpentine.

If it is found possible to use the gum from the western larch in making this grade of turpentine, it is likely that a small industry of this character will be established in the state. Many thousands of pounds are used yearly, and as it is a high-priced article, it is thought that the manufacture would be profitable.

**SWEDISH MINISTRY
OFFERS RESIGNATION**

London, March 5.—The Swedish ministry resigned today, according to Reuter's Stockholm correspondent. At the request of King Gustav, however, the ministers consented to remain in office in the hope of composing the crisis.

The Swedish government was defeated Saturday in a joint ballot of the two chambers on its request for the appropriation of 30,000,000 crowns to be used in preserving Sweden's neutrality. There was a joint majority of 13 against the government.

UNCONSCIOUS 43 DAYS.

Kansas City, Mo., March 5.—After being unconscious more than 43 days as the result of injuries received in a motor accident, Mrs. Clayborne P. Randolph of Los Angeles, regained consciousness, partially, today at a hospital in this city. She is now believed to be recovering.

VILLA HAS PNEUMONIA?

El Paso, March 5.—Carranza consul officials here received a report today that Francisco Villa was struck on the chest by a small piece of shrapnel shell during the battle of Jimenez and that the wound had resulted in double pneumonia.

**BRITISH PRESS KIND
TO WILSON'S SPEECH**

In Marked Contrast to Attitude of Some Papers in the Past Noted.

INSPIRING TO ENTENTE

"Has Proved He Can Act With Promptness"—Did Well With Congress.

London, March 6.—President Wilson's inaugural address and his statements in reference to the obstructive tactics employed in the senate fill an important part of the news columns of the morning papers and are commented on with general sympathy for the president's difficulties in the present crisis. The situation is compared to that in which Lincoln delivered his second inaugural address.

The universally appreciative references to the president today offer a remarkable contrast to some which have appeared in certain quarters of the British press in the past. The Post sees a triumph for President Wilson in the readiness of a great majority of congress to confer the power which he asks.

"President Wilson has proven that with all his tact and caution he can act with instant resolution when occasion requires."

Inspiration to Entente.

The Express says that the president's call to his fellow countrymen is an inspiration to the entente allies; and the Times, while expressing approbation of President Wilson's definition of the things for which America stands, things nevertheless that "gloriate as they are they need a great deal of definition and expansion before they can serve even in outline as the foundations of a practical world policy."

Referring to President Wilson's confidence that the nation will walk in the light if true to itself, the Times says:

"Those who are indeed true to themselves must be true in more than words."

Much comment is devoted to President Wilson's reiteration of the view that Americans are unable any longer to remain aloof from the rest of the world. The Daily News says in regard to this:

Break With Past.

President Wilson has abandoned as no previous president has ever done, the exclusively national outlook that has been for 130 years the most sacred canon of American political thought. Even now it is only a handful of clear-sighted politicians led by the president himself, who realize how complete the break with the past must be.

**BLAMES MEXICAN
MUDDLE ON U. S.**

The Hague, Via London, March 5.—The Hamburger Nachrichten, which treats the revelation of the German plot as a truly American political maneuver by President Wilson to get a majority of congress to favor the arming of merchantmen, attempts on the ground of community of interest to justify Germany's endeavor to secure a new ally in Mexico for the disturbed condition of which country it blames American machinations.

**MISSOULA BOY HEADED
COMPANY AT INAUGURAL**

Herbert Anderson Commanded Cadet Division in Parade Yesterday.

PREPARE FOR WORST

Routine Work Stopped at Annapolis; Books and Maps Guarded.

Herbert Anderson, a Missoula boy who is a member of the graduating class at the United States Naval academy, was in command of the Twelfth company of naval cadets in the parade which was held in connection with the inaugural ceremonies at Washington yesterday.

General routine study at the naval academy has been dropped, says Anderson in a letter to his parents, and urgent preparations are being made to have the cadets ready for active service in case of necessity. All books, plans, maps and other documents used by the cadets in their studies are kept locked up when not in actual use, so that there is no possibility of any government secrets "leaking" out.

Anderson says that it is the general belief at the academy that his class will be allowed to graduate before the regular time, as they may be needed in active service.

Herbert Anderson is the son of Mr. and Mrs. E. W. Anderson of this city.

**CO-EDS ORGANIZE
BASEBALL LEAGUE**

Following the windup of the girls' basketball season, those co-eds who are athletically inclined are turning their attention to the indoor baseball league which will be organized this week. It is undecided whether the teams will be chosen as last year, one from each fraternity, the dormitory and the town, or whether they will be selected from classes or arbitrarily.

**SUBMARINE FIRED ON
AMERICAN OIL SHIP**

Newport News, Va., March 5.—In addition to demanding four barrels of cylinder oil, the German submarine commander who fired on the American steamer West We Go off Fastnet, January 31, ordered the steamer's captain to dump his entire \$1,000,000 oil cargo overboard or take the consequences, according to the story told here today by Captain McCoy.

The captain said that after securing the cylinder oil and delivering an ultimatum calling for destruction of the remainder of the cargo before the following morning, the submarine commander returned to his vessel, submerged and was not seen again. Meanwhile the West We Go had proceeded on her way. She arrived in Hampton Roads yesterday.

Captain McCoy confirmed the previous story that the submarine, the U-45, fired five shots at the steamer before boarding her. None of them hit.

**WORK RELIEF FROM
CONSTIPATION**

Get Dr. Edwards' Olive Tablets
That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 15c and 25c per box. All druggists.
