OPELOUSAS:

WEDNESDAY, JUNE 20, 1885.

Grant's health is not improving.

A communication from Church Point reached us too late for insertion in this issue.

Preaching at the Presbyterian Church to-morrow at 11 o'clock A. M., by the Pastor.

Prince Frederick Charles of Prussia and Field Marshal Baron von Manteuffel, the distinguished German commander, died during the past week.

Ellis, the youngest child of Mrs. Norman White, formerly a resident of this place, was drowned in Bayou Rapides, near Alexandria, a few days ago.

BASE BALL.—The Opelousas Base Ball Club played a game with the Grand Coteau Club at Grand Coteau on last Sunday evening, resulting in a tie. Nine innings were made with twelve points on each side.

The annual picnic given by Rev. J. F. Raymond to the boys of St. Mary's Academy took place on Tuesday last at Woodworth's Springs and was heartily enjoyed by all present.

There will be an Entertainment by the pupils of the Opelousas Institute at Ferrand's Hall, on the nights of the 25th and 26th of June.

The friends of the school are cordially invited to attend.

SOURCE.—There was a pleasant gathering of the young folks at the residence of the Hon. E. T. Lewis on last Tuesday night. Music and dancing ruled the hours until late in the night, when the guests departed with a happy remembrance of the hospitable entertainment of their kind host and hostess.

We are requested to announce that Mrs. Alice Schwartz will sing at High Mass in the Catholic Church of our town to-morrow, (Sunday) in the grand composition of Lambillotte. The simple announcement of this fact is sufficient to insure a large attendance on this occasion.

MONSTROSITY.—On Thursday night of last week, a colored woman on Bayou Teche, gave birth to a large, well-developed child, with two perfectly formed heads.

The child was still-born, but with proper medical care might have lived for months or years.

The Supreme Court opens here on the first Monday in July, the 28th, and in this connection we would respectfully remind our friends of the legal fraternity, and all others interested in cases coming before this tribunal, that we are prepared to do brief printing in a neat and expeditious manner at reasonable rates. Early orders respectfully solicited, and a liberal reduction made on all orders sent in before the 4th of July.

BILL CHENEY SPRINGS.—In another column will be found the advertisement of this favorite old-time summer resort, which is now ready to receive renters, and will be open for the accommodation of boarders on the 15th July. All who have visited these springs since they have been conducted by Mr. Fisher can testify to the admirable management of the proprietor and the able assistance of Mrs. Fisher in their endeavors to please the patrons of this well known and deservedly popular summer resort.

FISHING.—Two parties of the disciples of Isaac Walton went to the little Darbonne, below Barry's Landing, fishing for carp during the past week. One of the teams bagged forty carp, and forty pounds of perch, and the other caught thirty-eight carp and about fifty pounds of perch and cat in a few hours time.

One of the fishermen remarked to us: "The fish are hungry for crayfish down here, and will not let your line straighten before the hook is swallowed."

The complimentary benefit concert rendered Mrs. A. Schwartz on Thursday night by Opelousas Fire Co. No. 1 was very well attended, and the exquisite rendition of the liberal programme of vocal and instrumental music was heartily enjoyed and applauded. After the concert the young people, who constituted the larger portion of the audience, had a merry time tripping the light fantastic with a vim and entrain, and only by our several years' acquaintance with them we were able to recognize them as we are now.

We call the attention of our readers to the advertisement of Callahan & Lewis Steam Cistern Factory and Moulding Mill in today's COURIER. This factory is situated in New Iberia, and has all the facilities for turning out first class work at low figures, as the prices quoted in the advertisement will show. These cisterns, which are a specialty of theirs, they furnish mouldings, beams, trusses, ornamental fencing, and building water tanks, etc. Note the special offer for the next thirty days, and if you need anything in their line, better than a trial. In writing, mention that you saw their advertisement in the "Courier."

General Notes.

Mr. Charles McD. Packetto has assumed the editorial control of the Shreveport Times.

If the South continues to grow as it has done during the last twenty five years, the North will have to look out for its boasted industrial supremacy.—New York Herald.

The trial of Riel, the leader of the recent rebellion of Canadian half-breeds, is to begin at Regina the latter part of June. The plea of insanity, will be urged in his defense.

The name of the new British Premier is Robert Arthur Talbot Gascoyne Cecil, and his other names are Marquis of Salisbury, Earl of Salisbury, Viscount Cranbourne, Baron Cecil and Baron Ogle.

Admiral LaCombe, of the French war steamer Flore, now in Newport harbor, received instructions on Sunday to proceed to New York at 6 o'clock last night with his ship, to participate in the Bartholdi statue ceremonies.

