TO OUR FRIENDS. Anxious to fulfill our promise to our subscribers, we offer the following proposition to those who are indebted to us...

Large notice.—We have received from one of our subscribers, Mrs. Leticia Dupre, of Prairie Plantation, a watermelon, weighing THIRTY-FOUR POUNDS!

Sugar Cane.—We have received from Dr. Geo. Hill, of this Parish, two splendid canes for the season, having ten red joints and measuring about five feet high, clear. Who can beat that?

Two candidates are already in the field for the office of United-States Senator for this State. Mr. Perkins is announced by the Lake Providence Herald and Mr. Sidell, by the Louisiana Courier.

Bruner; Ady Andrus.

LEON GIANELLI, one of the most popular members of the Ravel company, died at New York on the morning of the 13th instant, after a few hours illness.

Ayer's Cherry Pectoral.—Amongst the many nostrums that are daily heralded forth to the public as panaceas for nearly all the ills which afflict humanity, there are, no doubt, many entirely worthless, and others that possess all the merit which is claimed for them.

At the election held on Monday, the 17th instant, to take the sense of the people of the parish of Lafayette concerning the sale of intoxicating liquors. The votes resulted as follows:

Table with 2 columns: For the Sale, Against the Sale. Rows show vote counts for various districts.

Resignation of a State Senator.—The Hon. J. A. Beaulieu, of the parish of Orleans, has tendered his resignation to the Governor, as a State Senator, from said parish.—Baton Rouge Advocate.

A German journal contains the significant announcement that the Russian Colonel has been dispatched to Prochod, in Austria, to treat with the Count de Chambor (Henry V.) and suggests that the throne of France is to be the subject of discussion.

Interference.—Not long since, the outside case of an old French gold watch was found in Pittsburg, among the ruins of the magazine of the old French Fort. It bore the following inscription:

Excuse.—A proclamation has been issued by his Excellency Governor Adams, for the purpose of holding an election in the fourth District, to elect an associate justice of the Supreme Court, in place of Judge Campbell, resigned. The election to take place on the 14th of next month.

Arrival of CHARLES LAMB.—The following is an original "Lamb," and was, we believe, picked up by the post. Charles was once walking in the vicinity of one of the watering places in company with several ladies, one of whom remarked to another that she had just taken occasion to call forth the published satire of the "wit" after this fashion:

"Dear me, Lamb, that's shocking!" "Why, there, down on the beach; those boys bathing." "Charles looked and saw some half-dressed little boys gamboling in and out of the water, and he said to the ladies, 'Dear me, that's shocking!'" "Why, there, down on the beach; those boys bathing."

A Nice Young Woman.—A young white woman was arrested in New York, on Monday last, on a charge of bigamy, in marrying a Mr. Smith, a school teacher, while her husband was alive. It is rumored she has six husbands, two of whom are black men.

A Voucher.—A man once went to purchase a horse of a Quaker.

"Will he draw well," asked the buyer. "Will he please to see him draw." The bargain was concluded, and the farmer tried the horse, but he would not stir a step. He returned and said:

"This horse will not draw an inch." "Did you tell the man that he would draw friend, I only remarked that it would please thee to see him draw, and so it would thee, but he would never gratify me in that respect."

The Sunday Mercury says: "We like to see a young lady walking as though a flag was waving on each hip; it is so fascinating. She is just the match for the dandy who stops like an open window turkey traveling over a bed of hot ashes."

(Continued.) THE WASHINGTON MONUMENT.

Who of our citizens has contributed to the Monument, now being erected in Washington City, in honor of, and to perpetuate the memory of the great and good Washington, the father of his country?

This noble structure has attained a height of between one hundred and fifty and one hundred and twenty feet, and the work still progressing at a cost of about two hundred and thirty thousand dollars. The amount of fund however, is small, and unless the gifts and donations be more liberal and frequent, the work may have to be abandoned.

The liberal, hospitable and patriotic citizens of lower Bayou Lafourche, on the 4th of July instant, with a handsome band of music, and a large number of fifty dollars was contributed by the ladies, gentlemen and children present, to the Washington Monument, setting thereby an example worthy of imitation, and a lover of my country and of the character of him who was first in peace and first in war, first in hope that every man, woman and child in St. Landry, may soon be able to say that they have given something to the Washington Monument; whether it be five cents or five dollars.

(Telegraphed to the New Orleans Bee.) GENERAL NEWS—EASTERN AFFAIRS—THE AUSTRIAN OCCUPATION.

At the latest advices, the Austrian army, numbering about two hundred thousand troops, was on the move, and preparing to enter the Principality with the object of preventing further hostilities in that region. The whole Russian army of occupation was falling back in good order on the river Pruth.

