

How to Kill Worms.

At the request of several subscribers who desire to know how to mix poison to kill cotton worms, the Shreveport Times reproduces the directions given by Capt. B. W. Marston, a successful and practical planter of Red river, and published in several issues of that paper in 1886 and last season. Capt. Marston's method of poisoning caterpillars has been indorsed by hundreds of planters and farmers. Parties interested should cut this out and preserve it for reference. Capt. Marston's letter to the Times bears date of August 10, 1886:

Nine weeks from the time I discover the caterpillar, I expect the cotton will be entirely stripped of its leaves if they are not destroyed by the ants, their natural enemy. The ants totally destroyed them in 1869, and I think they would have done it this year had July been a dry month, as they ought to increase sufficiently in a dry May and June to do so. If the cotton is stripped of its leaves this year it ought to occur in this section about September 7th, as they are discovered about the first of July. But as to destroying them: Take a pole two feet shorter than the width of two rows together. For instance, if the rows are four and a half feet, the usual distance, two being equal to nine feet, have the pole seven feet, made something like a hoe handle. Then take eight ounces lowels (domestic is too thin) and have sleeves made of it full width of the lowels and about the size of a tight shirt sleeve, using about one third of a yard for each sleeve. The full width of the lowels from each end of the pole; confine one of the sleeves over the end of the pole as a strain. It is then ready for the Paris green without any admixture. Put about two pounds in each end and tie them fast. One can then balance the pole across the horse or mule, carrying two rows at a time, and lightly dust the cotton, say about one pound per acre. An active man can dust twenty acres a day, and nothing but a heavy rain will wash it off. The dew of the next morning will adhere it firmly to the leaf and every caterpillar in the field will be killed. I have applied it this way in windy weather and enough would adhere to the leaves to do the work. If a heavy rain comes in twenty-four hours it will have to be applied again. I only put it on in time to kill the third or eating crop of caterpillars.

A Western newspaper makes the following timely and truthful remarks:

The publisher of a newspaper has one thing to sell and one thing to rent. He has the newspaper to sell and the space in the columns to rent. Can any one inform us why he should be expected to give away either one or the other? He can do it if he chooses, and he does, as a matter of practical fact, furnish a great deal of space rent free. But it does not follow that he ought to be expected to do it. It ought to be recognized as a contribution exactly as would the giving away of sugar or coffee by the groceryman. But strange to say it is not looked upon in that light at all, yet everyone knows that the existence of a paper depends as much on the rent of its space and the sale of the paper as on selling his goods instead of giving them away.

The Opelousas Courier has abandoned its idea of publishing an immigration edition. Lack of home support is the reason given. We can not understand how the business men of Opelousas can be so short sighted in this matter. Can it be that Acadia was the only corner of old St. Landry that has any men of enterprise? It looks that way. Here in this new parish we have found no trouble in securing all the patronage desired, that too without begging or insisting. The people of Opelousas should awake from their Rip Van Winkle sleep.—Crowley Signal.

Teche Pilot: Mr. F. M. Welch, the immigration worker for this section, returned last Saturday from a very extensive trip through Illinois and other states, and reports a very favorable view. Mr. Welch feels assured that he will have one hundred more Northern families located in one section by January 1st, 1889.

There will be two Census taken in this State in 1890, one by the General Government and one by the State.

Awful List of Crimes Committed.

Alas! how true and terrible is this indictment of the saloon. Oh, that from every hill-top and valley, from mountain and prairie, from city and hamlet, from Lakes to Gulf, and from sea to sea, there might this day arise the united voice of our sixty millions of people in most solemn Declaration of Independence against this cruel King, whose injuries and usurpations threaten the destruction of our free Government. As did our fathers when they resolved to throw off the absolute tyranny of a bad King, so let us give certain facts to a candid world. This monster, sitting supreme in the politics of this country, has enacted laws authorizing him to open in all our towns and cities slaughter-houses of men, women and children and of all virtue.

He has enacted laws permitting him to transform men into beasts.

He is in the direct cause of nine-tenths of the woes and sorrows which blight and curse our people.

He, hiding his monstrous deformity under the forms of law enacted by his own vassals, over whose head he cracks the slave-driver's lash in halls of legislation, maintains at our expense an army of miscreants who, at the very doors of our homes and in the shadows of our sanctuaries, prosecute the work of murder and death.

He has despoiled labor, burdened property with excessive taxation, impoverished whole communities, hindered education, corrupted morals, fostered crimes, aided all classes of vice and wrong, and plunged his unhappy victims into shame and degradation.

He would have us transmit to our children a heritage of distilleries, breweries and saloons, and chain to the weary backs of society increasing burdens of pappers, criminals, idiots and insane.

He seizes and debauches innocent children, tears sons from the arms of sorrowing mothers, and bears them away to dishonored graves. He wrings hot tears from the eyes of widows whose husbands he has sacrificed at the shrine of the drunkards' Meloch.

