

In Mr. Bouchereau's annual statement of the Louisiana sugar crop, which we consider strictly reliable, we find much interesting and valuable information. The amount of sugar manufactured in the State last year was 190,672,570 pounds, with 12,024,108 gallons of molasses, an increase over the preceding year's crop of something over 20,000,000 pounds of sugar. This crop was made from a little less than 105,000 acres of cane and the average yield to the acre throughout the sugar region was 1817 pounds of sugar and 114 gallons of molasses, worth, approximately, at last season's prices, \$185. A State, the soil of which makes such generous returns for the care and cultivation bestowed upon it, ought rapidly to become rich and prosperous, as Louisiana is certain to become within the next few years.

The results given above show that a present system of cultivation much more thorough and efficient is being practiced in the sugar region than was the case prior to the war. When the Louisiana sugar planters made half a million hogheads of sugar they thought an average of 1200 pounds of sugar to the acre a satisfactory yield, and the average was generally far below this. Last year the gross product of every acre of land whereon cane was grown for the mill was about as much as the value of four bales of cotton. Is there another solid hundred thousand acres of agricultural land in America that produces nearly twenty million dollars a year?

IRON COTTON TIE

IMPORTANT SPECIAL NOTICE.

In view of the constantly increasing popularity and demand for the

CELEBRATED ARROW TIE,

The universally recognized favorite Tie of Planters, Cotton Pressmen and Shippers of Cotton generally, the American Cotton Tie Company, limited, sole proprietors and manufacturers of said Tie, commanding unequalled facilities, have, in addition to their large stock now on hand, contracted for increased quantities, sufficient to meet the largest demand for Cotton Ties, to cover the entire crop of the coming season, and now, through their agents generally, offer the POPULAR and IRRESISTIBLE

ARROW TIE

At \$2 50 Per Bundle

Less 2 1/2 per cent. discount for cash, in bundles complete, LESS THAN THE MARKET VALUE OF PLAIN HOOP IRON; and it being the purpose of the Company to meet the continued patronage of the Planting community and to defy a competitor that may arise, their Agents are instructed to purchase the ARROW TIE from any Country Merchant at the above named price and terms for future delivery up to the first of August in quantities as may be required from time to time, settlements being made on delivery.

No competition arrests the Progress of the ARROW TIE. It is ever onward in its course as Streams flow to the Ocean.

SEE THE FOLLOWING CERTIFICATES ADDRESSED TO COMPANY'S AGENTS.

Gentlemen—It affords me great pleasure to present you with this advertisement, as evidence of our high appreciation of the value of the ARROW TIE, as a fastening for Cotton Bales. We have used it constantly in our Presses since its introduction, having found no other Tie that can compare with it in utility, durability and strength, and from our own experience we can safely recommend it to planters as the BEST TIE we have seen. Pressing from five to seven hundred bales per day, when running full time, we find it to our interest to purchase the ARROW TIE from you for the purpose of replacing any other bales that may be on the bale, taking the others off and throwing them in the scrap pile to be sold as old iron. Yours truly, (Signed) A. J. LUFKIN, Superintendent, Southern Cotton Press Company Presses, KA TOUS COMPLEX, MERCHANTS' NEW WHARF, Galveston, Texas.

I take pleasure in stating that since my superintendency of the Planters' Press, we have been constantly using the ARROW TIE. It gives entire satisfaction, and our pressmen prefer the Band and Buckle to any that they have ever used. (Signed) F. R. LUBBOCK, Superintendent, The above is endorsed by Genl. Pressmen of New Orleans, Mobile, Savannah, Charleston, Norfolk, Wilmington and Petersburg. Thanks to planters throughout all the Cotton States for the liberal support and patronage of the ARROW TIE.