MOVEMENTS IN THE CRIMEA. The entire forces of the Anglo-French army were engaged at Yarna, where efficient preparations are going forward for the expedition upon Crimea. The expedition is to be under the command of Lord St. Arnaud. The Turkish army, embracing the forces of the different pashas, is already on the march for the Crimea. The Emperor of Russia had left St. Petersburg, and was himself on his way to the Crimea, where he and his army were expected to be on the 20th of August.

ATTACK ON CREONSTADT.—LATEST FROM THE BALTIC. Advice from the fleet in the Baltic has been received as late as June 27th. At that date Admiral Napier was concentrating his whole force, preparing for an attack on Creonstadt.

RUSSIAN DEPART.—Advices from Odessa have been received to the 26th June, at which time the place was blockaded.

On the 23d the Turkish vanguard, consisting of 20,000 troops, attacked the Russian vanguard, and after considerable fighting defeated the latter, and drove them beyond Trapezus Wall.

ATTACK ON A SHERIFF.—Mrs Robinson, the well known murderess of Troy, N. Y., made a violent attack upon the Sheriff, a few mornings since, as he entered the jail to convey her breakfast to her. It appears that without provocation she seized a brass candlestick with marble bottom, and struck the Sheriff across the face with it, and knocked him down, and inflicting a considerable wound on his face. This official offence was the enforcement of the prison discipline. She has since been handcuffed and chained in her cell.

Hon. Robert J. Walker and the Hon. T. Butler King arrived in this city yesterday, on their way to Texas, for the purpose of consummating the arrangements for the construction of the great Southern Railroad to the Pacific, in accordance with the provisions of the charter of incorporation granted by the Legislature of that State, at its last session. They are in the finest spirits as to the completion of that magnificent enterprise, which is certainly fortunate in being under the supervision of gentlemen of so much energy and capacity. We are pleased to see that Mr. Walker has fully recovered his health, and appears as youthful and vigorous as he was at the head of the Treasury Department in the administration of Mr. Polk. We are also gratified to find Mr. King in the enjoyment of excellent health. These distinguished gentlemen returned to New Orleans yesterday.—Mobile Register, Sunday.

At the election held on Monday, the 17th instant, to take the sense of the people of the parish of Lafayette concerning the sale of intoxicating liquors. The votes resulted as follows:

Table with 2 columns: For the Sale, Against the Sale. Rows show vote counts for various districts.

The few number of votes given in the parish shows and speaks favorably of temperance on our part. (Echo of Lafayette.)

BROODY AFFAIR AT ALEXANDRIA. On the 4th inst., the Mayor of the town of Alexandria, Jas. Murray, was mortally wounded by a pistol shot. The circumstances were as follows:

A difficulty occurred at the barbeque between Geo. Hill and John C. Culbertson. Hill was trying to make a speech, but Culbertson, who had been drinking, and was in a very excited state, drew a pistol, and ordered him to put up his arms. Culbertson turned, passing his pistol to the Mayor, and fired, inflicting a mortal wound. He then tried to escape, but was arrested by the Sheriff and others, and is now in jail. It was with great difficulty that the officers kept the Mayor from lynching him.

The next day Mr. Murray died. On the 8th Culbertson's trial was to take place. A despatch of this date from Alexandria says:

There is great excitement among the friends of Mr. Murray, and it is expected that the prisoner may be taken from the officers and lynched, although there is a guard constantly around him. They threaten that he shall never reach the Court House.

HEALTH OF NEW ORLEANS. The health of this city continues to be remarkably good. A number of deaths have occurred from the excessive and unparalleled heat, but there have been no cases of any epidemic or other disease. It may safely be asserted, that the death that has occurred were due to intemperance or carelessness. The terrible excess to which drinking is carried in this city, would render a much larger mortality quite natural and reasonable. Our grog shops are most gaudy and filthy, and the prosperity of our city that the epidemics that sometimes visit it, and the habits of our people, more than the climate and locality, are the prolific sources of the pestilence, and fill our cemeteries with victims.—Dial, 26th June.

RUNNING AWAY WITH HIS WIFE.—A man about 30, and a woman about 25 years of age, representing themselves as husband and wife, and having with them two children. They applied to a gentleman of Rochester for relief, saying they were completely out of money. An intimation that the couple were not really husband and wife, caused them to leave, and a good piece to apply to the post office, and a day or two later, an old man arrived from Canada in pursuit of them. The pretended husband was his son by a former wife, and the woman his own wife.

—That man who runs down the girls, spouts ill of married women, throws a quid of tobacco into the contribution box, and takes a penny out to buy more, can never have peace in this world and never will. He chaps, and squanders and the night never will be quiet. He will hunt his wife and children on his way to that well heated prison where the convicts are led on sinners and sinners are allowed no other amusement than to sit and pick their teeth with a red hot poker through all eternity.

