GOVERNORS ISSUE PROCLAMATION AND PAT NEFF DISCUSSES BETTER RURAL SCHOOLS CAMPAIGN.

Waco, Texas, Oct. 14.—Hon. Pat M. Neff, Democratic candidate for governor of Texas, on being asked for an expression concerning the Educational Amendment to be voted on November 2, 1920, in the general election, made the following statement:

"As a citizen of Texas I always have been, am now, and shall continue to be interested in the promotion of the cause of education. The education of the masses of the people being, in my opinion, our best safeguard against socialism, bohemianism, and anarchy; and our best guarantee of sound, democratic government and industrial prosperity.

"I believe all our public schools, rural and urban, as well as institutions of higher learning, should be adequately financed, and wisely and economically administered. I am particularly interested in the country public schools of Texas, upon which the farm girls and boys are largely dependent for educational opportunities. I want to see Rural High Schools established at suitable points in the rural sections of the state, so that our farm girls and boys may attend good high schools in the country, organized and conducted under rural environment. This is one means of stopping the rapid movement of the people of the country to the city. Such rural high schools should also, be made social centers for all the people, being common property of all the people of the community. I shall vote for the proposed amendment of the Constitution in the general election, because the said amendment will give the right to the people of the rural communities of Texas to provide financially for better support of the Public Free Schools for the education of their own girls and boys."

PROCLAMATION BY THE GOVERNOR OF THE STATE OF TEXAS.

The better schools campaign has for its purpose the adoption of the proposed Constitutional Amendment to remove the present limit on local taxes for school purposes.

The adoption of this amendment is of utmost importance to the public schools and the people of the State, the very life of the schools and the benefits of an enlightened citizenship depending upon its adoption.

Now, therefore, in line with the policy pursued throughout the course of many administrations, I, W. P. Hobby, Governor of Texas, urge all loyal Texans to exert every possible effort in bringing about the adoption of the proposed amendment in order to give greater publicity to this all important subject. I hereby designate the week of October 21st-29th as better schools week in Texas.

Throughout the week of October 21st-29th, the people of cities, towns and rural communities are urged to assemble in mass meetings for the discussion of the proposed amendment. Newspapers throughout the State are requested to give publicity to the purposes of the amendment and to advocate the cause of its adoption for the betterment of education in their daily and weekly editions.

Let all loyal and public spirited citizens respond to this call to the end that the constitutional shackles be stricken from public education and the schools of Texas take a rank among the schools of the Nation.

In witness whereof, I have hereunto signed my name and caused the Seal of State to be hereon impressed at Austin, Texas, this 15th day of October A. D. 1920.

W. P. HOBBY,
Governor of the State of Texas.
By Edwin Spencer, Acting Secretary of State.
