

ASK MISSOULA COUNTY FOR \$575,000 OF LOAN

F. S. Lusk, District Chairman, Announces Quotas of Section.

PARSONS LOCAL HEAD

Attorney Placed in Charge of Liberty Campaign in City.

Allotments for the counties of western Montana for the second Liberty loan campaign which will start within a few days was announced yesterday by Frank S. Lusk, chairman of the district.

The allotment for Missoula county has been placed at \$575,000; Ravalli county, \$265,000; Sanders county, \$150,000; Mineral county, \$70,000; and Granite county, \$120,000.

County Chairmen.

The county chairman for the counties of this district are: H. H. Parsons, Missoula; E. L. Johnson, Sanders; Samuel Boyd, Mineral; W. O. Fisk, Ravalli; J. R. Featherman, Granite.

"The second campaign promises to be successful because of the splendid organization that has been perfected throughout the state," said Mr. Lusk, yesterday. "Missoula county will want to raise its allotment and I am sure that if families would each take out a \$100 bond the business houses in the county would make up the remaining sum."

Mrs. Smith Recommends Chamberlain's Tablets.

"I have had more or less stomach trouble for eight or ten years," writes Mrs. G. H. Smith, Brewerton, N. Y. "When suffering from attacks of indigestion and heaviness after eating, one or two of Chamberlain's Tablets have always relieved me. I have also found them a pleasant laxative." These tablets tone up the stomach and enable it to perform its functions naturally. If you are troubled with indigestion give them a trial, get well and stay well.—Adv.

Jail and Fine for Taking Liquor Upon Reservation

A jail sentence of 60 days, a \$100 fine and the cost of the trial was imposed upon John G. Decker, who was found guilty of importing liquor into the Flathead reservation yesterday by Judge Bourquin and a federal court jury.

A stay of execution to the convicted man was granted by Judge Bourquin until November 12, upon the appeal of Decker's attorney.

The jury hearing the case of Henry Ashley, who was tried Saturday on a similar charge, found him not guilty. He was released.

Schools to Rehearse Fire Drilling Today

Missoula, as well as all the state, will observe "Fire Prevention" day today, when the pupils in all the city schools will practice fire drills. Mayor Wilkinson, Fire Chief Loffness and the school instructors will be present to watch the drill work.

"Fire Prevention" day is the anniversary of the great Chicago fire in 1871 and is commemorated throughout the country. Governor Sam V. Stewart has issued a proclamation that the day be observed throughout the state.

Dandruff Surely Destroys the Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.—Adv.

RUSS OIL MEN TO STRIKE.

Petrograd, Oct. 8.—Delegates of the workmen at all the oil wells in Bakou have proclaimed a general strike for Wednesday because the employers have refused demands of the men that they shall not discharge workmen without consent of the trades unions.

Missoula Women Receive Thanks From War Front

French Workers Appreciate Bandages Shipped Out From Here.

The Missoula Woman's Patriotic association is in receipt of an official letter from Paris, gratefully acknowledging the arrival of boxes from Missoula containing comfort pillows, slings, gloves, bandages, compresses, gauze rolls, pads and slippers. Written with a pen, at the end of the official acknowledgement, is a personal message from Isabel L. Lattin, who says to the Missoula workers: "We are so glad to have received these, as the wounded are pouring in from the Verdun front and all the field hospitals are filling up in that section. The burns from the new gases are terrible, the nurses even suffering when caring for the men who have been laid low by them, so invidious is their effect. This is reported to me by one of our workers who has just returned from the Meuse, where she visited the evacuation hospitals."

SPLENDID PROGRAM BY MISSOULA BAND

Descriptive Selection to Feature Concert Tonight.

At 7:30 this evening music lovers of Missoula will gather on the courthouse square to hear a splendid program that is to be rendered by the Missoula band.

The feature of the concert will be the suite in four parts, a descriptive selection of the lost continent of Atlantis, a mythical country mentioned in Plato's history that extended across the Atlantic ocean from Europe to Yucatan, of which the Azore Islands are all that now remains above water. This great composition was written by Saffrank, and includes the "Nocturnal and Morning Hymn of Praise," "A Court Function," "I Love Thee" and "Destruction of Atlantis."

