Vol. XXVIII.

No. 33.

## The Opelousas Courier.

Official Journal of Town of Opelousas.  
PUBLISHED EVERY SATURDAY, BY  
LEONCE & L. A. SANDOZ.  
OPELOUSAS:  
SATURDAY, MAY 21, 1881.

Alek Boorman, of Caddo, has been confirmed as Judge of the new Louisiana judicial district.

Attention is called to the card of Jean Médicis, bricklayer and plasterer, in another column.

Read the advertisement headed "Save Money," and call at M. P. Young & Co.'s for your illuminating oils.

Bloch & Drayfus, of Washington, have dissolved the co-partnership heretofore existing between them. See notice.

A quarter mile race for a pool of \$200, will take place on the Arnaudville race course next Saturday, May 28, between mares belonging respectively to J. B. Kidder and Arcade Patin.

Artistic photographs, crayons and pastel paintings at W. A. Bonnet's Art Studio, Albert's old stand, Main Street. Oil paintings (landscapes) 22x36 inches, in a 4-inch gold bronze frame, only \$10.00.

The weather has been quite warm for the month of May, yet such as to rapidly stimulate the growth of vegetation. We have the outlook of a very hot and, we fear, sickly summer. We hope we may be mistaken.

The nomination of Stanley Matthews as associate justice of the Supreme Court of the United States was confirmed by the Senate by a majority of one. The nomination of Don Pardee, of New Orleans, for Circuit Judge, was also confirmed.

That ice cream saloon will be opened tomorrow. Mr. E. Pfefferkorn is the proprietor whom the ladies must thank for it, and the location of the establishment is on Landry street, next to the telegraph office. If the young gentlemen plead ignorance on the subject, the ladies have only to refer them to to-day's COURIER.

A BARGAIN.—200 arpents of cleared land—ready for cultivation—about 8 miles from Opelousas, titles fully guaranteed, will be sold at \$5 an arpent, cash, if applied for immediately. Inquire at this office, without delay, as this land must be sold at once, and the price asked is less than one-half its actual value.

Senators Conkling and Platt, of New York, have resigned. They could not prevail upon Garfield to withdraw the nomination of Judge Robertson as collector of the port of New York, and refused to be comforted. Robertson will undoubtedly be confirmed by the Senate.

F. S.—Robertson was confirmed on Wednesday.

We hear that the committee of nine, appointed to draft a plan upon which to organize an Immigration Association, will meet during the coming week and perform the labor assigned them. Come, hurry up, gentlemen, and let us have a mass meeting soon, otherwise this important enterprise may, through delay and indifference, die of inanition. Let your committee meet at once, and promptly discharge the duty committed to its care.

We have had about two weeks of splendid weather, and our planters have availed themselves of it to place their crops in fine condition. The crops are rather backward on account of the late spring, yet everything looks encouraging, and promises a fine yield in the fall, if no disasters occur between this and harvest time. Our farmers are working with a will that is bound to bring them a reward for their labor and energy.

Alexis Fragué, a young colored man, who was convicted some five years ago on a charge of rape, in this parish, has been pardoned by the Governor. The pardon was based upon a petition, signed by a large number of our citizens, who always doubted the guilt of the accused, and believed that his conviction was secured by suborned testimony prompted by malicious prejudice. He was released from the convict gang at this place, on last Wednesday, and went his way rejoicing.

RAILROAD DOTS.—An extensive gravel pit, with a large force of convicts, will be engaged in ballasting the road from Opelousas to Grand Coteau. The site of track between the two close bridges on Bayou Boy has been laid, and the second bridge will be finished in the course of four or five days more. There will be a stretch of seven or eight miles more to be laid before another bridge will have to be built over Bayou Boy, which will reach the parish of St. Landry, about 20 miles above Washington.

## AN ENJOYABLE EVENT AT WASHINGTON.

The concert and ball which took place at Washington, for the benefit of St. John's church, last Tuesday evening, the 17th, and continuing for two nights thereafter, proved to be in every respect an enjoyable and successful affair. Millepaugh's Hall was the place selected for the occasion, which presented a gay and brilliant appearance, being festooned with evergreens, etc. There was quite a large attendance each night, and all who attended, thoroughly enjoyed themselves. The program for the first evening was opened by Miss Lucille Posey, who delighted the audience with a beautiful piano solo. The Misses Taylor, Miss Cook and Captain Ballantines deserve special mention for the manner in which they acquitted themselves. Among those who participated from our town were: Mrs. M. K. Lastrapes, Mrs. J. Bloch, Master Albert Bloch, Miss Helen Perkins, Miss Jimmie Porter, Miss Lizzie Parrott and Miss Fannie Mayer.

The festivities were carried on until long past midnight, and all who had the good fortune to be present will long remember the occasion as one of the most delightful of the season. There is no doubt that the excursion to come off between Washington and Opelousas and way stations and New Iberia, on the 5th of June next, will prove in all its details one of the best arranged excursions for solid comfort and enjoyment that has ever been afforded our people. The committee of arrangements from Opelousas Fire Co. No. 1, having charge of the matter, are actively at work, and have determined to make the excursion a success. They will be ably seconded in their efforts by the gallant firemen of New Iberia who will take special pains to see that their guests are not disappointed on that occasion.

We desire to state one important fact: the cars will not be overcrowded, as only a limited number of tickets will be sold; therefore, those who intend to go should secure their tickets early.

