

Gazette of the United States, & Philadelphia Daily Advertiser.

NUMBER 1346.]

SATURDAY EVENING, DECEMBER 31, 1796.

[VOLUME X.]

To the Public.

IT has been the wish of almost every class of citizens in America, that a Gazette might be published in the Metropolis, once a week which would exclude advertisements altogether. A large sheet, on this plan would contain all the intelligence, foreign and domestic;—it would come to the subscribers at a small expense, compared with that of the Daily papers, a great proportion of which is necessarily filled with advertisements;—it would be easily preserved and bound in a volume at the end of each year, or be conveniently transmitted to correspondents in any part of the world.

The first number of a paper on this plan to be entitled

THE UNIVERSAL GAZETTE,

will be published in the city of Philadelphia on Thursday the 5th day of January, 1797. It will be printed with an elegant type, on paper equal in size and quality to that on which the Philadelphia Gazette is printed; and it will contain every article of foreign and domestic news, including the arrival of vessels—price of stock &c. and a correct account of the proceedings of Congress, with an authentic copy of the laws of the United States, from the beginning of the present session of the Federal Legislature.

The price of the Universal Gazette, exclusive of postage, will be four dollars per annum, to be paid in advance, in Philadelphia, yearly; unless instructions shall be given by the subscribers to their correspondents in the city, who will engage to pay the subscription money as it becomes due.

Orders for this paper, post paid, are to be addressed to Andrew Brown, at the office of the Philadelphia Gazette, No. 29, Chestnut-street, who will be answerable for all money advanced on account of the Universal Gazette.

A Daily Paper, by post, sent any distance within one hundred miles, costs the subscribers twelve dollars, and twelve cents, per annum; any distance beyond one hundred miles, it costs thirteen dollars and fifty-eight cents, per annum, including postage.

The Universal Gazette, by excluding advertisements will contain all the intelligence of the week, and cost the subscribers by post, any distance within one hundred miles, only four dollars and fifty-two cents, per annum;—any distance beyond one hundred miles, it will cost only four dollars and seventy-eight cents per annum, including postage.

SWANN'S
Riding School, Horse Academy & Infirmary.
Adjoining the Public Square, Market Street.
T. SWANN

RETURNS his sincere thanks to those gentlemen by whom he has been employed, during his residence in this City, and flatters himself that the success of his efforts, in the numerous, obstinate and dangerous diseases in Horses, in which he has been consulted, together with his moderate charges, will secure their future favors and recommendation.

He now begs leave to inform them and the public at large that his spacious and commodious premises, erected for the purposes above described are open for the reception of pupils of either sex, who wish to be instructed in the Art of Riding, and the right method of governing their horses, so as to ride them with ease, elegance, and safety—their horses will be carefully and expeditiously broke, for every purpose, and made obedient to the will of the riders; the natural powers which are shut up in them, will be unfolded by art, calling forth uniformity of motion, and giving to that noble animal all those beauties of action which providence has so bountifully bestowed on them.

Also, at his hospital, every disorder to which the horse is liable will be treated according to the rules of art, confirmed by long and repeated experience.

The utility of the above institution has never been questioned, that it has long been wanted in this city, every gentleman's stud will manifest, and T. SWANN as the first establishment of the veterinary art, solicits and relies upon the support of that public (which he is ever anxious in serving) to enable him to bring it to perfection. The idea of a subscription for that purpose has been hinted by several gentlemen, who wish to promote the institution—the amount of each subscription to be returned by services in any of the departments he professes, agreeable to the rate of charges listed in his hand bill. Such subscription is now open, and the signatures of many respectable gentlemen already obtained. He therefore informs his friends and such Ladies and gentlemen to whom he has not the honor of being known, that he shall in a few days take the liberty of waiting upon them and soliciting their support and protection.

N. B. Horses are properly prepared for those Ladies and Gentlemen who wish to be instructed.
