GENERAL INTELLIGENCE.

The Crisis. London, January 24.—A Paris correspondent of the Times says: Although the disaster which has befallen the Union Generale scarcely allows the hope of its recovery.

Paris. The London Times, in its financial column, says: At a meeting last evening of shareholders of the Banque de Lyons et Loire, necessary sums were voted to ensure the co-operation of a Paris syndicate to enable the bank to immediately resume business.

New York Stock Market. New York, January 24.—The stock market opened in the main 1/64 per cent. lower than yesterday's closing prices.

New York, January 24.—A Raleigh, North Carolina, special says: In Granville county, this State, last Saturday evening, a commercial traveler named Hudgins, was being driven by a colored man into Roxboro.

To be Postponed. Paris, January 24.—At a meeting of the Committee on Treaties of Commerce, it was agreed that if it should become necessary to prolong the Anglo-French treaty the government should not ask the Chamber of Deputies to authorize the continuation of the treaty until after the termination of the present crisis.

Austrian Affairs. Vienna, January 24.—The editors of newspapers published here to-day were summoned before the police authorities and informed that the publication of any intelligence in regard to the movement of troops, war materials, etc., is forbidden.

Dublin. Dublin, January 24.—Lord St. Cowper has refused to permit the presentation of the freedom of the city to Farrell and Dillon within the Kilmainham jail.

Quick Telegraphy. The following examples of the quick telegraphy will be found very remarkable. At 8 p. m. Saturday a gentleman sent a message from the Western Union office at the Southern Hotel, St. Louis, to his home, which is situated one mile from the telegraph office at Stockton, California.

A Generous Deed. Chicago, January 24.—Some three weeks ago nine mysterious coffins of rude pattern were accidentally unearthed near the corner of Vernon avenue and Thirty-fourth street, as workmen were excavating for a new building.

How It Happened. New York, January 24.—A Charleston, South Carolina, special says: Great indignation prevails in this city, owing to the carelessness of railroad officers, which led to the terrible collision on Saturday.

WASHINGTON, January 24.—The chair laid before the Senate sundry reports of surveys made under the river and harbor act relative to Oregon, Mississippi, Maryland, and Massachusetts, were referred to the Committee on Commerce.

Mr. Blair, from the Committee on Pensions, reported back a bill for the relief of Mary Lincoln, the widow of Abraham Lincoln, and asked its present consideration. The bill was passed.

It appropriates \$15,000 for her immediate relief and increases her present pension to \$5,000 per annum. The credentials of Senator McMill, of Colorado, were presented and he was sworn in.

Mr. George, of Mississippi, introduced a bill to make the Agricultural Department an executive department. The credentials of Senator Wilson, of Iowa, were received and placed on file.

An additional bill was introduced by Mr. Johnson to repeal so much of the Revised Statutes as imposes an export tax on tobacco. Mr. Beck introduced a bill for the punishment of officers of the National banks who illegally issue certified checks.

By Mr. Keller—A joint resolution declaring forfeited, so far as the same have not been earned by fulfillment of their conditions, land grants to twenty-two railroads, enumerated by the bill, including the Northern Pacific, Atlantic & Pacific and Texas & Pacific. The estimated quantity of land granted to each, as set forth in the bill, is, respectively, 47,000,000, 42,000,000 and 18,000,000 acres.

The unusually large volume of routine business caused a liberal occupation of the morning hour, after which the Senate at 2 o'clock resumed the consideration of the Sherman 3 per cent. Bond Bill, and Mr. Call addressed the Senate. Several Senators participated in the debate, when finally Mr. Garland, on leave, reported back from the Judiciary Committee a resolution in reference to the extradition of the Italian, Vincenzo Rebello, with a bill providing for making the fees regular, if compelled Commissioners to hold court in public, and where the accused is poor and cannot afford the cost, authorizes the United States to send for his witnesses and pay all fees, the government to be reimbursed for the expenses so incurred by the government asking the surrender of the fugitive.

The Senate at 4:10 o'clock, without action on the bill, went into executive session, and at 4:25 o'clock adjourned. Mr. George introduced a bill to prevent discriminations as between shippers and consignors by railroads engaged in interstate transportation. The bill is designed to give absolute equality in rates between small and large shippers and consignees.

Belmont, of New York, from the committee on Foreign Affairs, reported back the resolution calling on the President for copies of all correspondence, etc., relative to the efforts of this government to bring about peace between Chili, Peru and Bolivia. Adopted.

Mr. Melrose, on behalf of the Committee on Judiciary, reported leave to take from the Speaker, for immediate consideration the Senate bill to retire Associate Justice Ward Hunt, of the United States Supreme Court, but Holman, of Indiana, objected.

Melrose, of Maryland, from the Committee on Commerce, reported back the resolution calling on the Secretary of the Navy for all reports, communications, etc., relating to the subject of the Chicago coaling stations. Adopted.

By Carpenter, from the Committee on Commerce—to inquire wherein existing laws can be amended so as to afford relief to the Merchant Marine engaged in the foreign-carrying trade, and what measures can be adopted to promote our ship-building and other commercial interests. Adopted.

