

THE CZAR'S FANT DAUGHTER.

One of Alexander's Sisters a Second Catherine. [St. Petersburg Cor. San Francisco Chronicle.] On a little frequented street, though in the immediate vicinity of the Esplanade, stands a gloomy looking building, large, but of a severe style of architecture, and painted in sombre colors. This is the Leuchtenberg Palace, a name suggestive of a dark page in the history of the Imperial family of Russia. Many of the Chronicle's readers will yet remember the somewhat romantic story of a marriage of Czar Nicholas's favorite daughter to a dashing young German officer. The Duke of Leuchtenberg was good looking, but comparatively poor and obscure, and it is said the wayward Princess made the first advance, and even that the stern Emperor consented to the marriage only to avoid scandal. At any rate, romance and royalty do not seem to agree well, and the union turned out badly. The Duchess tired of her former idol, a gay and dashing, but at the same time scholarly and thoroughly honorable, German, and began to form liaisons, the most notorious of which was with Count Stroganoff. After a life of mortified seclusion and constant study, the Duke died, refusing to recognize on his deathbed the last two children borne by the Princess. The Duke of Leuchtenberg was now joined to the army of the Danube, and may accomplish something in the field that will place a renewed lustre around his wronged father's name, and bridge the gulf that separates him and his sister from the remainder of his family.

THE SOUTH AND THE ELECTORAL COMMISSION.

[Gen. Garfield's Speech in the Ohio Republican Convention.] And in order to prevent that civil war a special tribunal was provided to determine the great question of law and constitution that arose on that subject; and when they, and all of us honorable men, were bound to stand by the result of that tribunal when that result was announced, the most violent element of the party determined that the tribunal's result should not be carried into effect, and that no count should be completed; that no President should be inaugurated; that chaos should come in place of order, and that we should touch upon the wildest anarchy in the centennial of our history; and I shall take occasion here to say that immortal honor is due to the forty men who fought in arms against the United States as rebels, as they were once, who broke from the ranks of the Northern Democratic leaders and said that the faith of the government should be kept, the count completed, and that the President of the United States should be inaugurated whether he was the man of their choice or not. [Great applause.] I take the occasion here to say in the heart of this great Abolition Reserve that no true American will ever forget the honor due to those Southern men who helped them to save the country against their Northern Democratic leaders. [Renewed applause.]

THE NEW RUSSIAN LEVIES.

The Russian militia, which has been called out by an Imperial decree, was organized late in 1876. Every man between the ages of twenty and forty belongs to the militia; and soldiers of the regular army, after completing their period of service with the colors and in the reserve, are also embodied in it. The whole force is divided into two bands. The troops of the first of these divisions may either be formed into militia corps, or, in case of need, may be employed as reinforcements for the regular army, should the regular reserves of this latter become exhausted or prove insufficient. This first band consists of men of the four youngest classes and of the first four classes of men who have passed into the militia out of the reserve. The second band comprises all the remainder of the force and is used to form militia corps only. The present levy is set at 188,000 men. The Imperial Guard, which is also to be mobilized, comprises the First, Second and Third Divisions of Infantry and the First and Second Divisions of Cavalry. In these a third division of cavalry is generally attached to the Guard.

A BOSS THIEF.

[N. Y. Cor. Cincinnati Enquirer, August 4.] The police are congratulating themselves on the capture of Peteresa, who stole articles in a Broadway store and then fired several shots at the officers who arrested him. The prisoner has been implicated in many successful crimes, including the Northampton and Keesville bank robberies. He owes five years' prison service to New York State and ten years to Delaware, having escaped from Auburn and Sing-Sing, New York, and Newcastle, Del. Four years ago, Oliver Casey arrested him for a robbery of \$5000 worth of optical instruments. He has escaped from nearly every penitentiary in the Eastern States. His biggest exploits were in robbing the Ocean Bank of this city in 1869 of \$400,000, and the Bennington (Vermont) Bank some time ago of between \$300,000 and \$400,000. Within a year he robbed a Brooklyn pawnshop of several thousand dollars' worth of property.

