

OF INTEREST TO WOMEN

SURGICAL DRESSINGS STARTED FOR FRANCE

Patriotic Association Ships Three Boxes, Containing 3,155 Pieces.

OUTSIDERS HELP A LOT

Victor, St. Ignatius and Dixon Contribute Heavily to Shipment.

The Women's Patriotic association of Missoula yesterday packed and sent to New York by express three more boxes containing a total of 3,155 surgical dressings. These boxes will go from New York immediately to France, as the receiving depots in New York are emptied of their contents without delay or cost.

Of the 3,155 dressings the Women's Patriotic associations of Victor, St. Ignatius and Dixon most generously contributed the following number of articles: Victor, 790; St. Ignatius, 616; Dixon, 164.

As we are now an ally of the entente in every sense, it is our duty to keep our allies supplied with the necessary fighting equipment. Surgical dressings are certainly one of the most important items for this need. The women of Missoula and surrounding towns are doing their share to meet this exigency by giving so generously of their time and skill, but there is need still for greater sacrifices and redoubled efforts in view of the prolongation of the war, America's active participation in it and the constant increase of suffering and privation.

They are now guests in the home of Mr. and Mrs. Shaughnessy near Desmet. Mr. Peat will go next week to Calgary, where his brother, Arthur Peat, is located north of Medicine Hat.

Norman Elmer Carter, son of Elmer J. Carter of this city, passed through Missoula upon his way from Seattle to the Harvard Radio school at Boston. The young man has been appointed to army service and goes directly for training. A large number of former schoolmates of Mr. Carter assembled at the railway station for a short visit, while the train stopped.

SEEK ORGANIZATION OF UNION AT BUTTE

(Continued From Page One)

Federation of Miners, have been organized.

Other Unions Employed.

Mr. Donoghue was unable to say if the employing companies of Butte would recognize a union of miners championed by the present recognized labor bodies of Butte. Four thousand organized men of other trades than miners are employed by the mining companies and the miners alone are unorganized.

All mines in Butte are working, but with short shifts, and it is currently reported that at least 3,000 men did not work today. Many were kept away from the mines by threats of harm from members of the Metal Mine Workers' union. One miner, who refused to heed the threat, was badly beaten, and medical attention was given to him.

Two Women Arrested.

Two women were among those arrested for distributing circulars of the Metal Mine Workers calling on the miners of Butte to organize and strike.

The Metal Mine Workers held a meeting late today and decided to hold their mass meeting tomorrow. The committee of the union announced that additional members were obtained.

Serbs on Police Force.

Twelve Serbians were added to the police force tonight at the request of a local Serb committee. The committee advised the chief of police that Serbians wanted to work to show their loyalty to the United States, but that they needed protection from alleged members of the new union. The Serbians police were held at police headquarters for special duty. Joseph Shannon, who was prominent in labor troubles here three years ago, was arrested tonight charged with second degree assault. It is alleged that Shannon hit with a brick a miner who refused to quit working in the mines.

SPECIAL TRAINING IS TO BE BEGUN TODAY

Washington, June 15.—After a month's preliminary work, the applicants for war army commissions under training at the 16 officers' camps throughout the country will be distributed tomorrow among the various branches of the service and reorganized into infantry companies, cavalry troops and artillery batteries for specialized training, until new candidates for commissions in all branched have been trained as infantrymen.

Since commanding officers of the training camps were authorized to detail student officers to aviation schools 150 men a week have been sent out from various camps to the six flying schools. Orders have also been issued to appoint not more than 150 men from each training regiment for duty as quartermasters, and not more than 50 men from each regiment for assignment to truck companies.

SCOUTS DO GOOD WORK.

New York, June 15.—The 238,000 boy scouts who engaged in a three day house-to-house bond selling campaign reported to the national headquarters here tonight subscriptions of \$9,734,800 from approximately 100,000 individuals.

MANY WOMEN AID WORK OF PATRIOTIC LEAGUES

Red Cross and Army and Navy Organization Increasing Product.

LEND-A-HAND HELPS

Church Society Votes to Hold Regular Meeting at Headquarters.

In numbers from 10 to 75, the patriotic women of Missoula are assembling at the upper rooms of the chamber of commerce building, to work for the Red Cross society and the Army and Navy League. A busy and fascinating scene it is, with cutting, folding, sewing and knitting in progress, the workers too busy to chatter. Shelves of cases with glass doors are heaped high with finished products to be sent to the national headquarters for placement among the soldiers who need them most. Among the finished products are 12 suits of pajamas, 12 operating gowns, 25 dozen slings, 20 fracture pillows, 20 dozen bandages, hot water bag covers, compresses, sponges, gauze packs, operating room stockings, hospital slippers, bed slippers for soldiers, masks and caps for surgeons in hospitals, night shirts for the hospital patients.

The Lend-a-Hand society of the Methodist church has voted to hold its next session at the Red Cross rooms, a work session. Mrs. Fuller addressed the members of the society, at its meeting this week, telling of the Red Cross work, and Mrs. William Reid addressed the same organization upon the work of the navy league.