To settle the question whether the E. in Gen. Lee's name was for Edmund or Edward, Col. Peyton Wise, of Richmond, wrote to the Gen. Custis Lee, Lee's eldest son. To this Gen. Custis Lee responds that his father's name was Robert Edward Lee, and the parties to the dispute concede that this settles the matter.

The colored voters of Virginia who have deserted from the camp of Mahone and are joining the Democratic ranks were told by Mahone and his followers last fall that if the Democratic party came in power the negroes would be "put back in slavery." The negroes have discovered that they are not put back. It is only Mahone who has been set back.—New York World, Dem.

Whenever it gets a little dull at Beauvois Hon. Jefferson Davis utters a great truth about the loss of reverence and knowledge of the Constitution, and permits it to be published. For about one month thereafter Mr. Davis is highly amused at the capering of truly loyal editors who never read the Constitution: in their lives, and don't care half as much for it as they do for a nasty bit of scandal.—Angusta Chronicle.

It is stated that cholera is reported westward along the Mediterranean. There are several cases in Terri, Alicante and Cartagena. Twelve thousand persons left Madrid during the past week in consequence of the cholera scare. The exodus is increasing. At Castellon, on Sunday, 114 new cases of cholera and thirty-six deaths were reported, and at Cartagena 214 cases and sixty deaths were reported. The people have become very much alarmed.

Philadelphia, June 15.—The Board of Health has received a letter from the United States consul at Marseilles, saying that the Italian bark Orzola had cleared with a bill of health, wool laden, for Philadelphia, and that it was subsequently discovered that two or three cases of sporadic cholera had occurred at Marseilles previous to her departure. The consul did not believe the vessel infected, but sent the letter that all necessary precautions might be taken.

Washington, June 15.—The following is an extract from a dispatch received at the State Department from United States consul Manghwinat, at Naples, in regard to the importation of old rags: "I feel that such importations are not free from danger, and especially so when that merchandise can be traced as coming from Naples, even indirectly. In this city (Naples) rags are stored just in those quarters of the city where the cholera was most severe last year."

Portland, Me., June 15.—A hearing was held here to-day before Judge Virginia on the petition of the International Express company for an order to compel the Grand Trunk Railway to carry messengers and freight between Portland and Lewiston. The railway had refused to carry express messengers, and said it could do its own expressing. The court granted the order, holding that a railway cannot discriminate in favor of itself. It can do express work, but must grant the same privileges to others.

The Democrats want the offices, but they do not blame any Republican officeholders for partisan activity, provided his conduct as an official has been satisfactory. They want his office. They think it is right a Democrat should fill it, but they also want any office of Republican officeholders, if any such there be, who have never manifested any partisan activity whatever. Out of deference to the mugs-wumps a good deal of humping has been put into this matter, yet it is always best to speak the truth.—New York Sun, Ind.

FINE IRISH POTATOES.—Our old friend Théodore Daigle, of Church Point, has certainly raised the champion Irish potato crop of the season. He planted only seven rows, two acres in length, and after using potatoes for his family of ten or twelve persons for several weeks, he dug the crop a few days ago, which gave the enormous yield of thirty-two barrels of large sized potatoes. He planted three varieties—the Early Rose, Peerless and Jackson White, so as to test their productiveness and quality. He found the Early Rose the best in general qualities, and the Jackson White the largest and most prolific. The potatoes were planted in good land, but he put hay on them before covering them. He will use his surplus of potatoes, after boiling them, in feeding his hogs. He will plant during the planting of August for his fall crop, planting the smallest potatoes whole, instead of cutting them as for the spring crop. The crops of corn and cotton around Church Point are all reported excellent and in fine condition, but more rain is still needed for the full development and maturity of the corn.

Poll Tax and How Collected.

Several gentlemen interested in the public schools in the parish have asked us if there was no way provided by law to enforce the payment of the poll tax.

Sec. 54 of Act 96 of 1882 seems to have been intended especially for that purpose. It reads as follows: "Be it enacted, etc., That the tax collector or sheriff, is authorized to sell any growing or gathered crops, or shares therein; and to proceed in the courts to procure the garnishment of any salary, compensation, or reward for personal services, or of any obligations, rights, credits, or debts, due to the tax debtor, or in any form whatever, whenever such seizure or garnishment may be necessary to collect the taxes assessed; and no deposit or security for costs shall be required in such cases."

This clause gives ample power to enforce the payment of poll tax in most cases. It gives the right to garnish wages or salary, or debt of any sort. We hope the Sheriff will begin to execute this law this fall without favor or affection, for the present year and three years back taxes. Let the Sheriff begin alphabetically in Ward 4 and we verily believe that most of these poll tax payers will come up and pay to save costs, but if they do not let him proceed steadily on to the end.

The collection of the poll taxes due for three years ought to give the public schools an additional amount of \$4000 for another year.