It appears from the very careful report of Capt. Tyler, Government Inspector of the British Board of Trade, that the most potent cause of danger on railroads arises from streams of traffic running at different rates of speed, and that they very easily occur where only passengers are carried. Thus, while on the Underground Metropolitan Railroad, with a traffic of 3,355,000 passengers per mile per annum, but no freight scarcely, only four passengers were in 1875 injured, out of 43,600,000 conveyed, the Midland Railway, with a passenger traffic of only 24,376 passengers per mile per annum, but with a huge freight traffic, killed or injured 124 persons, out of 27,764,000 passengers conveyed.

According to the information of the Virginia (Nev.) Enterprise, every engineer on the Central Pacific Railroad would have stopped his engine just where it happened to be on the 23d of July had not the order been rescinded which had reduced the wages of the employees ten per cent, and all the other employees would have followed their example.

IRON COTTON TIE

IMPORTANT SPECIAL NOTICE.

In view of the constantly increasing popularity and demand for the

CELEBRATED ARROW TIE,

The universally recognized favorite Tie of Planters, Cotton Pressmen, Merchants and all classes of Cotton generally; the Arrow Tie Company, Limited, sole proprietors and manufacturers of said Tie, commanding unequalled facilities, have, in addition to their large stock now on hand, contracted for increased quantities, sufficient to meet the largest demand for Cotton Ties, to cover the entire crop of the coming season. All now through their agents generally, offer the POPULAR and IRREPRESSIBLE

ARROW TIE

At \$2 50 Per Bundle

Less 2 1/2 per cent discount for cash, in bundles complete, LESS THAN THE MARKET VALUE OF PLAIN HOOP IRON; and it being the purpose of the company to merit the continued patronage of the P. and C. community and to defy all competition that may arise, their Agents are instructed to contract with Dealers, Factors and Country Merchants at the above named price and terms for future delivery, up to the first of August in quantities as may be required from time to time, settlements being made on delivery.

No competition arrests the Progress of the ARROW TIE. It is ever onward in its course as Streams flow to the Ocean.

SEE THE FOLLOWING CERTIFICATES ADDRESSED TO COMPANY'S AGENTS.

Gentlemen—It affords me great pleasure to present you with this statement, as evidence of our high appreciation of the value of the ARROW TIE, as a fastening for Cotton Bales.

We have used it constantly in our Presses since its introduction, having found no other Tie that can compare with it in utility, durability, strength and from our own experience we can safely recommend it to planters as the BEST Tie we have seen.

Pressing from five to seven hundred bales per day, when running full time, we find it out interest to purchase the ARROW BUCKLE from you for the purpose of replacing any other Buckle that may be on the bale, taking the others off and throwing them in the scrap pile to be sold as old iron.

Yours truly,

(Signed) E. LUKKIN, Superintendent, Southern Cotton Press Company Presses, FACTORY COMPLEX, NEW WHARF, Galveston.

I take pleasure in stating that since my superintendency of the Planters' Press, we have been constantly using the ARROW TIE. It gives entire satisfaction, and our pressmen prefer the Band and Buckle to any that they have ever used.

I am yours very truly,

(Signed) F. R. LUBBOCK, Superintendent.

The above is indorsed by Cotton Pressmen of New Orleans, Mobile, Savannah, Charleston, Norfolk, Wilmington and Petersburg.

Thanks to planters throughout all the Cotton States for the liberal support and patronage of the ARROW TIE.

New Orleans, October 4, 1876.

Having made use of the Asbestos Paint manufactured by H. W. Johns, of New York, and forwarded to me by C. A. Parker, Esq., 10 Union street, New Orleans, to be tested, I take pleasure in saying I have found them to be in every respect as represented, I can confidently recommend them to holders, owners of real estate and ship captains as being much superior, in my opinion, to any mixed paints in this or any other country, and in fact, beyond comparison with any kind in this market.
