FOURTH EDITION

FOURTH OF JULY AT WASHINGTON.

SPEECH OF THE PRESIDENT.

(SPECIAL DESPATCHES TO THE EVENING TELEGRAPH.)

WASHINGTON, July 5.

The Fourth was celebrated here by various associations, and by the colored Sunday Schools.

The survivors of the war of 1812 visited the President, and General Skinner, of the Post Office Department made an address in his behalf.

Mr. President said, "Permit me, Mr. President to avail ourselves of the present occasion to express our cordial approval of policy by which you have been guided, and our confidence in the wisdom and firmness you have manifested in conducting thus far the affairs of this Government under your administration, in which you will find yourself sustained by every true patriot, regardless of the assaults of corrupt press and designing schemes of politicians."

The President answered as follows: "Gentlemen—In reply I would simply assure you that the sentiments you have expressed meet my most cordial approbation, and coming on a day like this are all the more interesting and encouraging to me, especially when we are engaged in the struggle for national harmony and unity."

"The approval of my official course, which you have been pleased to announce, is very encouraging; and to be given by those who have borne so prominent a part in our country's earlier struggles, makes it still more grateful to me."

Colored People's Row.

A white boy named Cuddy fired a pistol at a colored band in the Sunday School procession, and he was seized and pretty roughly used by some of the colored men, but was rescued by others of them, and handed over to the police.

New Cemeteries.

National cemeteries have been located on the Appomattox river and on Charles City roads, near Richmond.

Congress.

On motion of Mr. Lane (Ind.), a night session was ordered for Friday, for the consideration of Pension bills.

Mr. Edmunds (Vt.), from the Committee on Commerce, reported a bill for the relief of a Marine Hopital at Soledad, La. Mok, Java, &c.

Mr. Sherman (Ohio), from the Committee on Commerce, reported a bill for the relief of a Marine Hopital at Soledad, La. Mok, Java, &c.

Mr. Wilson (Mass.) called up a resolution for the appointment of a commission to examine the claims of Massachusetts for expenses incurred in coast defense.

A resolution was adopted calling upon the President for information as to the number of American vessels destroyed by pirates off the China coast during the past year, and whether further legislation is necessary to prevent such depredations.

Mr. Wade (Ohio) called up the bill to reannex the city and county of Alexandria, Virginia, to the District of Columbia.

House of Representatives.

Mr. Faine (Mo.), from the Committee on Elections, called up the report in the contested case of Butler against Dawson, from the Twenty-first Congressional District of Pennsylvania.

On motion of Mr. Morrill (Vt.), it was postponed until Friday.

Mr. Stead (Ohio) gave notice that he would call up the question of privilege in the Grinnell-Kousser matter immediately on the conclusion of the tariff bill.

Mr. Patterson (N. H.), on leave, introduced the following bills, which were read twice, and referred to the committee on the District of Columbia.

To provide for the prolate and recording of bills of real estate situated in the District of Columbia.

To provide for the adoption of children and the change of names in the District of Columbia.

To amend the act of March 8, 1864, to enable guardians and committees of unables, appointed in several States, to act within the District of Columbia.

The bill introduced some days since by Mr. Wilson (Iowa), explanatory of the Pacific Railroad act of July 1, 1862, and July 2, 1862, came up for consideration.

Mr. Wilson offered an amendment to it, which was agreed to, providing that the act should not interfere with any right conferred on the Central Pacific Railroad Company of California.

Mr. Loan (Mo) offered an amendment, which was agreed to, requiring the Union Pacific Railroad to cross the Territory of Colorado west of longitude 100 degrees north of the Platte river and the north bank of the Republican river, in Nebraska Territory.

Mr. Wilson (Iowa) proceeded to explain and define the provisions of the bill.

Celebration of the Fourth in Massachusetts.

Boston, July 5.—The boat races on the Charles river were among the most attractive features of the celebration yesterday. The single scull race was won by Walter Brown, of Portland, who beat four competitors; time, 17 minutes and 10 seconds; distance, two miles.

The double scull race was won by John A. Andrew, of Boston, in 27 minutes and 49 seconds; distance three miles.

The four-oared race was won by Thos. of St. Johns, N. B. Time, 20 minutes 39 seconds; distance three miles.

A good deal of money changed hands on the result of the race.

The race for six-oared boats was won by the Una, of Portland, in 24 minutes and 40 seconds. The water was rough. The rowing was witnessed by over 2500 people.

The sailing regatta in the harbor also drew a large crowd. As none but Massachusetts boats were allowed to compete, the result is not of general interest. The wind was so strong that most of the boats split their sails, or met with some other accident.

The balloon in which Mr. King and a friend or two were to ascend, broke away from its moorings when it was half inflated, and when it had ascended about half a mile it exploded.

Another balloon was at once procured, and Mr. King made an excursion alone, landing safely in Essex county.

Owing to the commencement of a rain storm early in the evening, the fireworks on the Common had to be discharged, and what should have given amusement to over 100,000 people for an hour and a half had to be compressed in half an hour, thus disappointing many.

A very elegant oration was delivered at Music Hall before the City Government and invited guests, by Rev. Dr. S. K. Lothrop, of Boston.

The entire Fire Department had a fine parade, every fireman appearing in new uniform.

The Fourth in Hudson, N. J.

Hudson, N. J., July 5.—The celebration here yesterday, under the auspices of the Fire Department, passed off in fine style. The Honorable J. W. Edmunds delivered the oration, and R. Sumner, of Bridgeport, Connecticut, read a fine poem. A number of fire companies from abroad participated in the celebration, among them the American Hose, of Bridgeport, Phoenix, of Albany, Young America, of Poughkeepsie, and Hudson River Engine Company, of Coxsackie, all of which made a fine appearance, and reflected credit on their respective places.

LEGAL INTELLIGENCE.

Court of Quarter Sessions—Judge Pierce.

This day at Court is a very important one for those who, unfortunately, are not in the blessed state of matrimony; and those generally who are not boys who for the nob-hearted, manly purpose of smoothing over, and healing with the golden balm of love, a wound inflicted by matrimonial connubial conjugal, or in other words, household infidelity.

This is the day for the disposition of desertion cases. It was proposed by Esves before the gazette, sobbing and sniffing as if choking in bitterness, and swears that Adam often comes down in the form of a serpent, and seduces Eve, rejects her from his protection, and finally withdraws his protection, and leaves her to the mercy of this cold and selfish world, and then, generally, winds up by saying sweetly, that her heart being as soft as salt scap, she will show her better nature by accompanying him to the place of his exile, for so he work; and of course wherever the eye turns in this court-room, it gazes upon the sad faces of females for his wife and children.

The case of James W. Raymond, which was partially heard before Judge Allison in December and January, 1864-5, was resumed this morning.
