Notes: The circulation and specie report shows notes in circulation to be \$10,728,796 23, against which there is held in specie \$4,700,000 05, being \$30,292 05 in excess of the amount required by law.

Notes: Congressman Debee, of New York, has commenced a suit for libel against George Washington Robertson for publishing an article charging that while an Assemblyman he took a commission of \$1000 on an act of \$7000, allowed three of his constituents for the loss of their farms through defective State titles.

Notes: It is asserted that more than two-thirds of the papers in Maine are not paying expenses. Low-priced subscription is primarily at fault.

Notes: The hotels of Maine have suspended the publication of their wine list on their bills of fare in deference to the new liquor law, which makes such publication a hollow mockery or a criminal offense.

Notes: The Inquirer does not despair of an early extension of the Morgan road from Cuero to Gonzales.

Notes: The cotton woe has made its appearance in Fort Bend and Austin counties, on the Brazos.

Notes: The New Fort Worth jail is said to be a miserable failure and not a safe place in which to confine prisoners. This seems to be the fault with all the jails in the State.

Notes: The Corpus Christi Gazette says the wool clip handled there last year was over six million pounds. This year, it is asserted by good judges, it will foot up many more.

Notes: The inhabitants on Thompson's creek, near Bryan, are excited over the alleged appearance of a mermaid in that muddy stream. The water nymph is said to be handsome by those who saw her.

Notes: Mayor A. J. Byrd, of Waco, started to Chico on the 21st with two car loads of Irish potatoes, green corn and peaches. Nothing of the kind from Texas has ever sought a market outside of the State before.

Notes: The Chief says the late frost in some places in Comanche county killed the crops outright, while in adjoining fields they were hardly touched. Many other sections report frosts—the only time that such a thing ever occurred in Texas during the month of June.

Notes: The Sabine river is noted for its big things, as well as for fat boys. While Mr. Kain was sleeping in a boat resting upon its muddy bosom, he was attacked by a huge rattlesnake, which finally succumbed before a six shooter. The snake measured seven feet nine inches in length, eighteen inches in circumference and had twenty-four rattles.

Notes: The Contra side of the ledger the Turkish soldier offers tractability, religious fanaticism, splendid muscle, and a lot of New England fire-arms. And this is the barrier against the Russian hordes now sweeping to the Danube.

Notes: To sum up as the result of my week's observations among the Ottoman troops in the field, I can say that in the hands of men of brains, energy, ambition and great purpose, the Turk could be made the finest soldier in Europe. He lacks only this to make him the same fierce warrior that he was when he carried the Crescent to Venice and Vienna. Today he is without perfect organization, is illy fed, unpaid and badly clothed, and is in the hands of aimless, procrustean, shiftless commanders, who, filled with a peculiar fatalism, sit in their tents and smoke and drink, leaving events to shape themselves.

WASHINGTON NEWS. [Cincinnati Enquirer.] WASHINGTON, June 27.—It is stated positively that a new Administration morning daily will make its appearance here about September 1. Ex-Congressman Lynch, of Maine, will be at the head of it, and \$350,000 behind it, so it is said. It is an unsupported rumor that Hayes has agreed to invest \$40,000 in the enterprise. A well-founded report to-day is that the National Republican, ex-household organ, will suspend publication within sixty days, unless some capitalist comes to its rescue.

The demand for money continues light today both in bank and on the street, and commercial paper was unchanged. Under the advance at New York Gold was 1/2 higher, but the movement was limited. Foreign Exchange followed the same course, closing 1/2 higher for sterling and 1/4 per cent for francs. Only a few sales of sterling were reported. New York eight declared 1-16 per cent. Stocks were quiet. State Consols, ex-coupon, gave way slightly, on a party with those quoted with comparison Saturday.

Premium Bonds, City scrip, Hall Paid City Coupons and State Warrants ruled at about previous rates. COTTON.—The sales to-day were confined to 750 bales at prices requiring no change in our quotations. We give a few figures and report of the Exchange as below: Gen'l Quotations. Ex. C.

The sales during the morning were consequently very limited, after which parties came together more freely, but without extending the business above the limited amount noted above. Nothing transpired to indicate any variation in prices, but yesterday's advance was fully maintained, factors adhering to their previous pretensions with unabated firmness.

The only exceptions to these remarks were when small lots were pressed upon the market to close. The dispatches reported Liverpool firm at previous rates, with sales of 10,000 bales, and arrivals opening at an advance of 1-32 which was subsequently lost; Havre unchanged, but quiet and steady at an advance of 1-16 on spots and irregular for futures, which at noon were quoted at an advance of 4-100 in July and 2-100 in August and a decline of 1-100 in 2000 in the latter month. The market closed at 12 1/2 @ 12 1/2 on 2-100 on July, 10-100 @ 12-100 on August to December inclusive, and 8-100 @ 12-100 on the latter month.

The Exchange makes the amount on shipboard cleared 14,922 bales, embracing 3644 for Liverpool, 8102 for Havre, 857 for Spain, and 1069 for coastwise ports, leaving in process, agreeably to its account at 12 m., 49,389 bales, only a part of which is on sale. Arrivals were reported as follows: at Galveston at 11 1/2; at Mobile 11 1/2; at Savannah at 11 1/2; at Charleston at 11 1/2 @ 11 1/2; at Wilmington at 11 1/2; at Norfolk at 11 1/2; at Baltimore at 12 1/2; at New York at 12 1/2 @ 12 1/2; at Boston at 12 1/2; at Memphis at 12 1/2; at Augusta at 12 1/2; at Mobile at 12 1/2; at Cincinnati at 12 1/2, and at St. Louis at 12 1/2.
