

### GUNMAN DIES OF HURT RECEIVED IN BATTLE

Carlos Clark, Highwayman, Succumbs to Wounds Given by Burks.

### FIRED AT POLICEMAN

Dead Man Attacked Special Officer, but Button Deflected Bullet.

Carlos or Carl O. Clark, a highwayman who was shot by Special Officer Burks in a pistol duel Thursday night, died at St. Patrick's hospital at 6 o'clock yesterday morning. Death was caused by a bullet which penetrated the groin just below the right hip. Physicians who performed an autopsy on the body were unable to locate the bullet, but traced its course into the left side of the body and then downwards. It is believed that the slug of lead is lodged in the upper part of the left leg.

**Showed Stoicism.**  
The doctors marvel at the endurance of Clark, who lived for 30 hours after being shot, and walked around considerably Friday. The bullet smashed its way through his intestines, cutting them to pieces and causing internal hemorrhages.

**Third Wound Found.**  
A wound hitherto unrevealed was found during the autopsy. When Moore first saw Clark, his attention was attracted because of his limp, but this was attributed to the wound in the groin. Yesterday the physicians found a wound in the instep of the left foot, which caused the limp. As Clark was also hit in the chest, each of the three shots fired by Burks took effect.

**Was Butte Miner.**  
Clark refused to give any information concerning himself, and even refused the services of a priest. He was about 36 years old, 5 feet 7 inches tall, and weighed about 200 pounds. A card showing he was admitted to membership in the Metal Mine Workers' union in Butte, which was formed last month, on June 23, was found on him.

Coroner Abbon Lucy has announced that an inquest over Clark's remains will be held at 7:30 Monday evening.

**Berger Was I. W. W.**  
Investigation of the case of Mike Berger, lumberjack who died Friday as the result of wounds sustained in a holdup, revealed nothing that could throw any more light on the case. Berger was arrested by the city authorities for drunkenness last month, and was in jail from June 26 to June 30. Until he was arrested he had lodged at the Western hotel, but after he was released all trace of him was lost. When arrested, he carried an I. W. W. card, and \$4.95 in silver in his pockets. It is said that he had announced his intention of leaving for the Blackfoot country to go back to work on Thursday.

A fracture of the skull, as big as a half-dollar, two inches above the left ear, was the cause of death. The blow causing the fracture was apparently struck from behind with great force and it is certain that the injury could not have been caused accidentally. Coroner Lucy will not hold an inquest, he announced yesterday. No relatives of the dead man have been located as yet.

### SCULLY SENTENCED TO STATE PRISON

William Scully, found guilty of burglary by a jury in department No. 1 of the district court Friday, was sentenced to from three to six years in the state penitentiary by Judge Duncan yesterday. He was taken to Deer Lodge by Sheriff Green yesterday afternoon, and will begin to serve his sentence at once. Scully broke into the Stephenson warehouse on the south side some weeks ago, and stole quantities of provisions.

The case against James Lowney, who was accused of being Scully's partner in the robbery, was dismissed yesterday on the motion of the county attorney. Lack of sufficient evidence to convict was given as cause for the motion.

### HONORS WON BY U. S. AMBULANCE SECTION

Paris, July 7.—The entire ambulance section of the American field service sent to France by Leland Stanford university last February is cited by General Mangin today in orders to the division.

The citation of the section is made for its having given constantly since its arrival at the front an example of courage and profound devotion, and especially at Verdun and at Moronville, in pushing up to the battle lines under bombardment to carry away the wounded.

### Drafted?

Butte Brokers Claim to Have Secured Numbers.

News of the first draft of numbers for selective conscription has "leaked," according to the Anaconda Standard, which prints a list of numbers said to have been secured by an eastern brokerage company and telegraphed to Butte. Twelve numbers are given, meaning that 12 men in each precinct are to be called out. Such a draft would yield about 1,200,000. The numbers, according to this story, are 56, 61, 11, 17, 62, 67, 97, 100, 111, 125, 145 and 146.

### Corvallis Men Picked.

Corvallis, July 7.—(Special.)—According to the numbers printed in the Anaconda Standard this morning, the following Corvallis men have been selected for conscriptive service in Uncle Sam's army: T. L. Morris, druggist; Arthur Hauf, farmer, and O. M. Bryan, automobile salesman. These men are anxiously awaiting official notification of their draft.