Bills were reported from the Committee on Commerce to establish marine hospitals at New Orleans and Galveston and a quarantine station on the coast of Texas, and were referred to the Committee on Appropriations.

At the conclusion of the morning hour the House at 1:40 p. m. went into Committee of the Whole, Robinson, of Massachusetts, in the Chair, on the Fortification Appropriation Bill. The total amount appropriated is \$375,000, as follows: For the preservation, repair and protection of the fortifications, \$175,000; for the armament of the sea coast fortifications \$100,000; for torpedoes and their preservation \$100,000.

After a short explanation by Forney, of Alabama, Mr. Cook, of Kentucky, took the floor and dwelt upon the importance of improving the sea coast fortifications of the United States. He contended that the amount appropriated by the bill was not a drop in the bucket, as compared with the actual needs of the country. A debate followed the introduction of amendments, which were rejected.

The committee then arose and reported the bill to the House, when it was passed. Chandler, of Massachusetts, called up the report of the Committee on Accounts, designating the committees of the House which are entitled to a clerk.

Amendments were adopted granting the Committee on Invalid Pensions three, and the Committee on Elections one additional clerk. Holman offered an amendment striking from the list of committees entitled to clerks the Committee on Expenditures in the Various Departments, on Public Expenditures, on Africa and on Misage.

Following action the House at 4:40 p. m. adjourned.

Wagner, \$250. Total, \$10,000.

The rise in wheat yesterday scooped the habits of the bucket shop to the extent of \$20,000. Cotton receipts, 1781. Exchange, commercial sterling, 4.80; bank, 4.85; New York sight, par; bank, 1 cent premium; New Orleans sight, par; bank, 1 cent premium; American silver, 1 cent discount; Mexican silver, 85 cents.

The General Manager of the Mexican National Railroad, recently returned from Mexico, after personal examination of the entire lines of the company, speaks most encouragingly of the business prospects in Central Mexico and the progress of the road. He says thirty miles are now in operation from Laredo to southward, fifty-one miles from the City of Mexico northward on the Inter-oceanic Line from the City of Mexico to Mazatlan.

He reports thirty-eight miles graded, masonry and other construction work will advance promptly. Much of this line will be open for work, and the one section from Laredo to Guadalupe is now paying over 10 per cent. of construction, which has been excessively great, approaching that of the American standard-gauge roads.

Turner et al. vs. Strange; from Houston county. Reversed and remanded. Flor vs. Dell; from Trinity county. Affirmed. Friar Aduer vs. Terry et al.; from De Witt county. Affirmed.

Walt vs. John Young; from Houston; reversed, cause dismissed. Hutchison vs. Cleiger et al. from Montgomery county; report of the Commissioners of Appeals adopted, judgment reversed and remanded.

Linsley vs. Boykin; from Brazoria. Report of Commissioners of Appeals adopted, reversed and remanded. Adjudged till to-morrow morning at 10 o'clock.

Special to the Herald. AUSTIN, January 24.—The Attorney-General decides that Article 105, Criminal Code, does not contemplate the payment to County Judges of three dollars for criminal cases docketed and dismissed, as in such cases they are not tried.

Forty city warrants in favor of twenty-five parties were discovered to-day in a desk in the City Clerk's office. This discovery almost removes the cloud that has been hanging over Charles, late City Clerk. The Governor issued eight requisitions to-day, aggregating \$13,000, and commissioned General W. Harleman to inspect the terminus on the International & Great Northern Railway at Laredo.

The trial of Ruben Boyce, charged with mail robbery, is postponed to Monday. The Austin & Northwestern Railroad has now on the ground four locomotives, fifty flat cars, twenty-five box-cars, four passenger cars and iron for sixty-three miles of the main line and sidings.

Decatur. Special to the Herald. DECATUR, January 24.—A young man named Lowe died yesterday a few miles north of town from small-pox. Two other members of the same family are down with the same disease. It is also reported as prevailing to some extent in a railroad camp ten miles north of here.

The Board of Aldermen to-day issued an order for every person in the town to be vaccinated inside of ten days. A fine of ten dollars will be imposed upon any one neglecting to comply with the order. The legality of such an order is doubted by many of the citizens.

The business boom here is on the increase, and buildings are being erected on every hand. The laying of iron from Fort Worth to Decatur will be commenced February 1, and in about two months will be completed in this town. Wheat is doing well, and a large crop is expected.

Palestine. Special to the Herald. PALESTINE, January 24.—Palestine has been full of traps from all sections lately. A watchman named Degross, who was appointed to guard the business portion of the town, last night caught a burglar breaking into a store, and ordered him to desist and come to jail. The burglar dropped his tools, and, dashing forward, rammed his six-shooter into the eyes of the watchman, tumbled him into a trench made by the Water Company, and walked off, leaving the guardian of law how to combat. The City Marshal raised the town this morning, gathering up all the suspicious characters, hoping to capture the culprit, and has the streets covered with traps during the town.

The new water works were tested to-day by Ernest Reher, of the Fire Department, and the hydrants found to work satisfactorily.