When a Russian soldier is drawn for the conscription he is sent to the nearest town and to be kept there. All soldiers are considered to be property of the State, and if a wife does not see her husband for five years she may marry again. One Russian woman who was stoned blind was now united to her sixteenth husband.

Died.—In New-Orleans, on Monday, the 10th inst., at a quarter past 8 o'clock, P. M., of scarlet fever, Elizabeth Ann Anthon, only child of L. M. Archbold and Eliza Prather, aged 3 years, 10 months and 27 days.

May the Redeemer who has said "Suffer little children to come unto me, and forbid them not, for of such is the Kingdom of Heaven," temper this blow to the bereaved and heart-stricken mother. How insupportable are thy wails, O Providence! But two short months before the dissolution of this lively child, the father, under the advice of his physician, was compelled to leave his family and home, to seek in the change of air and scene, relief from what was pronounced an advanced stage of consumption. An accident, as it were—a mere experiment, overcame the wasting disease, and he was rescued, as it were, from the very jaws of the grave. Having found business here, he had sent for the loved ones he had left behind him in New-Orleans, and was looking forward with bright anticipations to the approaching hour which was to reunite them—when a black-headed miserie arrived, containing the crushing announcement that they should all meet no more on earth—his only child was snatched from his arms, and he himself was lying in his bed, and the Lord had taken away—blessed be the Name of the Lord!—Alexandria Democrat.

EVERY FAMILY should at once procure a bottle of the great Arabian remedy for man and beast, called H. G. FARRELL'S ARABIAN LINIMENT. It allays the most intense pains in a few minutes, restores the synovial fluid or joint water, and thus cures stiff joints; it penetrates the flesh to the bone, relieves contracted cords, cures rheumatism and palsied limbs of twenty years standing; also tumors, swelled neck, enlargement of the glands, and is the best medicine for ailments of cattle ever discovered, curing the besties, spavins, splint, and all diseases which require an external application.

Son Pain of 10 years' standing cured by H. G. Farrell's Arabian Liniment.

Mr. H. G. Farrell.—Dear Sir: I had been afflicted with the "Sun Pain" for the last ten years and could never get relief except by bleeding; but the use of H. G. Farrell's Arabian Liniment, applied over the temples about three or four times a day, it was entirely removed, and I have felt nothing of it since. I went into the stable one night, to apply to a horse's sore leg, and being very lame he stumbled and fell against my leg, crushing and bruising them so badly that they turned black as my hat, rendering them powerless. I applied your Liniment, and in about an hour they were again as usual. I also crushed my finger in a shocking manner, by letting a black log fall upon it; your Liniment soon healed it up, though. JOHN B. MOORE.

La Salle precinct, Peoria co., Ill., Feb'y 6, 1849

Mr. H. G. Farrell's Arabian Liniment has cured some bad cases here which every other remedy had failed in; it was a white swelling and contracted cords in the leg of a boy twelve years old. The leg had withered away, and so contracted that he had no use of it. Three doctors had tried their skill upon it in vain, and he was fast sinking to the grave, when the boy's father was induced to try H. G. Farrell's Arabian Liniment. Before the first bottle was used up he came to Mr. B.'s store, and the first words he said were, "Mr. Barker, I want all that Liniment you have in store; the one bottle I got did my boy more good than all that had ever been done before." That boy is now well and hearty, and has free use of his legs. It is good for sprains, bruises, cuts, burns and swellings.

Look out for Counterfeits! The public are cautioned against another counterfeit, which has lately made its appearance, called W. B. Farrell's Arabian Liniment, the most dangerous of all the counterfeits, because his having the name of Farrell, many will buy it in good faith without the knowledge that a counterfeit exists, and they will perhaps only discover their error when the spurious mixture has wrought its evil effects.

The genuine article is manufactured only by H. G. Farrell, sole inventor and proprietor, and whose sole drugstore, No. 17 Main street, Peoria, Illinois to whom all applications for agencies must be addressed. Be sure you get it with the letters H. G. before Farrell's, thus—H. G. FARRELL'S—and his signature on the wrapper, all others are counterfeits.

Sold by John Posey, and by Hehrard & Lee, Opelousas, La. and by D. A. Allis, Washington, St. Landry Parish, La. and by several authorized agents throughout the United States. Price 25 cents per bottle.

AGENTS WANTED in every town, village and hamlet in the United States, in which one is not already established. Address H. G. Farrell as above, accompanied by good references as to character, responsibility, &c. Opelousas, June 15th, 1854.—4t.
