

From Washington

How a Little Boy Was Saved. Washington, D. C.—"When our boy was about 16 months old he broke out with a rash which was thought to be measles. In a few days he had a swelling on the left side of his neck and it was decided to be mumps. He was given medical attendance for about three weeks when the doctor said it was scrofula and ordered a salve. He wanted to lance the sore, but I would not let him and continued giving him medicine for about four months when the bump broke in two places and became a running sore. Three doctors said it was scrofula and each ordered a blood medicine. A neighbor told me of a case somewhat like our baby's which was cured by Hood's Sarsaparilla. I decided to give it to my boy and in a short while his health improved and his neck healed so nicely that I stopped giving him the medicine. The sore broke out again, however, whereupon I again gave him Hood's Sarsaparilla and its persistent use has accomplished a complete cure. I do not think there will be even a scar left. I cannot speak too highly of Hood's Sarsaparilla and I recommend it every where I get a chance."

Like Magic. "A complication of troubles, dyspepsia, chronic catarrh and inflammation of the stomach, rheumatism, etc., made me miserable. Had no appetite until I took Hood's Sarsaparilla, which acted like magic. I am thoroughly cured." N. B. SEELEY, 1874 West 14th Ave., Denver, Col. If you have failed to get relief from other remedies try Hood's Sarsaparilla. It cures when all others fail, because it is Peculiar to Itself.

Laenger of this city, arrived yesterday and is the guest of the Misses Penrose at Granite. Bryan is compared with everybody and everything. First he is a Jeffersonian, next a Populist, then a Lincoln Republican, and latterly a Democratic mule. John W. Dawson, of the Weinstein bank, will leave in the near future on a visit to his old home in Vermont. Mr. Dawson is contemplating a visit to Paris before returning to Philipsburg. Circulation counts. The Mail has twice the circulation of any paper in Granite county. Advertisers want circulation, not wind. Besides, The Mail is the county and city official paper. Mrs. A. H. Porter has returned from a visit to relatives and friends in Butte and Anaconda and was accompanied by Miss Cora Emsminger, who will spend a few days visiting Miss Mae F. Porter. Granite Lodge No. 34, A. O. U. W., will give a ball at Miners' Union hall, Granite, on the evening of Friday, August 3. While fishing on Rock creek H. G. Allen landed a large bull trout with a small trout in its mouth. Mr. Allen noticed the fish in shallow water and he waded in and threw both on the bank. The bull trout was over two feet long, but he had tackled more than he could swallow. Ward Beley returned Saturday from a week's visit at J. C. McLeod's mines on Harvey creek. Ward enjoyed his vacation very much and although he fished only one day a number of his friends here are prepared to vouch that he caught fish—at least he brought some with him. Civil Engineer T. T. He was pretty badly bruised and frightened, but otherwise unharmed. "During last May an infant child of our neighbor was suffering from cholera infantum. The doctors had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered. The child is now vigorous and healthy. I have recommended this remedy frequently and have never known it to fail." "I am going to support Clark and his ticket—not for Mr. Clark, but for the 'principle' which I so love."—The Call editor, with tears streaming from his eyes. The Sun and Blue Label flour is made from selected hard wheat and by the best patent process, consequently it makes a good bread as the Dakota product. Mrs. O. F. Featherman, accompanied by her niece, Frankie Paradise, and little Marie Durfee, left yesterday morning for Drummond to visit several days with relatives. Mrs. William Neu left Wednesday morning for Tolono, Ill., in response to a telegram conveying the sad intelligence that her father had been run over and killed by a railroad train. We would like the Call to inform, or people what properties in this vicinity are friendly to the Amalgamated Copper trust. The Mail does not know of any copper properties in this district. If you desire to get the political news as well as the local news of Granite county subscribe for The Philipsburg Mail and the Semi-Weekly Helena Herald—both papers for \$3 a year. A partial failure of the wheat crop and the war in China are the causes. A few hundred at the old price. C. A. Wilson, the leading grocer of Philipsburg. The county commissioners were in session Monday and Tuesday as a board of equalization. They will again be in session July 25th, 26th, 27th, 30th and 31st and August 8th, 9th, 10th and 13th, at which time complaints of erroneous assessments will be heard. T. J. Daley, a man employed on the Schnepel ranch, was seriously injured by a stallion yesterday morning. The horse grabbed him by the arm and chewed it savagely. It is feared that he may lose his arm. The Royal Arch Masons will give a banquet at their hall in this city this evening in honor of A. Balmford of Butte, grand high priest of that organization, who is here on an official visit. Mrs. D. G. Davies and family will depart for Butte next Tuesday, where in the future they will reside. The community will be sorry to hear of their departure, as they have made many friends here. However, the best wishes of our people go with them to their new home. Predictions as to the outcome of the political campaign in this county seems very favorable for the Republicans. A prominent stockman from this vicinity several days ago bet a \$10 hat that McKinley would carry Granite county. This indicates how the farmers and stockgrowers will vote this fall. Hay hands this year are receiving \$2.50 a day and board in this vicinity. Quite a change from Democratic times, when there were two men for every job in hay fields at \$1 a day. It is difficult to convince the man who earns his bread by the sweat of his brow that the Democratic party is the laboring man's friend (?). The marriage of Miss Maude Penrose of Granite and Mr. H. T. Laenger of this city will be solemnized in Granite tomorrow. Miss Penrose is the accomplished daughter of Mr. and Mrs. T. L.
