

To the Capitalists, Property Holders and Citizens of New Orleans.

The undersigned, presidents of banks and insurance companies of this city, feeling deeply the great importance of railroad connection between New Orleans and the State of Texas, and believing that the present is the most favorable time we can ever have to build such a road, and knowing that the New Orleans Pacific Railroad Company are about to place before our people a subscription to the second mortgage bonds to the extent of \$675,000, the proceeds of which will finish the grading, bridge and cross-tie the entire road from Bayou Goula to Marshall and Shreveport, which, when done, will enable the directors to make a first mortgage debt of not to exceed \$10,000 per mile, sufficient to put down steel rails, build station-houses, turn-outs, and place locomotives and cars for two passenger trains each way, daily, and at least 800 freight cars and locomotives to drive them—thereby putting the entire road in complete condition for freight and passenger traffic at a cost of less than \$15,000 per mile, the smallest cost of any railroad, per mile, in this or any other country; and further believing that some of our citizens may not have sufficient knowledge or confidence in these securities, and doubting the ability on the part of the stockholders to complete the road, the undersigned deem it not improper, at this crisis and juncture in this great enterprise, the success of which secures the future welfare and prosperity of our State and city, to place before you, under our signatures, our entire confidence, after careful examination, both as to the certainty that the road will be built speedily, if these second mortgage bonds are taken, and also that the bonds will prove a first-class seven per cent per annum interest paying investment.

And we further give it as our opinion that these bonds will have a standing in our stock market, and will be received by our several institutions as security for loans with as much readiness as any other seven per cent securities of our State.

We unhesitatingly commend these bonds for investment, for the reason that when the road is completed the revenues are morally certain to not only pay the interest on the bonds, but give handsome dividends to the stockholders.

If this loan is not taken, the work on the road must be abandoned, and all subscriptions to stock now made be greatly jeopardized.

It will be a stigma and disgrace on our people to fail in completing this connection with our prosperous sister State, and we earnestly urge the attention of our capitalists, our moneyed men, our corporations, and all classes of our citizens to come forward and subscribe to the loan.

Books for subscription will be found at the office of the company, and at the offices of all the corporations represented by the undersigned:

- Geo. Jonas, President Canal Bank.
Sam'l H. Kennedy, President State National Bank.
A. Baldwin, President New Orleans National Bank.