He sits supreme in the National Congress and makes laws in the country's capital.

He governs courts of justice, and makes ministers of the law and legislatures his lackeys.

He silences the preacher in his pulpit and muzzles the editor at his desk.

He wastes, directly and indirectly, in his revels annually more than a thousand millions of our dollars, and marshals in his staggering procession to death and hell a half-million of our people.

He is a cold, heartless, cruel murderer and assassin of the deepest dye.

He counts his victims by millions. His butcheries go on daily and nightly within sight of the portals of our homes. We can hear the shrieks of his victims and the wail of the bereaved.

He is the howling, prowling, destroying wolf, with scorching, fierce breath, descending upon every fold, slaying and devouring our best love. Let us rise in our united might and assid our ancestors in Old Windham at the call of Israel Putnam on Pomfret Heights in the last century. Let us hunt this wolf to his den and shoot him.—General Fisk, in Independent.

Alexandria Town Talk: Although we have been working hard for over five years in drawing the attention of the world to Rapides parish and Alexandria, we have never asked the assistance of the Police Jury nor of Alexandria Town Council. We now ask them to assist us in a small way financially, in making Town Talk Trade and Immigration edition the greatest advertisement Rapides parish ever had. The more people we can induce to settle in Rapides, and the more capital invested, the more prosperous do our people become, and the less taxes will they have to pay.

Alexandria Town Talk: It is fortunate that the Constitution limits the mileage of Legislators to \$60, or some of them would have carried off the State House.

The State Board of Education will meet on the 15th inst., at which time the different parish School Boards will be appointed.

Tobacco a Cure for Croup.

Chicago Herald.

Although Dr. S. Leavitt, professor of Hahnemann college, does not use tobacco in any form, he is never without a small package of fine cut in his pocket, and the reason of it is this: A gentleman of the doctor's acquaintance told him how he had saved his child's life after all the doctors had given her up. She had membranous croup, and the mother, from sheer exhaustion, had laid down for a few moments' rest, the father sat by the child. The hard, difficult breathing of the little one, growing fainter and fainter as the throat clogged up, was torture to the father. Everything in the way of emetics had been used, but without effect; but suddenly an idea struck the nearly distracted father. He remembered how deathly sick he was the first time he chewed tobacco, and having a cend in his mouth, without thinking twice he opened the child's mouth, and placed the tobacco in.

The father knew it was a desperate act, and he waited in terrible suspense for the result. It came, and quicker than he could have hoped. There was a sudden convulsive movement, and the poor little thing was nearly doubled for an instant, and seemed to writhe in agony, when, throwing herself forward, she shot from her throat a chunk of almost solid phlegm at least two inches long, and having through it a passage no larger than a small lead pencil. After a few minutes of retching the little one lay quietly back and slept calmly and sweetly, and the next day was playing around the house with all her wonted vim. Dr. Leavitt remarked that it was a rough remedy, but said he would always carry tobacco hereafter, and he does.

Proceedings of the Police Jury. Opelousas, July 30th, 1888.

The Police Jury met pursuant to adjournment. Present: E. M. Boagni, President, P. Stagg, H. Durio, R. W. Heath, E. C. Milburn, C. T. Bihm, E. S. Barry, P. Robin, S. Haas and L. J. Dossman.

The minutes of the last meeting were read and adopted.

Messrs. Parkerson and Natili, representing the Morgan's L. & Texas R. R. and Steamship Co. appeared before the Police Jury and presented the following memorial:

To the Honorable President and Members of the Police Jury of the parish of St. Landry, sitting as a board of Assessors: The undersigned Kandolph Natili and James G. Parkerson, representing the Morgan's L. & Texas R. R. and Steamship Co., and all other persons interested, respectfully represent:

That in order to avoid litigation and trouble, they have agreed to pay an assessment of Sixty-five hundred dollars per mile, as a matter of compromise, though such assessment was in excess of the actual cash value of said property; that as soon as they now propose to revise and change the assessment for the present year (1888), they now respectfully suggest that the proportion of the assessment be reduced to \$4352.30 per mile of track, and buildings at \$3000; and they now respectfully suggest that the assessment of said company be reduced to said sum; and they will ever respectfully pray.

Prescription of Accounts.

Act No. 78 of the late session amends article 3538 of the Civil Code, so that it will read: The following actions are prescribed by three years.

That for arrearsages of rent charge, annuities, alimony, or the hire of movables and immovables.

That for the payment of money lent. That for salaries of overseers, clerks, secretaries, and of teachers of the sciences, who give lessons by the year or quarter.

That of physicians, surgeons and apothecaries for visits, operations and medicines.

That of parish recorders, sheriffs, clerks and attorneys for their fees and emoluments.

That on the accounts of merchants, whether selling for wholesale or retail. That on the accounts of retailers of provisions, and that of retailers of liquors, who do not sell ardent spirits in less quantities than a quart.