Every man is in honor bound to pay the lawful taxes assessed against him. It is a debt he owes his country for the protection afforded him by law.—Minden Tribune-Democrat.

We learn that a list has been prepared to receive subscriptions to a sufficient amount of stock to start a building and loan association in this city. The project is a good one and by all means ought to succeed. A building and loan association properly organized and intelligently handled in Baton Rouge would be a great benefit to it. As soon as the amount of stock has been subscribed the association will be organized.—B. R. Capitolian-Advocate.

An association of this kind in Opelousas, would prove of much benefit to the community as well as the members constituting the association. We know of towns where such organizations have proved of incalculable benefit to their material prosperity and progress.

WEATHER AND FARM NOTES.—Local showers have fallen in different portions of the parish during the past week, but in some places the drought has been rather protracted and corn has suffered in those dry spots. If good showers fall within the next few days, however, heavy crops of corn will yet be made. With a few exceptions, the cotton crop is in fine condition, growing rapidly, and promises to be the best for several years past. The rice is reported good where sufficient water was stopped for irrigating the crop.

The sentence of Alfred Simien, who was convicted in this parish April 20, 1885, for assault with intent to commit murder, to two years in the State penitentiary at hard labor, has been commuted to imprisonment in the parish jail. The petition was signed by the sheriff, district attorney, prosecuting attorney, the prosecuting witnesses, the justice of the peace where Simien resides, several jurymen and other citizens. The commutation was recommended by the trial judge, the Lieutenant Governor and Attorney General.

ABOLISHING THE SOFT PLACES.—The Treasury Department, with the view of reducing expenses at this port, which have already been cut down, has abolished the offices of one Special Deputy Collector of Customs, salary \$3000 per annum; one warehouse superintendent, salary \$2000; customs ganger No. 2, salary \$1500. The officers thus thrown out of the service are Special Deputy Thomas C. Anderson, Warehouse Superintendent James D. Kennedy, and Ganger C. C. Andolin. It is considered likely that other reductions will be made.—N. O. Picayune, June 13th.

Why go abroad in quest of health or recreation when we have at our very doors an elegantly fitted up health-restoring and health-giving resort, where every comfort and convenience and many luxuries are to be had at the most moderate prices? Read the advertisement of the Pointe-aux-Loups Springs, in another column, and make up your mind to give its celebrated curative waters a trial.

The June number of the Bicycle South, of New Orleans, La., is one highly creditable alike to the publishers and the sport it advocates, and presents a handsome typographical appearance. This exponent of Southern cycling certainly deserves the hearty support and patronage of all wheelmen throughout the country. Send for sample to 116 Gravier street, New Orleans, La.

The many friends of Capt. Sam. Haas, one of the most prominent citizens of Bayou Choctaw, La., are glad to notice that his charming and intelligent daughter, Miss Hattie, graduated recently at Holly Springs, Miss., with distinguished honors.—N. O. Times-Democrat.

A commencement sermon will be preached by Rev. T. J. Hough, in behalf of Mrs. M. M. Hayes' Female Institute, to-morrow (Sunday) at eleven a. m. Subject, Female Education. Services at the Methodist Church.

Arranging for the Allen Obsequies.

BATON ROUGE, June 13.—At a meeting held this evening at the State House, the following programme was prepared for the ceremonies to be held in this city on the 4th of July next, the day designated for the return of the remains of Gov. Allen to the capital of the State and for erecting a monument. The committee on invitation extend a general invitation to the United States civil and army officers, foreign consuls, Cotton, Produce, Mexican, Stock and Lumbermen's Exchanges, the Supreme and Circuit Judges, Associations of Army of Tennessee and Northern Virginia, Grand Army of the Republic, Confederate Veteran Associations of Shreveport, Baton Rouge and other cities, civic associations of New Orleans, military commands of New Orleans, Iberia, St. Mary and Donaldsonville, members of the General Assembly, Lieutenant Governor and Speaker of the House, foreign officers of the civil and military service in the State, Pointe Coupee Battery Association, to the members of the 4th Louisiana Regiment, of which Gov. Allen was Colonel, schools and other institutions of learning.

Col. T. G. Sparks of Pointe Coupee, and Col. H. M. Favrot of West Baton Rouge, were selected as the orators of the day; the former to treat the civil career of Allen, the latter to consider his military life.

A Remarkable Escape. Mrs. Mary A. Dailey, of Tunkhannock, Pa., was afflicted for six years with Asthma and Brouchitis, during which time the best physicians could give no relief. Her life was despaired of, until in last October she procured a bottle of Dr. King's New Discovery, when immediate relief was felt, and by continuing its use for a short time she was completely cured, gaining in flesh 50 lbs. in a few months. Free trial bottles of this certain cure of all Throat and Lung diseases at M. P. Young & Co.'s drug store. Large bottles \$1. 4
