COW CREEK MURDER STILL CAUSING TROUBLE.

Blaine County Officials Trying Their
Best to Slip One Over on
Phillips County.

The question of which county will have charge of the murder case on Cow creek, is not yet settled, and probably will not be before the first of the month. It is claimed by the officials of this county that the killing took place in Blaine county, the officials of Blaine county contend the trouble was in Phillips county. Deputy Sheriff Brooks of Zortman, who was called the night of the shooting to take charge of affairs until the tangle could be straightened out, arrived in the city Saturday from Zortman with Bernie O'Riley, who is charged with the shooting. Mr. Brooks reports a very strenuous time and says he held the crowd that was at the dance there four days waiting orders from here or from Chinook, and when the officials from Chinook did arrive they refused to have anything to do with the case, claiming it was a Phillips county case. He spent four days more bucking a blizzard in getting from Zortman to the railroad. He and his party suffered considerable from the cold.

The dead man, in charge of Liveryman Sauceman, arrived here Thursday night about one o'clock, and the remains have been in the R. V. Tucker undertaking parlors waiting instructions from either the officials of this county or those of Blaine county. On Sunday Mr. Tucker received word from the coroner at Chinook to hold a post mortem examination and to bury the remains, but owing to the frozen condition of the corpse, it has been impossible to do anything with it. The remains will be buried in Phillips county regardless of where he was killed, as he was a Phillips county citizen.

We understand the officials of Blaine county have a surveying party down in the country where the trouble occurred, running the county line to find out just which county is to handle the case, and that they will not be through with the work before the first of the month.

The story of the trouble in last week's Enterprise was just about correct, the only thing we did not mention was the fact Secret was abusing his wife when O'Riley tried to stop the trouble, with the result he became tangled up in a fight with Secret, resulting in the death of the latter.

THE COLD SNAP.

The Reclamation Service in this city furnished us the following information in reference to the weather in this locality for the past week. The report also says that during January the thermometer has registered below zero every night. In the last three days between 14 and 15 inches of snow has fallen which is equal to one and one-half inches of water. The record for snowfall before the last storm showed about ten to twelve inches on the level. There is more snow this winter than any time since the winter of 1906 and prospects for a crop could not be better than they are at this time. Following is the high and low temperature for the last seven days:

January 21, 32 above, 3 below.
January 22, 1 below, 17 above.
January 23, 20 above, 10 below.
January 24, 8 below, 22 below.
January 25, 18 below, 21 below.
January 26, 11 below, 22 below.
January 27, 42 below.

WOMAN'S CLUB.

The Malta Woman's club held an important meeting at the Congregational church on Saturday afternoon the hostesses being Mrs. Callicotte, Miss MacArthur and Miss Ayer. Several guests were also present. The location of a club house was discussed, and the arrival of new books for the Malta Public Library was announced. Two new members were added to the club roster, Mrs. W. G. Schneider and Mrs. Owen McKone.

The club voted to form a Sunshine committee for carrying on charitable work, the members to be appointed later. The members entertaining on Feb. 19th are to be Mrs. Sheppelman, Mrs. Casady and Mrs. Shaw.

The program was on the timely subject of "Peace," and spirited discussion ensued. Mrs. Brockway gave a review of the entire peace movement; Mrs. Flint gave a fine talk on the education of youth in the ideals of peace; Mrs. G. F. Thompson discussed ignorance as the underlying cause of war, and Mrs. Kilduff took true patriotism as the basis of her discourse.

Fine refreshments were served at the close of the meeting.

As the Malta club will entertain the Saco club in this city next Saturday plans for their entertainment were perfected. The two clubs will spend the morning in the pleasant home of Mrs. Kilduff in a social session, and will be served with an elaborate one o'clock luncheon in the Orpheum hall, served by the ladies of the Congregational church.

A finely arranged musical program will be given by the Saco ladies in the afternoon, followed by another social session.

These exchange visits between clubs are most enjoyable, and assist in their cooperation in various kinds of club work.

TEACHERS' EXAMINATION

The next regular teachers' examination for Phillips county will be held at Malta, February 24th, 25th, beginning at 8:30 a. m.

FLORA SIMS,
County Superintendent of Schools.

UNITED BROTHERS CHURCH.

Last Sunday services were well attended. The attendance at Bible Sunday school was 69. All the teachers except one were present. Our teachers are seldom absent. This accounts for faithful attendance on the part of pupils.

Temporary steps have been placed at the main entrance and all who come can now enter through the main vestibule and to the basement by the inside stairway. Both the porch and vestibule lights will be turned on.

Next Sunday evening at 6:30 a special program will be given by the Christian Endeavor. Special papers music and readings on the special topic, "Great Foreign Missionaries." The special numbers by the choir last Sunday were well rendered, and were an inspiration to all present. It is the plan to have a special number for services.

Next Sunday the regular services will be held. During the winter months the Bible school will meet at 10:30 with a brief sermon at the close. Christian Endeavor at 6:30, evening services at 7:30. Cordial welcome to every one to all the services.

G. L. STINE, Pastor.

SCHOOL NOTES.

The stereopticon will be tried out next Friday evening, Jan. 28th, at the old school house. Through the kindness of the Keystone View Co. a series of slides, picturing the Panama Canal, will be shown. To defray expense charges a nominal admission fee of 5 cents for children and 15 cents for adults will be collected from those in attendance. Children of the fifth, sixth and seventh grades are especially urged to attend. Please remember the date, Friday, Jan. 25th, at 7:30.

Cold weather and snow play havoc with attendance. So long as bad weather lasts all who wish should bring lunches and stay all day at school.

In the state examinations last week all but four of the eighth

grade passed in physiology. In spelling 12 wrote but only 5 passed. The seventh grade geography examination was quite satisfactory. Although only about half way through the year's work, about one-half got passing grades.

The boys of the high school wish to extend their thanks to those who so generously patronized the Jubilee quartette concert. Not a great deal was gained financially, yet the presentation of a high class attraction was some recompense in itself. Plans will be made for other entertainments in the future.

There was no school in two of the rooms one day the first of the week on account of the cold weather. It was impossible to warm the rooms so the little folks could be comfortable.

First Showing of Spring Neckwear

Our first shipment of Cheaney neckwear for men has just arrived, and we do not exaggerate when we make the assertion that they are the Swellest Line of Patterns ever displayed in this city.

The Styles

are the tubular four-in-hand, positively the most durable tie on the market today.

Narrow and medium widths in the popular flowing end four-in-hand and latest widths in bat-wings.

Prices, 50 cents, 75 cents, \$1, \$1.25.

We are also showing at this time a full line of CHEANEY SILK HOSE for men in all popular shades at 65 cents per pair.
