CONVENT AND ACADEMY
OF THE
IMMACULATE CONCEPTION,
Opelousas, Louisiana.

THIS institution will be opened by the Ladies of the "Holy Cross" in the beginning of October, in the Town of Opelousas, for the education of the young Ladies of the Parish and of the neighboring Parishes. The location is most delightful, and offers all the exterior advantages which parents may desire for their children. The system of education will embrace all the branches taught in the best Institutions of America—Reading, Spelling, Grammar, Composition, Rhetoric, Elocution, applied to the French and English languages, to both of which the utmost attention will be paid, and both of which the pupils will be carefully trained to speak and write with correctness, elegance and fluency.—Writing, Geography, sacred and profane, ancient and modern History, Mythology, Arithmetic, Book-Keeping, the elements of Algebra and Geometry, Natural Philosophy, Natural History, Domestic Economy, Sewing, Embroidery, Artificial flowers, Drawing, Painting, Vocal and Instrumental Music.—This last branch will be taught by a distinguished Artist just arrived from New Orleans.

Nothing will be omitted to kindle in the pupils a vivid emulation for learning; the greatest attention will also be paid to develop their minds, form their hearts, and cultivate their character. They will be taught nothing to fear from evil examples or evil associations, remaining at all times within the enclosure of the house, and under the eyes of kind teachers who will watch over their morals with maternal affection. They will receive no visits except from their parents or relations, who will be admitted to see them in the parlor, on Thursdays after the morning classes and on Sundays after the high mass.

The utmost attention will be paid to the health of the pupils, the diet will be wholesome and abundant, the sick will be nursed with maternal vigilance and tenderness.
Religion is the ground work of education. The Institution is Catholic, however, young ladies who may belong to other denominations will be received on the only condition of conforming to the public exercises of the house.
To enable parents to send their children at an earlier age to school—a child may profit from the age of seven or eight, and even sooner,—to keep them longer, and send several of them at once, the most moderate prices have been adopted.—For Board and Tuition, \$100 per scholastic year of ten months, payable quarterly in advance. Day scholars will pay \$30, \$30 or \$40, for the scholastic year, according to their age and the classes they will attend. Music on the Piano or the Guitar will be charged \$6 per month, \$1 per month for the use of the Piano—\$3, per month for vocal music.
Parents will have to supply their children with books and paper, and provide for the washing of their clothes; expenses incurred in sickness will also be charged to them.
Boarders will have to be supplied, at their entrance, with a musquito bar, a sufficient quantity of sheets, blankets, towels, and every day clothing; they must also bring the uniform, consisting for the whole year in a blue dress, with cape of the same color, trimmed with black velvet; two sun bonnets, 1 white, 1 of brown linen; two veils, 1 blue, 2 yds, 1 white, 2 yds; a spoon, fork, tumbler and knife; also a small basket, brushes, comb, a pitcher, bowl, and looking-glass.—these three last articles will be for sale in the house, to preserve uniformity in the dressing room.
For further particulars apply to the Superior, Sister MARY OF THE HOLY ANGELS, Superior.

A NEW DISCOVERY!
THE GREATEST AND MOST WONDERFUL IN THE WORLD.

SARSAPARILLA LOZENGES
SIMPLE and Compound, prepared by N. HERBU, Druggist and Physician, superior to all essences, syrups and extracts so named, and to all specialties heretofore known.
I have for a long time thoroughly investigated the idea of a general therapeutic agent susceptible of being applied to all diseases, the development of morbid principle of which proceeds from an internal cause, either in the blood or any of the other organs.
A careful and uninterrupted analysis of the animal, vegetable and mineral kingdoms had induced the hope that I could bring about such a result, and thanks to my indefatigable researches, it is now obtained.
I have found in some vegetables the necessary means for this grand idea, which is based upon an oleaginous principle of Sarsaparilla partly known to the public. Such is the discovery which I have the honor this day of advertising. The form of Lozenges has been given to it, because its nature consists in the possibility of doing otherwise, and I have divided it into simple and compound Lozenges in order that they might be given to children as well as adults.
My experiments were made privately, and remained unknown until wonderful results had satisfied me that I had succeeded, and that the charge of quackery could not be brought against me.
The attention of physicians and of the public are called to these Lozenges, in order that every one may witness the admirable result of the same. General effects testified to by upwards of a thousand persons. The stomach is cleansed, the blood is purified and renovated by removing all impurities from this precious organ and fluid.
SPECIAL EFFECTS.
1. Prompt and radical cure of all diseases generally.
2. Persons who have used these Lozenges have never had the cholera nor the yellow fever.
3. Venereal, syphilitic, herpetic, scrofulous, gonitic, rheumatic, and nervous and bilious diseases are completely cured a few days after the remedy is resorted to.
4. All diseases of the lungs, head, eyes, stomach, bowels, and other internal and external complaints disappear entirely, provided the Lozenges are resorted to.
For sale by the box, with a prospectus showing how they must be used.
Depot at Corner Toulouse and Bourbon streets, for sale by John Pesty, Opelousas. July 11
