HELMBOLD'S PREPARATIONS.

H. T. HELMBOLD'S Concentrated Fluid Extract Buchu. THE GREAT DIURETIC.

The proprietor trusts that his remedies, from the fact of their being advertised, may not be classed as patent medicines.

BUCHU, in one form or other, has been presented by every educated physician for more than TWO HUNDRED YEARS.

H. T. HELMBOLD claims a superior mode of extracting its virtues. The experiments were made while engaged in the DRUG BUSINESS in the city of Philadelphia 19 years ago, prompted by the alarming increase of diseases of the Bladder, Kidneys, Gravel and Urinary Organs existing in both sexes.

These diseases were attracting as much attention as diseases of the liver or any other organ of the body. Upon the sound and healthy condition of these organs, the nervous system and liver were involved, and the happiness of the entire human family depended.

The Buchu, acting favorably upon both Liver and Kidneys, to prepare it so that it would retain its strength and active principle was his aim. It must not be made as housekeepers make tea, by boiling. It is a delicate leaf, and its active principle would be destroyed by such a process. It must be prepared in VACUO, and of the long leaf, fresh and carefully selected.

THE SUPERIORITY OF MY MODE OF PREPARATION ACKNOWLEDGED, I now ship to the POINT (CAPE OF GOOD HOPE) where the leaves are gathered, LARGE QUANTITIES OF MY FLUID EXTRACT.

THE ARTICLE STANDS PRE-EMINENT, AND IS KNOWN IN ALL PARTS OF THE WORLD.

The first and most important object was to offer to the afflicted a remedy that was perfectly safe, and could be taken by adults—children. Ignorant persons, who pay no attention to dose, direction, or advice, might reason, "That if a teaspoonful taken occasionally did good, two would do better, and perhaps a bottle would cure in a day."

Many have broken down their health by disipation, and on this principle, but they had been years in doing so.

What I would have understood is that no injury can arise from its use. It is as safe as any article of food, but patients must not expect any medicine to rebuild a wrecked or shattered constitution in a few days, and perhaps with a single bottle.

Notwithstanding the fact that years I have been engaged in business, there may be those located at a distance that may not be aware of all the facts, and would like to be satisfied on all the points. Having been educated a druggist, I append the following:

FROM THE LARGEST MANUFACTURING CHEMIST IN THE WORLD.

"I am acquainted with Mr. H. T. Helmbold. He occupied the drug store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise."

"Manufacturing Chemist, Ninth and Brown streets, Philadelphia, November 15, 1864."

I propose to give evidence that this remedy is not a Patent Medicine. The objection which generally lies against all discoveries and inventions in medicine is "Patent."

"If somebody should discover a remedy to prolong life, or an infallible cure for cholera or consumption, what a monster would he be to withhold his knowledge! We have yet to learn from what chapter or verse a Scripture to quote, 'that men may not heal others of their fellow-men of any disease.'"

Nor have we asked Piousness, Affected Prudence, or, in short, men who are possessed of every kind of sense but common sense, and all kinds of opinions but their own. The Buchu is a good thing—it has hundreds of thousands of living witnesses to attest its virtue and commend it. It is the prejudice of bigots and the envy of quacks.

BUCHU.—Its odor is strong, diffusive, and somewhat aromatic, its taste is bitterish, and analogous to that of mint. It is given chiefly in complaints of the urinary organs, such as gravel, chronic catarrh of the bladder, and urethra, diseases of the prostate gland, and retention of the incontinence of urine, from a loss of tone in the parts concerned in dyspepsia, chronic rheumatism, cutaneous affections, and dropsy.

TESTIMONY. CURE OF GRAVEL OF FIVE YEARS' STANDING.—STONE PASSED AND TO BE SEEN. SAVANNAH, Tenn., May 14, 1869.