That on all other accounts. This prescription only ceases from the time there has been an account acknowledged in writing a note or bond given, or an action commenced.—City Item.

The almost incredible statement is made on good authority that, in Sabine parish with a population of 15,000 most of whom are farmers, not a single farm is mortgaged or seriously encumbered with debt. This is the result of farming upon a cash basis, and denying one's self of the many extravagances which credit prompts a person to buy.

may be necessary to erect two small bridges, one in Damon Deville's lane and the other in lane between S. Haas' place and Onézime Vigne's.

On motion of Mr. Heath, Mr. J. B. Frillot was appointed Road overseer, 4th ward, on road leading from Sacket landing to Sacket landing.

On motion of Mr. Durio, Mr. Aristide Guillory was appointed road overseer, 1st ward, instead of J. Fisher, on road leading from Joubert's bridge to Catholic Church, and Mr. J. J. Thompson on road leading from his plantation to Opelousas.

On motion of Mr. Dossman, Resolved, that the position of Jack Melancon, Courthouse janitor, for an increase of salary be indefinitely postponed.

On motion of Mr. Haas, Resolved, that the bid for Public Printing of Messrs. L. & L. A. Sandoz and J. W. Jackson be accepted, and take effect after the expiration of the present contract, said printing to be done according to resolution of July 31, 1888.

On motion of Mr. Dossman, Resolved, that a committee of three be appointed to receive the assessment roll from the Assessor.

On motion of Mr. Stagg, Resolved, that a committee of three be appointed to examine and cancel vouchers in hands of ex-Treasurer. The chair appointed Messrs. Stagg, Barry and Heath. The committee reported through their chairman, Mr. Stagg, that they had examined and counted the vouchers presented by the ex-Treasurer, amounting to \$287.00, (two hundred and eighty-seven dollars), as per his statement filed, that the amount collected with items on the Cash Book, when on motion it was resolved, that the vouchers be cancelled and that the ex-Treasurer have credit for that amount, and the vouchers were accordingly cancelled. Committee recommended that they find that the said Treasurer paid in excess of money on hand five 500.00 dollars which should be placed to the credit of the Treasurer.

Mr. Durio was called to the Chair. Mr. Boagni offered a resolution stating why he and Messrs. Heath and Barry had voted in the morning against the resolution of Mr. Bihm, relative to suit No. 1430, Thos. H. Lewis, attorney. A vote was called for allowing the resolution which resulted as follows: Nay—Mr. Stagg, saying the time had passed when the explanation should have been made. Yea—Boagni, Heath, Barry and Durio.

Messrs. Boagni, Bihm and Robin voting blank. Messrs. Boagni, Barry and Heath explained their vote as follows: We voted against allowing Mr. Thos. H. Lewis a commission of 10 per cent on Attorney's fees, on the amount of Special Court-house town tax, collected by the town tax collector for the reasons: That Mr. Thos. H. Lewis being employed by the Police Jury to collect from the persons, who are the ardent of the town of Opelousas for the unpaid balance of the \$8000, special Court-house tax, was to receive a commission of 10 per cent on the amount collected. That the fee is contingent and nothing is due Mr. Lewis now, as the matter has not been settled yet. That the amount collected by Mr. J. J. Thompson, town tax collector, was collected directly from the tax payers. That this amount was voluntarily paid by the tax payers and was not collected by or through any effort of Mr. Lewis. That the amount collected by Mr. Jeff. Thompson, was collected from persons, not parties to the suit instituted by Mr. Lewis for the parish. That Mr. Jeff. Thompson collected the same by his own diligence, and was paid a commission by the town for so doing.

On motion of Mr. Stagg, Resolved, that a committee be appointed to sell contract to keep ferry over bayou Courtableau, until the bridge is built. The chair appointed the following committee: Messrs. Achille Dupré, R. S. Wilson and Leon Walsh.

On motion of Mr. Haas, Mr. Stagg was added to the above committee.

On motion of Mr. Durio, Resolved, that the committee appointed to sell contract to keep ferry over bayou Courtableau at Washington, be empowered to sell the remainder of the old draw-bridge across the said bayou, to the holder of said bridge, and the sum of one hundred and seventy-two 200.00 dollars, for cash paid out in the discharge of his official duties.

Messrs. Bihm, Dossman and Barry having been appointed a committee to examine the cash claims of T. S. Eganot, Sheriff, against the parish, reported through their chairman, Mr. Bihm, that they examined and found them correct to the amount of one hundred and seventy-two and 20/100 dollars.

On motion of Mr. Durio, Resolved, that the road overseers throughout the parish be and are hereby instructed not to consider any certificate of exemption issued by any M. D. as exempting the holder thereof from road duty, until a certificate be issued by the Coroner or one of his deputies.

On motion of Mr. Dossman, the Police Jury adjourned until August 15th, 1888, at 2:30 o'clock a. m., when they will meet for the express purpose of receiving report of committee appointed to examine books.
