ABOUT TOWN.

NOTICE.

Owing to the complete demoralization of the town of Granite through the closing down of its mines and mills in consequence of the low price of silver, the Granite Mountain Star has been compelled to suspend publication until after congress meets in August, when it hopes to resume. The MAIL will be sent to all subscribers of the Star who have paid their subscriptions ahead. If the paper does not reach you drop a postal card to THE MAIL, Philipsburg, STAR PUBLISHING CO.

This would be an appropriate season for a "hard times" ball.
 C. B. Haynes, of the Standard Publishing company, was in town Monday.
 A. E. Baker, of Ramsey, was among the welcome visitors in town last Monday.

Fred W. Sherman and Levi Johnson, of Combination, were in town last Monday.

Col. W. Thomas Hart, of the Bi-Metallic, was registered in Helena last Saturday.

John G. Morony, of Deer Lodge county, was a Philipsburg visitor last Sunday.

Mrs. Frank Thomas, wife of the jeweler, has gone to Missoula to remain some time on a visit.

B. H. Dunshie, of the Bi-Metallic, returned last Monday from a short trip about the state.

I. W. Wilson has returned from the world's fair, where he spent several days viewing the sights.

Mrs. W. F. Robinson and daughter, Miss Fannie, of Missoula, are visitors at the Bi-Metallic this week.

Fred Bowen, of the Philipsburg Iron Works, went to Helena yesterday morning on a short business trip.

A large number of enjoyable fishing parties are going and returning from the various streams almost daily.

Miss Clara McDonel went to Deer Lodge Tuesday morning to spend a vacation with relatives in that city.

T. C. Congdon, of THE MAIL, arrived home last Saturday from the White City and a trip through the east and south.

The county officers are now getting into their new quarters in the court house, and will soon be as comfortably situated as any in the state.

Earl Richardson, who has been in the employ of Rupp & Greenbeck during the past six months, expects to leave here in a day or two and will probably locate in Denver.

H. W. Leydig, who has been engaged in the dry goods department at the Weinstein store for a long time, started for Chicago Tuesday, where he expects to remain.

The Butte, Anaconda & Pacific will be in operation in less than ninety days and a heavy bond of \$50,000 is up to insure the completion of the work—Inter Mountain.

THE MAIL has received a complimentary season ticket to the annual summer meeting of the west side racing association of Butte. The racing will continue each day up to August 1.

A MAIL correspondent at Kaslo, B. C., writes that there is nothing of encouragement to report from that section. Everything is at a standstill, he says, and all bonds are being forfeited.

Charles Gildersleeve, the Granite merchant, was in the burg last Sunday. Mr. Gildersleeve proposes to tide through the hard times and help his old patrons along as best he can.

For the races at Butte the Northern Pacific will sell tickets on the 19th, 21st, 24th, 26th, 28th and 31st of July, and August 1 at the rate of one fare for the round trip. Tickets are now on sale at the depot.

Jack McNary had his leg broken while cutting stulls near Wyman's mill in Boulder gulch Tuesday morning. Dr. Day attended him and he was brought to town. He is now under the care of the county physician, Dr. Power.

An Eastern Star lodge with sixty charter members was instituted at Granite on Thursday by Mrs. N. Fretz, grand secretary of the Eastern Star, under authority of Grand Secretary Cornelius Hedger, of the A. F. & A. M.—Independent.

A mortgage made by the Butte, Anaconda & Pacific railroad to the Minneapolis Trust company has been filed with Secretary of State Roby. The mortgage is for \$3,000,000, to meet the expense of construction and equipment of said road.

Wm. Morgan, who met with an accident that broke his left leg, at Black Pine several weeks ago, is now stopping at the Kaiser house. His leg is not mending as the doctors would like to see it, and it is feared and operation will be necessary.

A letter received from E. C. Harrington informs us he is enjoying the sights of Chicago and the fair. "Teddy" says he has been in Chicago before, but never saw it until now. After a visit to the east and to Halifax, N. S., which will occupy some time, "Ted" will return to Philipsburg.

Every male citizen of Ramsey is active as special officers to protect their town and the people from the thugs and robbers that infest the district. Any rough locking character who goes there is promptly dealt with, and unless he can show reason for his presence he is politely invited to "move on."

Joseph Arthur, the little son of Mr. and Mrs. Charles M. Holtquist, died last Sunday evening of spasms from teething. The little one was one year and eleven days old. This is the second child the family has lost within the month, and the loss falls hard on them. THE MAIL extends its sincerest sympathy.

Red Gorman, the tin-born gambler who spent some time in Philipsburg during the past year, was held responsible for the death of Nellie Meiggs in Butte last Friday by the coroner's jury. The assault was committed in Butte on the evening of June 22nd, and the jury found that the victim came to her death on the 12th day of July from the injuries inflicted by Gorman.

George Tucker visited Butte during the week and on returning he informs us that that city is equally as dull as Philipsburg. Hundreds of men are out of employment and others are being laid off every day. The report that lots of work was being done on the Butte, Anaconda & Pacific railroad is untrue, Mr. Tucker says, and it is quite impossible for a man to get any kind of employment in that section.

A fine display of the northern lights was on exhibition in Philipsburg Saturday night at about 10 o'clock. Milky white streams extended from near the horizon in the northern quarter of the heavens to the zenith. Many of these ribbon like streamers seemed to emanate from a dark cloud like mass about midway between the horizon and the zenith, a feature not on the program of the ordinary auroral display.

A new time card went into effect Tuesday morning. The morning train leaves Philipsburg at 7:15 now, instead of 7:30; and 3:10 p. m. instead of 3:30 p. m. The morning train arrives from Drummond at 11:15 and the evening at 7:15. The evening train formerly arrived at 10:10 at night, in consequence of which our people could not get their mail until next day. This change makes it better all around.

Miss Lillie Cassell returned Monday evening from a visit to Missoula friends. The Bi-Metallic company shipped twenty bars of bullion this week (Tuesday).

D. E. Thomas, the librarian of the Ramsey reading room, was a welcome visitor in town last Tuesday.

Several couples of young ladies and gentlemen enjoyed a moonlight dance at the pavilion in baseball park last night.

Mr. Luke, of Helena, who was appointed receiver for the First National bank, has arrived and taken charge of that concern.

Miss Carrie Hanson, who has been engaged at THE MAIL office for some time, departed yesterday for her home in Minneapolis.

Weinstein, deceased, for the remainder of the term; August Greenheck was elected director to take place of Angus McIntyre, resigned, and Frank J. Wilson was elected vice-president, vice Wm. Weinstein, deceased. The directors report the bank in first-class condition.

The general merchandise house of Freyschlag, Huffman & Co. resumed business this morning the firm management after having been in the hands of a receiver since July 6. The branch stores of this firm in Granite and Black Pine will be discontinued and the stock of merchandise at each of the branch stores moved to the Philipsburg house, where they will proceed at once to close them out at very low prices, as will be seen by their advertisement in THE MAIL to-day.

The trial of J. W. Brown for the murder of Joseph Gird is in progress at the Granite county court to-day.

Miss Annie Beckwith, Miss Maude Brinson, Mrs. Dr. Robinson and Miss Fannie Robinson, all of Missoula, are guests at the Bi-Metallic this week.

Last Sunday night some one tried to enter the house of Thomas McKay on lower Broadway. They used a skeleton key and succeeded in unlocking the lock, but it has always been the habit of Mr. McKay to also latch the door, which they could not work. The party left very hurriedly, undoubtedly frightened off by some of the night watch.