PERSONAL.—On last Saturday we had the pleasure of receiving a call from our talented confrère, J. H. Congrove of the Natchitoches Viandictor. The Gen. was on his way home, where the press and material for his rejuvenated Viandictor have no doubt arrived ere this.

On Wednesday, Mr. Wm. Hall, now associate editor of the Markville Review, called to see us. Mr. Hall has many friends in St. Landry, where he was born and raised and married.

Mr. G. Miller, the popular proprietor of the famous Pointe aux Loups Springs, also paid us a visit a few days ago, being on his way to the springs where he will have things in tip-top order for the opening in a few days.

Mayor Jastrowski, of Baton Rouge, editor of the Capitollian, has been presented with a beautiful watch and chain by his friends and fellow citizens.

Elsewhere will be seen the announcement of a grand excursion from Vermilionville, on June 6th, to Galveston, Texas, at the low rate of \$5.25 for the round trip. The excursionists will have an entire day and two nights to visit the important places and witness the sights of the Island City. The Texas train will not leave Vermilionville until the arrival of the morning passenger train of the Morgan road from Washington and Opelousas. The entire trip will be only \$7.75. This will be a fine opportunity for a delightful trip to the Lone Star State. Tickets can be bought of the agent at Vermilionville from June 1st to June 5th. All aboard, or you will be left.

NEW GOODS AT BOTTOM PRICES.—We direct the attention of our readers to the advertisement of our old friend and neighbor, Mr. S. Kaufman, which will be found in another column.

Mr. Kaufman is just in receipt of a magnificent stock of goods, and has all the new and choice novelties to be found in the market. He offers special inducements to cash buyers, and we advise all those who need anything in his line to give him a call before purchasing elsewhere. Go at once, and do not delay.

Try Posey's soda water.

The resignation of the two New York senators has killed off Mahone as a powerful political factor. Formerly he balanced the power between the Republicans and Democrats in the senate, while the vice president gave the deciding vote, but now the Democrats have a majority of two in the senate, and Mahone no longer counts for anything.—N. O. Times.

The further North you go just now the hotter it is. The thermometer Wednesday was the highest ever known in Toronto, Canada, for forty-one years.

Posey's mineral water is excellent.

We take pleasure in publishing the subjoined extracts from a letter received by Col. Rogers from Winchester Hall, Esq., Col. of the 26th La. Regiment, writing the late war. Col. Hall proposes writing a history of the services of the 26th La. Reg., and to that end desires to get a roster of the two companies raised in this section of country, and any other details of interest which may throw light upon the gallant record of that regiment.

In view of the fact that there are no public records attesting the fidelity, the prowess and the endurance of those who partook in the struggle for Southern-right, it is my purpose, as one of the Colonels of the 26th Louisiana Infantry in the Confederate States service, to prepare and publish a history of the regiment, giving particularly its roster, its organization, its services, and all details in my power. I expect to do this in simple justice to the manhood that stalked all and lost all, so to honor in a cause that will commend itself through all coming time wherever self-government will be asserted or wrong resisted.

Two companies of the 26th were raised in your neighborhood, one or both in the parish of Lafayette. My object in addressing you is to obtain a roster of these companies, with such further details as may be known.

May I therefore, my dear sir, ask your valuable assistance in this matter, and enable me to put in permanent form, as an example and incentive to those who come after us, a record, which, in my poor opinion, will do no discredit to the proudest page of the Southern struggle.

With much respect,  
WINCHESTER HALL,  
Address: Winchester Hall, 181 Clark St., Chicago, Ill.

CONKLING AND PLATT.—The spectacle of a resigning official (except when one resigns in order to take a better place) is so rare that the great double resignation of Senators Conkling and Platt created a genuine sensation. Whatever was expected of those senators in their grand, gloomy and peculiar contest with the president it was not their resignations. Ben Hill or some other gentle poet should at once rise and address the senate as follows:

When lovely Conkling stoops to folly  
And folds, too late, that man betray,  
What charm can soothe the Conkling's melancholy?  
What soap can wash his grief away!

The only art his "bill" to cover  
And hide his shame in vengeance flee,  
To give his salary to another  
And beat himself to resign.

—N. O. Times.

THE CAPITOL.—A lot of copper pipe for the roof of the new State House was received on last Sunday and will be immediately laid thereon, so that the electric may go to work without delay. The brick work will be finished in about twenty days. As soon as the edifice will have been roofed, the joister will proceed to put down the flooring. From present indications it is fair to suppose that the Capitol will be in a very advanced state by the 1st of September, in time for the extra session which is fast becoming necessary in order to remodel the present revenue law.—B. H. Capitollian, 17th.

A train of two cars, drawn by the newly invented Fontaine engine, and carrying Mr. Cornelius Vanderbilt and party, made over the Canada Southern Railroad, last Thursday, the distance of 229 miles in 235 minutes. A portion of this, from Abbeysburg to St. Thomas, 111 miles, on a straight track, was made in 98 minutes! This run is unexampled in respect to its length and quickness.—N. O. Daily States.

A San Antonio correspondent to the New Orleans Democrat says railroad officials estimate that 1,000 immigrants daily are pouring through the gates of Denison and Texarkana into the Lone Star State. This is without parallel in the history of immigration, so far as the Southern States at least are concerned, and points to Texas as the rapidly developing empire State of the South.—Baton Rouge Advocate.

DIED.—At his residence, in the town of Lake Charles, on the 8th inst., THOMAS BUDD, aged 38 years.
