

SATURDAY MAR. 19, 1910

E. J. MACK CITY COLLECTOR

CITY FLASHES.

Mrs. J. H. Robinson, of Denmark is spending some time in the city with her sister.

Send us your job work and thus help us keep Negroes honorably employed.

Mr. Thos. Bowman, of Irmo was in the city last week and called and paid his subscription.

Our carriers will be around every Saturday. Please save some money for them.

Mrs. Susie Black, wife of Lieut. I. S. Black, is quite ill at their residence on Winn St.

Plenty communications in this office for the next three weeks. Dont send any more just yet.

Croakers may croak and up the country frogs may hollow, but the Recorder is on top, on this you can bet your last dollar.

The reduced rates of this paper will last only eleven days longer. Better send in your money or else you'll be left.

A great time at Nazareth on last sabbath afternoon; a fine sermon by pastor Whitehead that was enjoyed by all present.

Are you doing your duty by us reader? Do you try to help circulate this paper among your friends? Do you believe in race advancement.

By all means read your race paper and thus encourage those who are laboring for our material advancement. Pay the collector as he shall call.

if you want your hair to grow, keep soft and look nice, why just try a bottle of our Ox Marrow Pomade. Mrs. Mack will take your order and deliver it.

Our office is now in the new building on the corner of Main and Pine streets.

"The Flag" is the name by which Mr. Miller's large wholesale and retail clothing store will be known. A large U. S. flag will be swinging to the breeze over the store.

Hon. H. E. Mendrix, of Dickens was in town this week on business and called to see us. He is looking after matters political, and rightly so for we believe in "to the victors belong the spoils."

Mr. Robert Nelson, the good natured gentleman he is, and the popular Main St. barber is erecting a handsome residence on his lot, corner Lincoln and Plain Sts. It will be a beauty when completed.

Last week the Recorder will have a very fine article from the pen of one of South Carolina's fair daughters, and readers will do well to read this excellent production. Our women are showing an interest in matters pertaining to the advancement which is right.

The Women's Baptist State Convention is to meet at Olars Bannery Co. during the month of May. The question that naturally comes to all the Baptist Christian women of the State is what have they done, what kind of a report will they be able to give up to their annual meeting.

On Monday night a large number of our subscribers spoke encouragingly of the "Recorder" and declared that it was an excellent one. Many of our intelligent young men must love for the race and the paper, and would not go without it in their home for anything and would without hesitation commend it to all the ears of the race. The words are "the Recorder" and how we express.

Another Mile-stone Reached.

Last Saturday the Recorder eclipsed weekly journalism in the South when it put on its own force of carriers for the purpose of delivering its papers.

The increasing circulation of our paper demanded this step, and it was promptly inaugurated and now every Saturday morning the whistle of the Recorder's carrier boys can be heard as they spin across and over the city delivering the "PEOPLE'S PAPER". By this move we are the first colored weekly in the South to add this feature. Thus we have reached another mile-stone. What next? Well wait a little while.

The Columbia Literary.

Monday night at Bethel church was a regular day, or night, in the history of the Columbia Literary and Historical Association. President Peets is entitled to the thanks of the members and of the citizens at large for having the distinguished scholar, church man and orator, the Right Rev. Bishop Grant of the A. M. E. church present to lecture to the association and its friends.

Bishop Grant's subject was, "My travels abroad." He spoke of his desire when a boy to visit New York, the metropolis of the nation, and of late finding himself wanting to go to California. He visited both places, still there was a further desire to go abroad to visit England, France and Germany. He profited by all of these visits, coming into contact with strange people, their customs, habits, etc., as he did, and he advised the young men and women of to-day to first have a desire, and the rest is easy.

The lecture was replete with wholesome counsel as well as helpful admonition. Interspersed with many pleasing anecdotes of his life and travels, the Bishop's music for the occasion, and did they call all the hills and valleys of the land, the Bishop's present seemed to be charmed by its sweet melodious strains.

The audience was a large and appreciative one. Many notable devines of the A. M. E. church were from various sections of the state. For more than two hours the audience was highly entertained. Prof. Peets came in for his share of praise for the mastery in which he introduced Bishop Grant to the audience.

Resolutions of thanks were unanimously passed and the association adjourned to meet Wednesday night.

The King's Daughters

For several weeks the president of the King's Daughters in Columbia, have tried to get a meeting of this once helpful society and strange to say every effort of the kind has failed. This certainly ought not be. This organization once stood for much in this city and for it to become dormant or lose its good name and reputation is too bad. The christian ladies of the various churches should bestir themselves and connect their names to this once noble order and, if need be reorganize it, then let them go to work in "His name" and do good to the deserving poor among us. The white ladies of Columbia would not for a moment think of allowing their Kings Daughters to die or become of no effect, and our christian ladies ought also take an interest in such societies for humanity sake. This is written with the hope of it stirring up our christian woman to a greater work of usefulness and we trust it may have the desired effect.

An Awful Stroke.

Rev. T. W. Dixon, of Killians was in the city Sunday and Monday to consult Dr. C. C. Johnson, relative to a daughter; of his Thomasina who some time since was assaulted by a dirty brutal fellow by the name of Perry Stevens, sad to relate this brute in human form accomplished his hellish purpose and succeeded in ruining a young woman who otherwise might have become one of the shining lights in her community. Rev. and Mrs. Dixon have the sympathies of their friends in their sorrow. This is an awful stroke to both Father and Mother.

Barnwell Notes.

Sunday (6th Inst) was a great day with the Baptists in our town. At 10 o'clock about 1000 people white and colored assembled on the bridge that spans Turkey Creek and witnessed the baptism of 43 candidates, who had become converted by the earnest efforts of Rev. Parker, who has been in our midst for several weeks. Rev's. Callahan, and Parker both preached able sermons to vast concourses of people; many of whom came from our sister towns.

Miss Almada, and her sister Mrs. Motte spent several days in town; the presence of the latter was most agreeable to Mr. ...

Miss Daisy D. Nix, spent Sunday in town with her parents, Mr. and Mrs. Samuel Nix, returning to her school Monday morning.

Over \$400.00 has been subscribed to our new church building.

Mr. Sam Johnson, one of our oldest citizens died last week.

Mr. and Mrs. John Schofield, of Alken is here on a visit to Mr. and Mrs. A. P. Mason.
