

SPECIAL NOTICES.

Important Notice.

To FEMALE.—If any one suggestion is more desirable than another, it is the announcement of a relief for the weekly sufferings to common to the sex, and the violence of which is only known to themselves. Many a good constitution sinks under it, while friends wonder the cause. The nervous system becomes affected by the great strain, and a complaint called for or relief. To most perfectly relieve the sufferings, while nature's part of the work is fully carried out, is what HENKELL'S TONIC AND REST has performed in most extreme cases, and most undoubted testimonials confirm the declaration.

Asking the confidence of all who can appreciate the relief from so much suffering, and to accept this valued preparation as truly meriting the name and fame of a true Anodyne is the wish of JOHN L. HENKELL, Proprietor, Boston, Mass. For sale by all dealers in city and country. Sole Proprietor of Henneswell's Universal Cough Remedy, and Henneswell's Electric Pills. For sale wholesale and retail at Equinox Drug Store, Manchester, Vt.

THE NEW YORK SPECTATOR FOR 1863.

THE POPULAR FAMILY NEWSPAPER. Devoted to the Amusement and Instruction of Everybody. The New York Spectator now enters upon its Sixty-Fifth Year, and its success and popularity have never been greater than during the year just closing. Its Editors have labored earnestly and faithfully in the cause of Freedom, and for the maintenance of our glorious Constitution and the indivisibility of the Union, and they believe that their efforts to strengthen the people in faith and hope in the suppression of the Rebellion, and in the unity of the States, have been generously appreciated by the readers of the Spectator. During the coming year the Proprietors intend to make the Spectator more acceptable than ever as a family newspaper. Its Political Motto will be HONEST MEN FOR OFFICE, and A Speedy Extinction of Treason.

LITERATURE.

The columns of the Spectator have been so much crowded with accounts of the important events of the nation during the past year that the Literary Department has been curtailed, but we hope during the year 1863 to satisfy the desire of every reader as to the quantity and quality of its contents.

TERMS.

IN THE TERMS FOR SINGLE COPIES, No Change will be Made. PRICE \$3.00 PER ANNUM. For Clubs, the terms will be as follows:— Two copies one year, \$5.00 Five copies one year, 12.00 Ten copies one year, 22.50 Fifteen copies one year, 32.00 Twenty copies one year, 40.00 Subscriptions may commence at any time. WISWALL'S IMPROVED WASHING MACHINE.

PATENTED JUNE 7, 1850. The Greatest Labor-Saving Machine ever Invented. Read the testimony and judge for yourselves. The following certificate, signed by the County Officers for the County of Lamoille and all the Town Officers and Business Men of Hydepark, where this Machine was invented, will show in what respect it is held at home, where it has been put in use. Certificate: We, the undersigned, citizens of Lamoille County, Vt., hereby certify that we have used in our families, more or less, for about five months last past, a Washing Machine, patented by Mr. Samuel Wiswall, of Hydepark. We consider it a valuable machine, both in saving labor and avoiding the usual wear and tear of clothing. It will cleanse all articles of ordinary use by the simple motion of the Machine, in which is no pounding or hard friction to injure the articles to be cleaned. The Machine will do such work with much less labor and much less injury to the clothes than the ordinary way of rubbing on a wash-board. Very dirty articles, like shirt collars and wristbands, may require some rubbing, but the Machine is so arranged that it can be done in it as conveniently as with a common tub and board. For rinsing and rinsing, the machine is very valuable. It will not injure the finest muslin fabric, while even carpets may thoroughly than can be done by hand. We consider it a great improvement on every kind of Washing Machine we have ever known, and its operation gives such universal satisfaction wherever it has been tried, we think it must soon come into very general use. Hydepark, Vt., June 21, 1860.

IMPORTANT UNSOLICITED TESTIMONIAL

Headquarters, 12th Pa. Cavalry, Near Baltimore, Md., Sept. 15, 1862. Dear Sir:—In the absence of a sufficient assortment of medicines for general uses in the Camp, I was induced to try your celebrated remedies, viz: "The Electric Pills, Universal Cough Remedy, and Tolu Anodyne." As regards the Pills, I must say, that I never used a pill with so much success. In every case where I have had occasion to use a gentle cathartic, I have employed the pills with a splendid effect; and you may rest assured that I shall not be without them as long as it is possible for me to obtain them. The "Cough Remedy" I have used with equally as good success in Bronchial Complaints. I had occasion to use it for a tickling sensation in my throat, caused by being obliged to be out in the night air, and taking cold; found almost instant relief by the prompt use of your "Universal Cough Remedy," and most heartily recommended it to all afflicted with throat and lung complaints. The "Tolu Anodyne" I have found to be of very great service in cases of Neuralgia, Tooth ache, &c. The men are subject, more or less, to constant exposure, thereby contracting the most painful of all diseases, "Neuralgia," and all complaints connected with the nervous system. By the prompt and proper use of the Anodyne, you will obtain immediate relief. I heartily recommend the above preparations to the public, and more particularly to the "Soldier," and would advise every man to provide himself with a bottle of each, before leaving for the seat of war. With great respect, I remain, Yours truly, JOSEPH HOYT, Hospital Steward, 12th Pa. Cavalry, John L. Henneswell, Boston, Mass.
