To Sandy city, K. of P. Lodge, No. 197, Athens, Texas. I take this method to thank you for the money you gave me for my liberal donation you gave me. It was received in a most needy time. May God's choicest blessing ever be with you all.

Card of Thanks.

I wish to thank the many friends for kindness shown to me during my illness. I shall always remember each one of you.

(Mrs.) Amanda McDaniel.

To the Patrons of El Blackshear High School.

I want to say this that I am in your school not for the money alone, but am trying to help my race. Now I have watched the school for 6 years and during the said time there has been lots said about the teachers, now there is lots said that if it was said in the right place and at the right time would help the race also the teacher, when ever there is mean things said concerning your teacher, you claim them for your leaders. You put a stone in the path of progress, stop rattling over things that are not uplifting and ask the white man to give you a school house and take you out of a shack, your house is old, the pillars are falling down, no water for about 250 children, the campus very poorly furnished and if you want to pick a law or scrap about these things, now I haven't talked about you, but I have asked the whiteman to not let you talk or tattle or back bite the teacher. You know how to approach him on things uplifting, so a nice house with adjustable wall and nice furniture and modern fixtures should be the things that you should raise a scrap about. Stop swallowing the camel and strangling at a goat. When speaking to the white man, speak business. He doesn't talk about his teachers to you. Remember that Negro teachers are poorly paid and you can help much. Learn to help your school more, visit so you can carry the straight news, let us not see things in a superstitious way, lay aside ignorance and prejudice. Let your slogan be a new house, principal, office with library, place, water on the campus, the white man has all of these things. I am well, get on him that is strong, the white man will help you if you ask him. Talk business, no back biting, say things that you know is a fact.
