RESOLUTIONS OF CONDOLENCE.  
The Literary Societies of the Valley Show Their Respect for Miss Mary McCarthy.  
Hall, Mont., August 9, 1897.  
Whereas, The Master has seen fit to call from this earthly home to her eternal home our worthy and much-loved friend, Mary McCarthy, one who by her faithfulness and courtesy has won a place in all our hearts.  
Therefore, We, the members of the Flint Creek Literary Society, of Hall, Montana, feeling deeply our own sorrow, and knowing that even greater sorrow must reign in the hearts of her loved ones at home, offer the following resolutions:  
Resolved, That to her loved ones in their loss of this most precious jewel, we tender our heartfelt sympathies, trusting that "He who doeth all things well" will reunite this bereaved family in a home where sickness, sorrow and death cannot enter, and where the father himself will wipe away all tears.  
Resolved, That in memory of this departed one, our sister, we set aside a portion of our record upon which to properly inscribe these resolutions.  
Resolved, That an engrossed copy of these resolutions be sent to her parent and that a copy be presented to The Philipsburg Mail and the Citizens Call for publication.

Stone Station, Mont., August 7, 1897.  
Whereas, The unsparring hand of death has been laid upon one of our number, Mary McCarthy, while yet the current of life flowed in undiminished vigor, and ere the chill of life's eventide had yet been felt upon her brow; and  
Whereas, The sudden death of Mary McCarthy has come like a cloud and cast a pall over the community, she being tenderly loved and esteemed by all who knew her. Her absence from our Society will fill our hearts with sadness for days to come.  
"Sadly we long for her greeting,  
Tender and true she had proved;  
Oh, the hearts soonest hushed in their beating  
Are the ones most tenderly loved."  
Her vacant chair will cause the once-happy family to be shrouded in gloom.  
Truly—  
"There is nothing on earth that we cherish  
That is lovely and pure that will stay."  
May God's mercy dwell with the stricken family and direct them to a happy reunion on "the other shore."  
Therefore, Be It  
Resolved, That the members of the Valley Literary Society, extend to Mr. McCarthy and family the love and sympathy which we owe to each other in time of sorrow and bereavement.  
Resolved, That these resolutions be spread on the minutes of the Society a copy sent to the family, and to each of the county papers for publication.

KLONDIKE POINTERS  
CONTINUED FROM PAGE ONE.  
along as much as 1,500 pounds has been taken by one person across the trail.  
Experienced miners say there is no such thing as a conservative, reliable estimate of the gold to be produced during the coming year. In the Klondike region alone are numerous creeks, such as Bonaiza, Indian, El Dorado, Hunter and Bear, and up to the date on which latest news came from Klondike no claims had been located on these creeks more than three miles above their mouths. Returning miners say that not less than 5,000 claims could be located under the laws of the Northwest Territory on these creeks alone, but whether they would be as rich as those already prospected is a matter of conjecture.  
The Klondike is but one of the many hundreds of tributaries of the Yukon, and each of its tributaries has its innumerable creeks with gold-bearing soil. On some of these tributaries, such as Forty Mile, Sixty Mile and the old Porcupine, claims have been worked for four or five years and miners have averaged \$16 per day. But such results are not considered worthy of attention in Alaska, because the season is very short and men with rich claims are eager to pay \$15 for labor.  
A far as any thorough prospecting is concerned, the basin of the Yukon has hardly been entered. The main river winds through a distance of more than 3,000 miles, and its tributaries vary in length from 60 to 800 miles, and until the present season not more than 5,000 miners had entered the basin. Hundreds and hundreds of square miles are absolutely unknown. The Yukon itself contains an extent of territory fully equal to all the mining districts of the Pacific coast and the Rocky mountains put together. Accordingly there are unbounded possibilities of further rich discoveries, because the conditions and the character of the entire basin are similar to the Klondike.  
A Carlist deputy at Madrid has bet a conservative 1,000 francs that Don Carlos will be in Spain and at the head of his party within six months.  
A huge lion which had escaped from a menagerie at Cedar Bayou, Tex., was struck by lightning and killed just as it was in the act of seizing a child.  
Fourteen women of the imperial harem at Constantinople have been arrested on charges of complicity in the intrigues of the Young Turkish party.  
The officials of the Kings County (N. Y.) penitentiary put fourteen convicts to work in the fields near Prospect Park, N. Y., to prevent their going insane.  
A dispatch from Berlin says that the object seen floating in the Arctic ocean on July 17th, and supposed to be Andree's balloon, was, in reality, a whale.  
The L. A. W. national meet, at Philadelphia, was the largest in the history of the organization. Members to the number of 12,000 were registered at the arena.  
The German government is taking steps to prevent the importation and sale of American bicycles. It is probable that increased tariff rates will be imposed.  
David Angle, a farmer, aged 81 years, was killed near Watertown, N. Y., while raking hay. His horse was stung by bees and ran away, dragging him more than a mile.  
Riding with extremely high gears will be overdone before the 1897 season is half over. An 80 gear is too high for all-round use under any circumstances. Numerous riders are starting out this year with 84's or higher. Nothing can be gained by any rider, no matter what his muscular power, by using anything higher than 72 or 74, speaking, of course, with reference to road riding.