An especially interesting feature of the work done for the navy league, is the fact that the articles made here, wool sweaters, helmets, mufflers, wristlets and socks, knit by Missoula women, all go to the armored cruiser, Montana. There are 900 men on this ship and the commander remembers to give Montana men the Montana gifts.

RED CROSS COMMITTEE DRAFTS FINAL PLANS

Arrangements Made for Campaign Thought County Next Week.

Plans for the work of the Red Cross in this county outside of the city were discussed at a conference last night between F. A. Sileo, head of the campaign in Missoula county and the committee that are to assist in the work. The detailed plans and the committees which are to execute them will be announced in tomorrow morning's paper. Yesterday the executive committee and campaign management of the Red Cross campaign, which will begin next week, requested the aid of the clergymen of the city in "furthering the campaign, asking that they speak of the Red Cross fund from the pulpit tomorrow, arousing their congregations to the importance of the movement.

The campaign will be conducted under the slogan, "We Must Be Ready to Believe," which was adopted as the official rallying cry of the campaign. Early Monday morning the campaign will begin in the larger towns of the county, with a campaign manager in charge of the work at each place under the supervision of the general manager.

A mass meeting will be held at each town, and at this meeting which will be led by an experienced Red Cross worker, organization for the work on hand will be effected.

SERBIAN HERO ENLISTS UNDER ADOPTED FLAG

Alex Dapceovich, Veteran of Bloody Campaign, Joins Americans.

FROM BUTTE MINES

Despite Previous Wounds, Veteran Couldn't Withstand Summons.

"It's hell over there. I saw the worst of it, and I know. But I've got two countries to fight for now, and I'm going back."

So said Alex Dapceovich, young veteran of the Serbian army, after he had passed his examinations at the recruiting station here last night.

Served 26 Months.

Dapceovich saw 26 months of service with the Serbian army against the Germans and Austrians. He fought all through the bitter campaign in which the gallant Serbians were pounded backward by superior forces which laid waste their land and oppressed their people. Finally he was wounded and honorably discharged.

New American Soldier.

He had gone to the front from America, where he had spent many years. After his release from the hospital he came back, and went to work in Butte as a miner. Shortly after he had declared his intention of becoming an American citizen, the United States entered the war. Dapceovich enlisted under his new flag. With the American army he hopes to have a share in avenging his native country's sorry fate.

He left Missoula last night for Vancouver barracks, where he will enter the Forty-Fourth infantry, which is to be sent to France as soon as it is recruited to war strength.

Schrage Gives Banquet.

With Dapceovich were Niko H. Alek-sich, a countryman, William Barry and Leslie Sanger. Sanger is a son of Peter Sanger, chief of the fire department in Butte for many years. The party was entertained at a banquet last night in the Grand Pacific hotel by Charles Schrage, the proprietor.

"Believe me, we appreciate what Mr. Charley did for us," said Dapceovich. "If we come back to Missoula, we won't forget how well we were treated here."

AMERICAN TANK SHIP MORENI SUNK BY SUB

(Continued from Page One.)

Department's Statement.

"The vessel was first fired upon at an estimated distance of 8,000 yards at 4 o'clock. The steamer, which was armed and carried a gun crew, returned the shots and attempted to escape. There was a light breeze and smooth sea. The submarine was hardly visible. After 150 shots in reply to some 200 shots fired by the vessel which was all ablaze, taking to the lifeboats in a fiery sea.

Four Loss Lives.

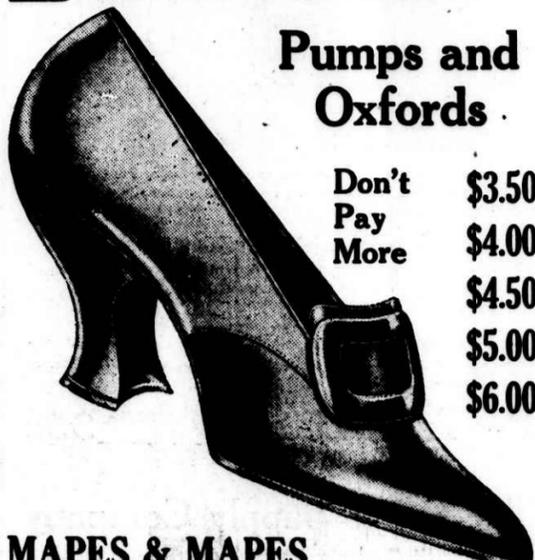

"An oiler, Edward Cunningham, of Brooklyn, was drowned while escaping to a boat. Wireless Operator G. Curran, Jr., of New York died of heart failure in the lifeboat, and one seaman, E. Moustner, was injured by gun fire and died in a lifeboat. Fireman A. Geissert also died of wounds. These last two were treated by the surgeon of the submarine.

The German submarine captain congratulated the American crew upon the splendid fight he had made.

"Half an hour after the vessel was sunk the crew was picked up by a passing steamer. Forty-three of the original crew of 47 were landed. Six of these were slightly hurt and placed in a hospital. All the gunners were saved."