Other selections on the program are an overture by Zimmerman entitled "Abilard and Heloise," the "Broken Idol," by Van Alstyne, a one-step, "So-Loving Mother," also written by Van Alstyne, and a march, "The Cavalry Soldier," by Brackenshire.

Daughter of Old-Timer Visits Missoula Pioneer

Miss Sallie Anderson left last evening for Lewistown, after being a week the guest of Mr. and Mrs. Granville Stuart in their home on Eddy avenue. Miss Anderson is a daughter of one of the most famous pioneers of Montana, Resin Anderson, who was with Granville Stuart when he discovered gold in Montana. She is also a successful ranchwoman and breeder of cattle in Fergus county. At the death of her father, she took over the management of his large ranch and she has now one of the finest herds of Holstein dairy cattle in the state. Miss Anderson attended with Mr. and Mrs. Stuart the dedication of the Mills monument at Gold Creek.

BAKER PRAISES SPIRIT AMERICAN BUSINESS MEN

Sees a Stronger and Greater Democracy for Service of Sacrifice.

ARMY IS WONDERFUL

Declares American Forces Will Be Second to None When on Field.

Harrisburg, Pa., Oct. 8.—Secretary of War Baker, addressing the annual meeting of the Harrisburg chamber of commerce, tonight declared that the manner in which the business men of the country had supported the national government in its supreme emergency of war was making "a stronger nation, a greater democracy and a greater hope for mankind." The secretary said he wanted the business men to know that he was proud to pay tribute and that the nation would become a wonderful world factor for peace after the war.

"I believe that under the example of America we will be able to make arrangements that war will give place to the virtues of peace for many years to come," said the secretary.

Army of 1,300,000.

The national guard and the military resources of the state had formed, with the regulars and West Point, a nucleus of a fighting force that before long will number over 1,300,000 men. Secretary Baker pointed out, and said that "when our army takes its place abroad it will be armed as well as any and better than most." He said that for every soldier abroad now there were five rifles in France and every regular and national guardsman at home has a rifle while the stream of rifles, now 100,000 a month, will soon be 200,000.

The young man in the army, said Mr. Baker, will be surrounded by safer conditions than ever known through adoption of "the wholesome spirit of the youth of America."

"We are making a wonderful army. We are making it by American processes. We are going to have a very, very low sick rate," said the secretary. The speaker declared there was no doubt that America was next on the German program and said, "we must win the war or admit democracy a failure."

Grandson at Centenary of Ancestor's Church

James Dunham is at Fredericksburg, Ohio, this week, representing his parents, Mr. and Mrs. S. L. Dunham of this city, at the celebration of the one hundredth anniversary of the First Presbyterian church of Fredericksburg. It is a co-incidence that just 100 years ago Mr. Dunham's grandfather organized the church in the home of Mrs. Dunham's grandfather. Both families have been continuously represented in the membership. Mrs. Dunham's brother and Mr. Dunham's brother being both now members of the official board of the church.

The early bird may gobble the worm, but it doesn't look like a square deal for the worm.

Eight Volunteer as County Sends Men to Training

Recruiting Station Enlists Double Quartet During Send-Off Day.

While 78 drafted soldiers of Missoula were marching to the train for American Lake yesterday, eight new Sam Houston soldiers in various departments of the regular army at the local recruiting station.

Harry H. Beck, Frank Jackson and George and Albert LeDean, all of Missoula, joined the Twentieth Engineers (Forestry); Elmer Wanamaker, also of Missoula, enlisted with the Twenty-fifth Engineers (Construction), and Carlos J. Cox of Blaine and Max M. Magee of Twin Bridges preferred the quartermaster corps. A new member of the ordinance department is Reece J. McGee of St. Paul.

A coincidence may be noted in the fact that 11 men were enlisted at the Missoula recruiting office upon the day of the last departure of drafted men. Orders were received here yesterday from Captain Kelso, in charge of the Spokane recruiting district, that no further enlistments may be accepted by the twenty-first Engineers (Railway), that was organized at Rockford, Illinois. The orders add, however, that qualified applicants who have already been accepted may be enlisted.

