Scheme of a Lottery,
To raise 39,900 Dollars, on 266,000 Dollars, deducting 15 per Cent. from the Prizes—this Lottery consists of 38,000 Tickets, in which there are 14,539 Prizes and 23,461 Blanks, being about one and an half Blanks to a Prize.

THE Directors of the Society for establishing Useful Manufactures, having resolved to erect LOTTERIES for raising ONE HUNDRED THOUSAND DOLLARS, agreeably to an Act of the Legislature of the State of New-Jersey, have appointed the following persons to superintend and direct the drawing of the same, viz. Nicholas Low, Rufus King, Herman Le Ray, James Watson, Richard Harrison, Abijah Hammond, and Cornelius Ray, of the city of New-York—Thomas Walling, Joseph Ball, Matthew McConnell and Andrew Bayard, of the city of Philadelphia—His Excellency Richard Howell, Esq. Elias Boudinot, General Elias Dayton, James Parker, John Bayard, Doctor Lewis Donham, Samuel W. Stockton, Joshua M. Wallace, Joseph Bloomfield, and Elisha Boudinot, of New-Jersey, who offer the following Scheme of a Lottery, and pledge themselves to the public, that they will take every assurance and precaution in their power to have the Monies paid by the Managers, from time to time, as received, into the Banks at New-York and Philadelphia, to remain for the purpose of paying Prizes, which shall be immediately discharged by a check upon one of the Banks.

The drawing will commence, under the inspection of a Committee of the Superintendants, as soon as the Tickets are sold, of which timely notice will be given.

The Superintendants have appointed John N. Cumming, of Newark, Jacob R. Hardenberg, of New-Brunswick, and Jonathan Rhea, of Trenton, as immediate Managers thereof, who have given ample security for discharging the trust reposed in them.

In order to secure the punctual payment of the Prizes, the Superintendants of the Lottery have directed that the Managers shall each enter into bonds in 40,000 dollars, with four sufficient securities, to perform their instructions, the substance of which is

- I. That whenever either of the Managers shall receive the sum of Three Hundred Dollars, he shall immediately place the same in one of the Banks of New-York or Philadelphia, to the credit of the Governor of the Society, and such of the Superintendants as live in the city where the monies are placed, to remain there until the Lottery is drawn, for the payment of the Prizes.
- II. The Managers to take sufficient security for any Tickets they may sell, otherwise to be responsible for them.
- III. To keep regular books of Tickets sold, Monies received and paid into the Bank, abstracts of which shall be sent, monthly, to the Governor of the Society.
Paterson, January 1, 1794.
On application to either of the above gentlemen, information will be given where tickets may be had.

TERMS.

1. This work will be comprised in two volumes.
2. Subscribers pay for the present volume on delivery, six dollars, and the price of binding, (56 cents for boards.)
3. They may receive the succeeding volume in twenty-four weekly numbers, at a quarter dollar each, or else, when finished, at the same price as the first.
4. The subscription will be raised on the first day of June 1794, to fourteen dollars, exclusive of binding.
5. Should any copies remain for sale after the completion of the work, they will be sold at sixteen dollars, and the price of binding.
6. The names of the subscribers will be published as patrons of American literature, arts, and sciences.

It is wholly unnecessary to expatiate on the advantage to American readers, that this edition possesses, over every imported edition of any system of Geography extant. The addition of maps of the several states, procured at a very great expense, and from the best materials that are attainable, speaks such full conviction on this subject, that it would be disrespectful to the reader's understanding to suppose it requisite to enter into a detail of arguments to prove its superiority. In no similar work have such maps been ever introduced.

The emendations and additions which are

made in this work, are innumerable, and occur in every page. The public are referred to the preface for a slight sketch of a few of them.

The publisher takes the present opportunity of returning his most sincere thanks to those respectable characters who have favored him with documents for improving the maps of several of the states. He requests a continuance of their kindness; and hopes that such public spirited citizens, as are possessed of similar documents, will favor him with their assistance in perfecting his undertaking.

The extraordinary encouragement with which he has been favored, has excited in his breast the warmest sentiments of gratitude—sentiments which time will not efface. He pledges himself to the citizens of the United States, to spare neither pains nor expense to render the present edition of Guthrie's Geography improved, deserving of their patronage.