### TO TRANSFER EIGHT OF MILWAUKEE MEN

Eight of the force at present employed at the Milwaukee division headquarters here will be transferred to Deer Lodge to the new division headquarters there within a week, according to J. J. Murphy, superintendent of the Rocky Mountain division, who is in Missoula making arrangements for the transfer. Chief Clerk Harry Nelson, with three assistants, and Chief Dispatcher George Hill, with three dispatchers, will be the men who will leave the city, when the consolidation is effected.

Mr. Murphy states that the transfer of the headquarters from Missoula and Three Forks to Deer Lodge is being made in order that the operating efficiency of the road may be increased, through the location of the headquarters at a central point.

### PENNSYLVANIA MAN WILL LECTURE HERE

The first week in the second half of the summer school session at the State University is to be Montana-Pennsylvania week. Professor L. W. Raaper of the department of education, State college, Pennsylvania, will speak July 11 in the assembly hall. Two members of the State University faculty are to give talks Thursday, July 12, Dean A. L. Stone of the department of journalism, at 11 o'clock in the morning and Professor Carl Holliday of the English department at 4 in the afternoon.

Community singing under the direction of Professor Dykema will be held as usual Monday evening at 7 o'clock on the campus at the south entrance of Main hall.

### SOCIALISTS APPROVE PARTY'S WAR STAND

Chicago, July 7.—Members of the Socialist party in the United States have approved by an overwhelming majority the statement of the party's attitude toward the war with Germany, submitted by the majority of the committee on war and militarism, appointed by the St. Louis convention last April. The party's executive committee meeting here today announced that the vote in favor of the majority proclamation was 21,639 to 2,752.

The Socialist party, according to the referendum, opposes the entrance of the United States into the war, but advocates the application of Socialistic doctrines to war measures.

### SINCLAIR PLEASED WITH NEW COUNTRY

"Western Montana is a beautiful country, and I'm glad it has been added to the Great Western's field," said Burke H. Sinclair, publicity manager for the Great Western Sugar company, after an automobile ride through the valleys about Missoula yesterday. Mr. Sinclair is making his first visit to the Missoula plant of the company.

"I think the beet farmers are going to have a good year," he said. "The late spring frightened people for a while, but the crops seem to be growing well now."

### SCULLY BABY DIES.

The sympathy of their many friends is extended to Mr and Mrs. F. X. P. Scully in the death of a son at birth. Mrs. Scully is doing well at the Parker hospital. The baby was born Friday afternoon. Funeral services were held Saturday at Marquette undertaking rooms. Rev. H. S. Gately of the Church of the Holy Spirit officiating. Burial was in the Missoula cemetery.

### GREENAN TELLS BOARD OF PLANS FOR DRAFT

Instructions Received Here Say Exemptions Are in Two Classes.

### DIVIDED AUTHORITY

District Tribunals to Judge "Occupational Claims"; Locals Others.

An explanation of the procedure to be followed by the county boards which are to pass on claims of exemption from military service under the draft laws is given in the copy of rules and regulations governing exemption boards which has been received by the Missoula board from Adjutant General Greenan of Helena. In the regulations provisions are made for two boards of registration, local and district.

The local boards will pass on all exemptions claimed except those based upon industrial or occupational grounds. The Missoula county exemption board consists of Sheriff James T. Green, County Clerk Babington, and one other, probably the county physician, Dr. E. F. Conyngham. The board has not been organized as yet, but it is expected it will meet tomorrow for that purpose.

**Industrial Claims to District.**  
Claims of exemption of persons engaged in industries, including agriculture, found to be necessary to the maintenance of national interests dur-

ing the emergency of war will be considered exclusively by the state board or the district boards.

Provision is made for appeals from rulings of the local boards to the higher boards, and appeal cannot only be taken by persons who are held for draft, but may also be taken by representatives of the provost marshal general's office from rulings exempting certain persons.

Names of men held for military service are to be certified to the adjutant general by the district boards; he shall then by mail notify the man drafted that he has been selected and shall order him to report for military service in person at a specified time and place, to be fixed by the adjutant general of the United States army.

From the time specified in the notice each man shall be deemed to be in the military service. If he fails to appear he can be arrested as a deserter.

