## We Believe It Is a Better Policy

Some people think banks are solely for the use and benefit of those having larger incomes. It is true that people having comfortable incomes use banks for the safety and protection afforded, but isn't the safety and protection of YOUR income just as vital to you as the safety and protection of the larger sum is to those having larger incomes? Come in and let us show you in what way the use of this bank will help you.

### IT RAINED

For some time past reports have been coming in of rains all around Malta, but it was not until yesterday forenoon that the welcome drops began falling in the city. And it rained all day, not a few scattering drops, but a steady downpour that commenced about 10 a. m. and continued into the night. It was most welcome and comes right when most needed to assist the growing crops. This dispels all thought of a dry year and the dry land farmers in the country tributary to Malta are about the happiest bunch of farmers to be found anywhere. It is reported that a big rain storm struck the section in the vicinity of Woodridge Tuesday night and all through the Beaver creek country. This assures a big hay crop on the Beaver flat which has always produced thousands of tons of the best blue joint on the market.

### RESISTED AN OFFICER

No little excitement was caused on Fifth Avenue Sunday afternoon when a well known character about town refused to go to jail peacefully when Marshal Cosner requested him to. All day Sunday this fellow and a gang of young sports had been painting the town and thinking they were slipping one over on the city marshal. It went so far that the one arrested said that the marshal did not dare to run him in as he was some punkin around this little old town. Marshal Cosner tried to get him to along peacefully, but the fellow made all the more noise and so a warrant was sworn out and Jailer Crabb and Marshal Cosner took the culprit from his room and placed him in the Phillips county jail. The next morning in Judge Wilson's court he pleaded not guilty to disturbing the peace and resisting an officer and was bound over for trial next week and placed under bonds of \$1,000, which up to the time of going to press had not been forthcoming.

It will behoove some of the young fellows who think they can run over the police and do as they please in Malta to take a lesson from this poor misguided yep and hang on to themselves when inside the city limits, as Marshal Cosner says from now on he is no respecter of persons, regardless of who or what they are, and will take pleasure in putting all disturbers under lock and key.

### "THE UNWRITTEN LAW"

"The Unwritten Law" which is to be shown at the Bison theatre on May 27th, suggests the sensational type of photodrama. It is sensational but at the same time free from any taint of cheap sensationalism.

There is a fight, a personal encounter between the hero and the villain, and this scene is plentifully provided with "punch."

There is a lurid fire endangering the lives of a young mother and her precious baby, while the husband lying in the stupor of alcohol is nearly devoured by the flames.

A wedding and a murder, night life in the "family room" of a sordid resort, and brilliant cabaret scenes.

Finally, there is the court room scene, flawlessly presented, in which the issue of the far-reaching plot are brought to a logical and happy conclusion.

These are some of the features that are presented in the most realistic picture in which the talented emotional actress Beatriz Michelens has yet appeared.

### SCHILLINGS TO GLASGOW

The many friends of Mr. and Mrs. Andy Schilling will be pleased to learn that they are to be transferred to the spot at Glasgow at once. This is a deserved promotion for Mr. Schilling for his long and faithful service for the Great Northern, as the Glasgow station is one of the best paying offices on the main line.

Mr. Miller H. Hawley and Miss Carrie Devor of Wagner, were married Sunday evening at the United Brethren parsonage by the pastor. They are excellent young people, esteemed by all who know them. They will make their home on the bride's homestead about seven miles southwest of Malta.

### MINNEAPOLIS BOOSTERS IN MALTA JUNE SEVENTH

Word from Minneapolis states that the excursion of the Minneapolis Civic and Commercial association through North Dakota and Montana in June promises to be the largest excursion of its kind ever handled by the Great Northern road. Road officials are co-operating with the committee in charge of the excursion and the train furnished by the company will be one of the finest in the Great Northern and will consist of Pullman sleepers, compartment sleepers, two dining cars and a parlor observation car, besides the private car of L. W. Hill, who will, no doubt, accompany the train. The Rossiter First Regiment band of 32 pieces will be with the Minneapolis band and Secretary Hillwig informs us that there will be at least a hundred business men on the train besides the band. The train is due here at 6:30 p. m., June 7th, and will remain here all night, leaving for Dodson early the morning of the 8th of June.

Arrangements are all complete for the entertainment of the visitors in Malta and there will be something doing all the evening. Over 100 tickets have been reserved for the boxing exhibition and both men are in the pink of condition and will, no doubt, put up a fast bout.

### THE NEIBOUR FOR SHERIFF

Ike Neibaur was in Malta this week looking over the field in the interests of his forthcoming candidacy for sheriff of Phillips county. Mr. Neibaur informs us that a report has got in circulation that he had laid down in the race for sheriff and would not be a candidate at the primaries. Ike says this is all erroneous as he has never quit and will not quit until the question is decided by the people at the fall primary election. Mr. Neibaur is so well known in the county of Phillips that he needs hardly any introduction. Among the old timers he is held in the highest esteem and as a man whose word is as good as his bond.

Mr. Neibaur made a good sheriff for Blaine county and was a great favorite in that county, numbering his friends as largely in the Democrat party as in his own party and we have yet to hear one word of reproach against him from anyone. He is right in the race and says it may seem a little early to toss his hat in the ring, but nevertheless he is not afraid to be the first one on deck.

### WILL PLAY AT DODSON

The local ball team which was organized by short-stop Callendar will play the Dodson team at Dodson next Sunday, May 25, and the Dodson team will be here for a return game on the afternoon of June 7th. With the ball game to fill in the time between the horse races and the evening program, June 7th ought to be a good day in Malta and it is hoped a big crowd of out of town people will be here for the celebration.

Another car load of Dain mowers, John Deere manure spreaders and Deere plows received at Kidder's 2w5

W. E. McGarry of Malta, representing the Phillips County Investment company, was in Dodson Monday. He took a trip into the country out from Dodson to look over some of our fine bench land. Mr. McGarry's company expects to make farm loans in this territory and is most liberal in terms and amount in making loans. He expressed himself well pleased with the country around Dodson.—Dodson Idea.

## Where did you get that pretty dress?

"Where did you get that pretty dress, Mrs. White? Did you make it?"  
"Of course not! I'm not dressmaker enough to do that. I bought it right here in town, and I only paid \$1.50 for it. This is one of those

"that you see advertised so much. I formerly made my own dresses—but never again!

"Look at the style of this dress. See how perfectly it fits. Notice how roomy it is through the hips. Examine those buttonholes—perfect, corded and non-ripping.

"When I want to do the house work, I put on a cheaper MINA TAYLOR Dress. When I want to lounge around the house, or make a neighborhood call, I put on one of these better ones. I wouldn't be without several for twice the price they cost me."