PROPOSALS FOR PUBLISHING BY SUBSCRIPTION, A Ground Plan OF THE City Philadelphia, AND ITS ENVIRONS:

Taken from actual survey, by A. P. FOLIE, Geographer, from St. Domingo.

THIS Plan will be engraved on a plate 26 inches square; and it will contain an exact description of all the squares, streets and alleys in the City and Liberties. The situation of the several public buildings, such as the State-House, City-Hall, Seat of Congress, Churches, Meeting-Houses, Hospital, Library and Seminaries of Learning—of the several Banks, and of the Federal and State Offices, will be ascertained. The parts which are built on will be distinguished from those that are not. The courses of the rivulets between Delaware and Schuylkill, and as much of the Canal, intended to connect the navigation of these two waters, as lies within the compass of the draught, will be accurately delineated. It will also be ornamented by a view of the shipping in the harbor, and an elevation of Congress-Hall, and of the other public buildings that occupy the ground contiguous. In short, nothing will be omitted to render this useful and desirable work acceptable to an enlightened public, that is in the author's power: and it shall be completed with the greatest possible dispatch, as soon as the generous encouragement of subscribers shall insure to the author such a sum as will be sufficient to defray expenses.

A Pamphlet will be delivered with each Plan, which will contain an alphabetical list of the Subscribers names, and information concerning the price, population and present state of the city.

The price to subscribers will be Two Dollars and one third, to be paid at the time of delivering the Plans.

Subscriptions will be gratefully received at the principal Bookellers in this city—and the original Draft may be seen at B. DAVIES', No. 68, Market-street, at any time until it shall be put into the hands of the Engraver.

AND FOR SALE BY John Donaldson, No. 22, Walnut-street. March 4, 1794. dtw&twf

The Public are cautioned to beware of counterfeited Five Dollar Bills of the Bank of the United States, and Twenty Dollar Bills of the Bank of North America, several of which have appeared in circulation within a few days past; they are a good general imitation of the genuine Bills, but may be distinguished by the following

M A R K S.

Five Dollar Bills of the Bank of the United States.

ALL that have appeared have the letter F. for their Alphabetical Mark.

The Texture of the Paper is thicker and whiter and it takes the ink more freely than the genuine paper.

The O. in the word Company is smaller than the M. and other letters of that word, so that a line extended from the top of the O, to touch the top of the M. would extend considerably above the range of the whole word.

In the word United the letters are narrower and closer together than the rest of the bill.

The i and s in the word promise are not parallel, the s inclining much more forward than the i.

The engraving is badly executed, the strokes of all the Letters are stronger and the device in the margin particularly is much coarser and appears darker than in the true bills. Some of the counterfeits bear date in 1791—Whereas the Bank was not in operation till December, and no five dollar bills were issued in that year.

Twenty Dollar Bills of the Bank of North America.

ALL that have appeared have the letter B. for their alphabetical mark.

They are printed on a paper nearly similar to that of the counterfeit Five Dollar Notes above described; the engraving is better executed, and they approach nearer to the appearance of the genuine bills.

The fine ruled lines through the word Twenty, in the body of the bill, are in number thirteen in the genuine bills, and but twelve in the counterfeits.

The word Company is much like the same word in the Five Dollar Bills as described above, the o being less than the m, and others following.

There is no stroke to the t in the word North whereas in the genuine bills the stroke is well defined.

The letters ent in the word Twenty, to the left hand at the bottom, do not come down to the line, but are so cut as to give an irregular appearance to the word, the Tw and they going below them.

The Signature J. Nixon, has the appearance of being written with lamp black and oil, and differs from the other inks used in printing the bills and the cashier's signature.

It is supposed these forgeries were committed in some of the Southern States, as all the counterfeits that have appeared, have come from thence, and two persons have been apprehended in Virginia, on suspicion of being the authors of them.

The reward of ONE THOUSAND DOLLARS will be paid to any Person or Persons who shall discover and prosecute to conviction the several offenders of the following description or any of them, viz.

The person or persons, who manufactured the paper on which the Bills are printed.
The person or persons, who engraved the plates.
The printer or printers, of the bills.
Every person who has acted as a principal in any other way, in the counterfeiting and uttering the said bills.

THOMAS WILLING, President of the Bank United States.
JOHN NIXON, President of the Bank of North America.
