LOOK TO YOUR OWN INTEREST.
TO THE PEOPLE OF SPARTANBURG.
I offer for your acceptance OTIS' PATENT
INSULATED LIGHTNING CONDUCTOR,
the only safe protection against Electricity, as de-
monstrated by science and experience. If the
possibility of such injury, to the South Carolina
College, Prof. Loomis, of the South Carolina
College, Prof. Loomis, of Mason College, is of any
avail, I have them. It is requisite to produce in-
stances of the failure of rods called "South Patent."
I can refer you to over thirty in South Carolina
within four years, and for one instance of failure of
Otis' Rod will pay any price any person has a mind
to ask. With this statement, which I am willing to
make good, I solicit the patronage of the public. I
shall have a wagon running through Spartanburg
this summer, so those wishing to buy, can get
them.
N. B.—Beware of the rods passing through glass
rings sold as Otis' patent.

Another Elephant at Large!!!
ANOTHER Caravan is about to invade the
sacred precincts of our village. And, notwith-
standing our clergy have preached against them,
and that we have cautioned the people to appropri-
ate money to a better use, we are in fear
the Elephantine troops will introduce their obnoxious
prophets into the pockets of our good citizens, and
siphon from them several hundred good round hard
dollars on this occasion.
We would advise our friends to call at our store,
and expend what little surplus change they have on
hand before going to the circus, as we have a large
and choice variety of GOODS, which we will sell
extremely low for cash; and the fact is, we have a
credit of inclination to handle any little fifty here
that may be stirring about.
You need not be in fear of the Elephant in pur-
chasing GOODS at our store, for although we have
been about some, we have given his Majesty a wide
berth.