Dr. H. T. Helmbold.—Dear Sir:—I introduced your "Fluid Extract Buchu" in this country about eight months ago, and am happy to state that it is meeting with universal success. We wish to inform you of one instance (among many) where your "Buchu" has worked wonders. A man in our country named J. B. Estell had been suffering about five years with gravel. About two weeks since he bought of us one bottle of your "Buchu," and before he was through with one bottle he passed a gravel that weighs eight grains, which we now have on hand in our drug store. He says he will never be without the "Buchu" in his house again. Your preparations are gaining favor every day. Very respectfully yours, ECCLES & HINKLE, Druggists.

CURE OF BLADDER AND KIDNEY AFFECTION OF LONG STANDING.—STONE PASSED AND TO BE SEEN. WESTPORT, Conn., Sept. 5, 1869.

H. T. Helmbold, Esq.—Dear Sir:—I commenced taking your "Extract of Buchu" about two weeks since for an affection of the bladder and kidneys. I have suffered by spells every day for a few days past. But yesterday relief came through the effect of your "Buchu." A stone passed from my bladder about the size of a large pea, and I now feel perfectly well and able to resume my usual mode of life. I attribute my cure to your medicine entirely, and would recommend all persons similarly affected to try it. I am, Sir, your obedient servant. Yours truly, THOMAS J. BENNETT.

EDITOR "COSMOPOLITE"—I desire as an unobscured notice to the members of Helmbold's Buchu, and for the benefit of those similarly afflicted as myself, to say that after consulting many eminent physicians, and trying nearly all the advertised remedies, in the vain hope of finding relief from aggravated kidney and bladder diseases, from which I have suffered excessively for many years, good fortune has favored me in the use of Helmbold's Buchu, and I am now perfectly cured. I thought I should like to express my sincere thanks, and encourage me to persevere in its use, and now, at the expiration of four months, although I am an infirm old man, nearly 78 years of age, and consequently

ONE HUNDRED DOLLARS WOULD BE GIVEN FOR A BOTTLE, IF NECESSARY.

RAHWAY, N. J., Dec. 8, 1869. H. T. Helmbold, Esq.—I take great pleasure in sending you a certificate in addition to the many you have received from suffering humanity. I can scarcely find language sufficiently strong to express my heartfelt gratification at the wonderful cure your "Buchu" has effected. For four years I have suffered beyond description. All my friends (with myself) came to the conclusion that my case was incurable. Accident placed your advertisement in my hands. I commenced taking your "Buchu." I followed the directions, and to my utter astonishment, before I had taken seven bottles of your valuable medicine I could give you a bottle, if I could not get it at any other price, I am entirely cured. I most earnestly recommend it to all those suffering from disease. I have told many persons several of your valuable medicine, and they are doing so with great success. Any information my fellow-citizens may require will be freely given by the subscriber at his residence, No. 15 Milton avenue, Rahway, N. J.

A CASE OF INFLAMMATION OF KIDNEYS AND GRAVEL. From MORGAN, FRAZEL & Co., GLASSBORO, Missouri, February 5, 1868.

Dr. H. T. Helmbold.—Dear Sir:—About two years ago I was troubled with both inflammation of the kidneys and gravel. I consulted several of the best physicians, without deriving any benefit whatever; and seeing your EXTRACT BUCHU advertised, I procured a few bottles and used them. The result was a complete cure in a short time. I repeat your EXTRACT BUCHU to be decidedly the best remedy extant for any and all diseases of the kidneys, and I am quite confident that it will do you good. I will be glad to publish this if you desire to do so.

Yours respectfully, EDWIN M. FRAZEL.

DR. KEYSER is a physician of over thirty years' experience, and a graduate of the Jefferson Medical College, and of the University of Medicine and Surgery, of Philadelphia.

Mr. H. T. Helmbold.—In regard to the question asked me to my opinion about Buchu, I would say that I have used and sold the article in various forms for the past thirty years. I do not think there is any form or preparation of it that I have not used. It is used in the various diseases where such medicine would be indicated. You are aware, as well as myself, that it has been extensively employed in the various diseases of the bladder and kidneys, and the reputation it has acquired, in my judgment, is warranted by the facts.

I have used and sold, as before stated, every form of Buchu—the powdered leaves, the tincture, fluid extracts—and I am not cognizant of any preparation of that plant at all equal to yours. My twenty years' experience ought, I think, to give me the right to judge of its merits; and, without prejudice or partiality, I give your preference over all others.