before the board asking or reductions in the appraisal of the Schnepel, Morse and Doe and Weinstein additions, claiming that the valuation of said additions has been increased by the board of appraisers this year while the valuation of similar property in other additions to the town of Philipsburg has been decreased for this year.  
The following orders were made by the board:  
That the valuation of all lots belonging to the Weinstein estate, situated in Weinstein's addition to the town of Philipsburg; the valuation of all lots belonging to Mrs. Henrietta Schnepel, situated in Schnepel's addition to the town of Philipsburg, and the valuation of all lots belonging to Morse and Doe, situated in Morse and Doe addition to the town of Philipsburg, be assessed at the same valuation as in the year 1896.  
That the valuation of buildings and fences assessed to G. W. Morse on his ranch properties be lowered from \$4,000 to \$3,000; that the valuation of his brick building in Philipsburg, known as Morse hall, be reduced from \$3,000 to \$2,500; that the valuation of Lot 11 in Block 8, Philipsburg townsite, be reduced from \$300 to \$200; that the valuation of 111.66 acres of placer ground—the Lime Kill placer—erroneously assessed at \$5 per acre (quartz valuation) be reduced to \$2.50 per acre, the correct rating for patented placer ground; and that Lots 5 and 6, Block 14, Philipsburg townsite, be reduced from \$100 each to \$50 each.  
The board adjourned to meet and complete the work before it on Monday, August 9th.  
E. I. Holland, Chairman.  
Daniel Arms, Clerk.  
Philipsburg, Mont., August 9, 1897.  
The board of equalization met at 10 o'clock a. m., with all members present, pursuant to adjournment of the 6th inst.  
Applications for reductions in assessment were again taken up.  
The following order was made:  
That the valuation of buildings on Lots 155, 328 and 332, Granite, assessed at \$400, be reduced to \$300; that the valuation of the plat of ground assessed to M. B. Scott, on the Sea Mew lode, be reduced from \$250 to \$200, and the valuation of the buildings thereon be reduced from \$1,000 to \$800; that the valuation of the building on Lot 1, Block 3, Philipsburg townsite, be reduced from \$900 to \$800; that the erroneous assessment of Frank Durand on horses be corrected to one thoroughbred at \$100, eight work horses at \$22 each, and 110 work horses and mules at \$16 each; that the lot stable valued at \$50, assessed to Henrietta Schnepel, on Lot 11, Block 5, Philipsburg townsite, be stricken from her assessment, said building having been torn down a year ago, and that the farming utensils, etc., assessed to Mrs. Schnepel at \$350 be lowered to \$215; that the taxes on the ranches of Dingwall brothers be reduced from \$1,700 to \$557.  
Other applications before the board were not allowed.  
The board adjourned at 4:30 p. m.

LIKE A MIRACLE  
How a Locomotor Ataxia Sufferer Was Cured.

From the Evening News, Detroit, Mich.  
James Crockett, a sturdy old Scotchman, living in Detroit, Mich., at 88 Montclair Street, was asked about his wonderful cure.  
"First," he said, "I must tell you something of my life before my almost total sickness. I was born in Scotland in 1822, and came to this country in 1848. I am a marine engineer by trade. In 1872 I was in the employ of the Detroit and Cleveland Navigation Co., and for fifteen years I was chief engineer on one of their big passenger steamers. My first boat was the R. N. Rice, which was burned at the docks. Then I was transferred to the Rubie, which was chartered to make the run between Detroit and Cleveland.  
"I brought out the new steamer 'City of the Straits,' and for years acted as her chief engineer. It is a great responsibility, the position of chief engineer on those big passenger liners. Thousands of lives are held in the keeping of the engineer. The anxiety causes a great nervous strain, and the strictest attention is necessary. Not for a moment must he lose his watchfulness.  
"For fifteen years I carefully watched the big engines and boilers without a single accident, and only noticed that I was getting nervous. Suddenly without warning I was taken sick, and in less than a week I was prostrated. I had the best of physicians. I grew gradually worse, and at the council of doctors, they said I had nervous prostration, and had destroyed my whole nervous system and would never be able to be up again. They said I had worn myself out by the long nervous strain caused by watching and worrying about the machines. For three long years I was unable to move from my bed without assistance. The doctor said I had locomotor ataxia, and would never be able to walk again.  
"The pains and suffering I experienced during those years are almost indescribable.

My wife used to put eight or ten hot water bags around me to stop the pain. Those that came to see me bid me good-bye when they left me, and I was given up. The doctors said nothing more could be done for me.  
"We tried every known remedy, and my wife kept reading the articles about Dr. Williams' Pink Pills for Pale People to me. Finally she said they only cost 50 cents, and she wanted to know if I would try them. To please her I consented, and the first box gave me relief. I continued to use them for about two years before I could get strength enough to walk. It came slow but sure, but what I am today is due wholly to Dr. Williams' Pink Pills for Pale People.  
"I am nearly seventy-five years old to-day, and there is not a man in the whole city that can kick higher or walk further than I can to-day. If any one has locomotor ataxia that reads this, let them come and see me to-day. Can you tell me a man to-day in this big city that can do better than that?" said Mr. Crockett, as he kicked the reporter's hat, which was held high above his head.  
"Dr. Williams' Pink Pills for Pale People made me what I am to-day. I only wish I could persuade others to do as I did, and take them before it is too late."  
(Signed) "JAMES CROCKETT."  
Before me, a Notary Public, personally appeared James Crockett, who signed and swore to the above statement as being true in every particular.  
ROBERT E. HULL, JR., Notary Public, Wayne County, Mich.

A REMARKABLE CURE OF CHRONIC DIARRHOEA.  
In 1862, when I served my country as a private in Company A 167th Pennsylvania Volunteers, I contracted chronic diarrhoea. It has given me a great deal of trouble ever since. I have tried a dozen different medicines and several prominent doctors without any permanent relief. Not long ago a friend sent me a sample bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after that I bought and took a 50-cent bottle, and now I can say that I am entirely cured. I cannot be thankful enough to you for this great remedy, and I recommend it to all suffering veterans. If in doubt, write me. Yours gratefully,