The man who claims exemption because of dependents will have to furnish affidavits showing that the income from which dependents received such support "was mainly the fruit of his mental or physical labor, and was not an income mainly derived from property or other sources, independent of his mental and physical labor." He must also show the independent income of the dependents and his statements must be corroborated by affidavits of other persons.

The man who claims occupational exemption must show "he cannot be replaced by another person without direct substantial material loss and detriment to the adequate and effective operation of the enterprise in which he is engaged." The condition of the labor supply is to be considered by the district boards in passing upon these claims.

A new project of American engineers is a giant canal 250 miles long to connect the Arctic ocean and the Baltic sea, extending from Kandalaska on the White sea to Tornea near the Swedish frontier on the Gulf of Finland. The cost is estimated at \$150,000,000.

### MERCANTILE COMPANY URGES CARE OF CROP

Letter to Shippers Warns of Car Shortage.

"Necessity demands that every farmer should immediately take steps to provide storage facilities on his own premises in the way of granaries, hay sheds, cellars or root houses that will house his crops until such time as transportation to market can be provided without delay."

This is the argument on which the Missoula Mercantile company bases a letter which was sent out yesterday by O. C. Garlington of the traffic department to all branch houses of the company. The letter follows announcement by the Northern Pacific railroad that it probably will be unable to handle the great amount of shipping which will come with the fall harvest.

"Since the railroads," reads the letter, "will be compelled to give government freight priority rights, which we must concede to be eminently proper under the present circumstances, it behooves each and every shipper to show his loyalty by taking steps to avoid congestion and consequent loss when the crop movement begins, which is now near at hand."

"The eyes of the world are watching the progress of the United States in the world war, and our success on the battlefields of Europe will be measured in the highest degree by the unselfish support and co-operation of every true American citizen, and the greatest possible use of every facility at our command, of which the item of transportation is one of the most important."

"I have been somewhat costive, but Doan's Regulets gave just the results desired. They act mildly and regulate the bowels perfectly."—George B. Krause, 306 Walnut Ave, Altoona, Pa.—Adv.

### Friends Search Trace of Baily; Fear Violence

Police Asked to Aid in Hunt for a Tall, Stooped, Grayed Man.

Bert Baily, a laborer living at the Montana hotel, has been missing since Thursday, according to friends who asked the police to search for him yesterday.

Foul play is feared, as Baily, when last seen at the Montana hotel, announced his intention of going to the bank and drawing out some money he had there. It is thought that he might have been slugged and robbed during the evening, and for this reason the aid of the police has been invoked. Investigation, however, has revealed the fact that Baily did not draw out any money from any bank in this city on the fifth.

Baily is 55 years old and is about six feet tall, but walks stooped. His hair is turning gray and when last seen he had a two weeks beard on his face. He is dark-complexioned and has brown eyes. He was wearing a pair of bib-overalls, a blue shirt, a brown vest, brown hat and tan shoes when last seen.

### GIRLS GET IN TRIM.

Washington.—The Campfire Girls, 94,445 strong, have adopted a program which they think will put them in condition to go on to the battlefield and fight, if necessary. They have pledged themselves to walk 100 miles a month, to study food values and conservation; they are making gardens, doing their own hoeing and spading, and they are learning Red Cross work in all its various departments.

### INSANITY PATIENTS FILL COUNTY JAIL

Sheriff Kept Busy by Three Supposed Maniacs.

The Missoula county jail took on the aspect of an insane asylum yesterday, when Charles Noble, Patrick Ward and a girl recorded as Jennie Doe on the police blotter, but said to be Mrs. J. Trimble of Wallace, were placed there for safe-keeping. Noble and Ward were taken to Warm Springs after having been adjudged insane by Judge A. L. Duncan, while the case of the girl will be investigated later.

