Disaster to a Steamer.

ST. LOUIS, June 24.—The steamer Ida Reese, No. 3, of the Northwestern Transportation Company's line, struck a sand-bar and sank near the mouth of White river on the night of the 20th. She had 205 tons of Government and private freight and 55 passengers. Boat and cargo a total loss. The E. Durfee the next day took on board the passengers. No lives were lost. The Reese was valued at \$20,000. Insured for \$12,000. Value of cargo estimated at \$100,000. Full amount of insurance unknown. Wear & Allison, of this city, had \$20,000 in Indian goods.

Great Storm in Chicago.

CHICAGO, June 24.—A terrific thunder storm passed over this city last evening. The rain fell in torrents for nearly an hour, accompanied by wind, and much damage was done to buildings in course of erection. Walls were blown down, trees prostrated, and the basements of stores and saloons were flooded. The losses will probably exceed \$50,000. No marine disasters are reported. The tunnel under the river at Washington street is inundated, the water pouring in at each end.

Fatal Shooting Case.

MILWAUKEE, June 24.—Robert Willis, colored, was shot and killed in Rochester, Minn., by a white man named Stevens. The difficulty grew out of a guitar trade, involving \$1.50. Stevens was arrested.

A New Disease

has attacked the hogs in Fulton county, Illinois, different in symptoms from hog cholera, and seems more like congestive chill, as manifested in human beings. When the hogs are attacked they bunch up together. The chill is followed by fever, when they soon die. The percentage of deaths is large.

Accounts from various localities in the Northwest

represent that the locusts are dying in great numbers. In many places the ground is thickly covered with dead ones, and few live ones are seen. They have, however, done much damage to the young forest trees.