Parker Inspects Pasture Land in Missoula Forest

Rutledge Parker, supervisor of the Missoula forest, went yesterday upon a trip of inspection over the grazing land of the forest. This is about the close of the season upon the high ranges where snow comes early. There have been about 5,000 head of stock on these ranges this season, more than usual because new pastures have been opened and because an effort is being made to keep up the stock supply of the country to meet the added demand in Europe. Of the 5,000 head of stock, about 25 per cent have been cattle, and the rest horses with a very few sheep. Mr. Parker will spend a week upon this inspection.

CONTRACTOR SUES PERRY C. SPARKS

Nash Says Man Got Too Much Money for Work.

For the payment of \$312.75 and an amount of interest at 8 per cent, G. H. Nash, a Missoula construction contractor, brought suit against Perry C. Sparks, another contractor, in the district court yesterday.

Nash alleges that he secured the grading contract for improvement district No. 14, on Cedar street, and that by verbal contract it was agreed that Sparks should do the work according to the plans of the city engineer, and that Nash should pay the defendant at the rate of 75 cents a cubic yard for the grading work; the yardage to be based upon the estimate of the engineer.

Sparks proceeded to do the work, according to the complaint, and Nash alleges that he advanced at different times sums of money amounting to \$1,515, with the understanding that final settlement should be made after the estimate was taken.

After the estimate, continues the complaint, it was found that the tract to be graded covered 1,707 cubic yards, and that Sparks had been paid in advance for the grading of 2,020 cubic yards, which was 313 yards in excess of the engineer's estimate.

Nash asserts that he overpaid Sparks \$234.75, and that alterations in the grading which he afterward made, cost him \$78 more; therefore, he is suing, through his attorney, A. J. Violette, for the payment of \$312.75, interest at 8 per cent a year from October 9, 1912, and the cost of the suit.

City Night School Opens for Work This Evening

This evening at 7 o'clock will be held the first of the classes for adults at the manual training building of the city schools. There are already 24 names enrolled for the work in cooking, sewing and manual training, which will be taught by Mrs. Summer, Miss Pellens and L. C. Ennis. Tuesday and Thursday evenings at 7 o'clock, are the appointed times of meeting and the manual training building is the place.

CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Look, Mother! If Tongue Is Coated Give "California Syrup of Figs."

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."—Adv.

Torturing eczema spreads its burning area every day: Doan's Ointment quickly stops its spreading, instantly relieves the itching, cures it permanently. At any drug store.—Adv.

Don't Trifle With Blood Disorders, But Get Rid of Them Quickly

Cleanse the System of All Impurities. Watch your blood supply closely, be ever on the alert lest some impurity creep in which will make inroads upon your general health.

For upon the condition of your blood depends largely whether or not you are to enjoy that robust and splendid vitality to which you are entitled.

Some of the most painful and serious ailments are diseases of the blood, which could be avoided by alert and prompt attention. Rheumatism comes from a tiny germ which gets its foothold when the blood supply is impure and run down.

Catarh is another disease which science has shown is more easily contracted when the blood is in an im-

poverished and disordered state. There are numerous other diseases which are due solely to an impure condition of the blood.

Can you not see, therefore, the importance of taking a blood purifier, so as to avoid these diseases? Just give the system a thorough cleansing with S. S. S., that sterling blood remedy, and you will be in position to enjoy the blessings of good health.

S. S. S. has been on the market for more than fifty years and is sold by druggists everywhere. Demand S. S. S. and don't take a substitute. Free medical advice will be gladly given about your own case if you will write to our medical director, Address Swift Specific Co., 150 A, Swift Laboratory, Atlanta, Ga.—Adv.

ONE SPOONFUL DOES THE WORK OF TWO SPOONFULS OF MOST OTHER BAKING POWDERS

Other baking powder manufacturers may SAY what you can save. We SHOW you. We prove it. You can actually see the savings:

That's why housewives, educated in baking economy, insist on using

CALUMET BAKING POWDER

For instance—one spoonful of Calumet will positively do the work of two spoonfuls of most other kinds. You use only a level teaspoonful to a cup of flour. With other brands you must use twice as much. You use the smallest amount of Calumet because you get the greatest gas strength. Besides—Calumet never fails—stops all bake-day losses—reduces bills for baking ingredients. The great savings of Calumet are shown in these results.

Order a can today—try it. Prove for yourself the truth of these statements.

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.