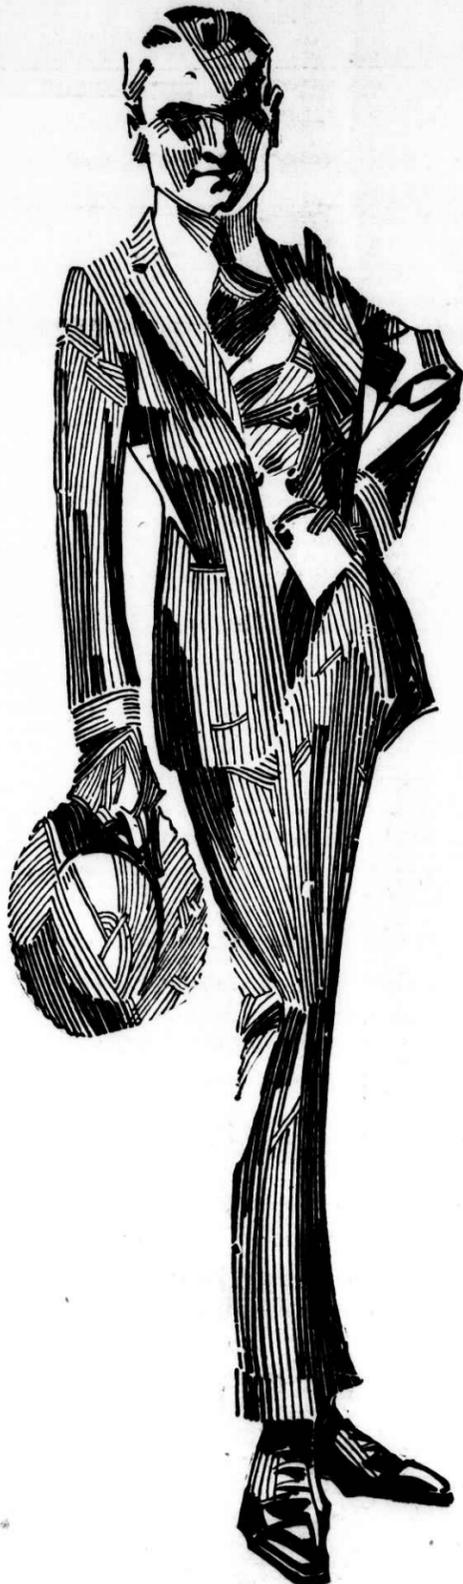

Jennie Doe, or Mrs. Trimble, was taken into custody at the Missoula hotel yesterday morning. She did not show any violence until she was taken to her cell by Deputy Hughes, the jailer. Then she suddenly attacked him, and scratched his face badly, and nearly bit the end of his thumb off. Stern measures were necessary in order to restrain the crazed woman from injuring herself and others. Drink has had a great deal to do with her affliction, the officers say.

Charles Noble, who lives near Missoula, is said to have been in continual fear of violence at the hands of soldiers. He hid in the brush near the city for several days, and when found claimed that some soldiers were attempting to shoot him. Noble is 42 years old.

Patrick Ward, a railroad section hand from Paradise, 65 years old, was found to be suffering from delusions of persecution. He imagined that a gunman was on his trail continually. Drink is the cause of his delusions, it is believed.

### PARENTS OF DAUGHTER.

Born to Mr. and Mrs. A. E. Townsend, 1151 Van Buren, yesterday afternoon, a daughter.

# Summer Clearance Sale

OF OUR

Men's and Young Men's

# A. B. Kirschbaum Suits

Choice of our entire stock of suits—Blacks and Blues excluded—at the following sale prices:

- \$30.00 Suits \$23.75
- \$25.00 Suits \$19.75
- \$27.50 Suits \$21.75
- \$22.50 Suits \$17.75
- \$20.00 Suits \$15.75

ALTERATIONS CHARGED AT COST

The increased prices in clothing has been something terrific, but with our very close business relations with A. B. Kirschbaum, the largest manufacturers of high-grade clothing in the world, we are in a position to give our customary summer clearance sale of clothing—a fact which the retailer in a regular way, without any extraordinary wholesale connections like we have, cannot successfully give you a legitimate clearance sale of his new stock of clothing under the prevailing advancing prices.

"The Clothing and Shoe Store of the Town"

**Barney's**  
FASHION SHOP

"If It Comes From Barney's It Must Be Good"

### Summer Complaint?

Yes, it's inflammation of the delicate membranes lining the bowels. The food you have eaten has fermented, made the membranes sore, and they get worse with every meal.

**Improve Your Digestion**  
**Clear Up Inflammation**

When your system is in shape again, you will not be subject to such attacks. Feruna aids digestion, corrects acidity, and allays inflammation of the membranes. These three will remove your trouble, let you eat with comfort, and restore your strength.

The verdict of the users is the best proof. We have thousands of grateful letters from sick people made well. Profit by their experience.

Liquid or tablet form—whichever is more convenient.

The Feruna Company, Columbus, Ohio