Having seen your preparations extensively advertised, I consulted my family physician in regard to using your Extract Buchu. He had used all kinds of advertised remedies and found them worthless, and some quite injurious; in fact, I despaired of ever getting well, and determined to use no remedies hereafter unless I knew of the ingredients of them. It was this that prompted me to use your remedy. As you advertised that it was composed of buchu, cubens, and juniper berries, it occurred to me and my physician as an excellent remedy. I followed his advice, after an examination of the article and consulting again with the druggist, I concluded to try it. I commenced using it the first month, and at the end of the second month I was cured of my disease. I am now able to perform all my usual duties, and I feel as well as in my best days. I do not mean to be without it whenever occasion may require its use in such affections.

Very truly yours, GEO. H. KEYSER, M. D., No. 140 Wood street, Pittsburg, Pa. AUG. 11, 1869.

A CASE OF TWENTY YEARS' STANDING. H. T. Helmbold, Druggist, Philadelphia, Pa., June 25, 1867.

DEAR SIR:—I have been a sufferer for upwards of twenty years with gravel, bladder, and kidney affections, during which time I have used various medical preparations, and have consulted the most eminent physicians, experiencing but little relief.

Having seen your preparations extensively advertised, I consulted my family physician in regard to using your Extract Buchu. He had used all kinds of advertised remedies and found them worthless, and some quite injurious; in fact, I despaired of ever getting well, and determined to use no remedies hereafter unless I knew of the ingredients of them. It was this that prompted me to use your remedy. As you advertised that it was composed of buchu, cubens, and juniper berries, it occurred to me and my physician as an excellent remedy. I followed his advice, after an examination of the article and consulting again with the druggist, I concluded to try it. I commenced using it the first month, and at the end of the second month I was cured of my disease. I am now able to perform all my usual duties, and I feel as well as in my best days. I do not mean to be without it whenever occasion may require its use in such affections.

Very truly yours, GEO. M. MARSHALL, Germantown, Pa. Feb. 19, 1869.

GREAT CURE OF DIABETES OF A LADY. FIFTY DOLLARS A BOTTLE. NEW YORK, Feb. 6, 1870.

DEAR SIR:—For the past eight months I have been suffering from Diabetes. I have consulted several of our leading physicians, but have failed to receive the slightest benefit from their costly medicines.

Four months ago I saw your advertisement in the "Herald." I was persuaded by a friend who had been benefited by your WORLD-RENOUNDED BUCHU. I purchased a bottle, took the contents, and was so relieved that I continued the use of it. THE DIABETES HAS ENTIRELY DISAPPEARED AFTER USING IT FOR THREE MONTHS. I WOULD GIVE \$50 A BOTTLE IF I COULD NOT GET IT AT ANY OTHER PRICE.

I most earnestly recommend it to all those suffering from this disease. Sincerely yours, A. A. STOUTINGTON, No. 123 West Twenty-seventh street.

SPEEDY RELIEF FROM KIDNEY AFFECTION OCCASIONED BY ACCIDENT. NEW YORK, Feb. 1, 1870.

Dr. H. T. Helmbold.—DEAR SIR:—On the 28th of August last, I received severe internal and external injuries, occasioned by an accident on a Philadelphia railroad car. On my arrival in New York, I was attended by Dr. WELSH, of East Fifth street, and another physician, whose name I do not now remember. After my wounds were dressed, I suffered for (3) three days intense agony from internal injuries, which affected my kidneys. I can say that after taking but three doses of your EXTRACT BUCHU, I felt greatly relieved. I used the balance of the bottle, and am happy to state that since that time I have experienced no further difficulty.

Very truly yours, P. H. KEARNEY, No. 843 Third avenue.

I respectfully refer to either of the following gentlemen:—ROBERT B. ROOSEVELT, Esq., Editor of Citizen and Bound Town. B. F. CURTIS, Esq., No. 102 Greenwich avenue. MORRIS PHILLIPS, Esq., Editor of Home Journal.
