NOTES.

Over 2000 American firms have expressed their intention to exhibit their wares and products at the French exposition.

Mr. Robert Elliot estimates that there are five millions of persons in the Madras Presidency of India, each of whose property is not worth at the most more than three or four shillings sterling.

Hon. T. C. Platt has been to the Black Hills, and thinks that justice has not been done them as a gold-producing country.

Two little odible dogs from China have been received at the Acclimatization Garden in Paris.

The Pope has recommenced work upon his memoirs, begun eight years ago, his collaborator being Father Drosca, one of the most learned of the Jesuits.

The subjects to be discussed by the Bankers' Convention next month are of interest not only to financial men, but to all classes of citizens.

California suffers from the phylloxera, the insect which has made havoc in the vineyards of France.

A disease is killing the horses at Fort Couch.

The Lone Star Rifles, of Galveston, have organized a rifle team.

The boll worm has done considerable damage to the cotton of Freestone county.

A narrow gauge railroad has been chartered, running from Denison to Sabine Pass by the way of Lawrence.

The continued drouth in Hopkins, Hunt, Delta, Lamar and Red River counties has seriously injured the crops.

The city marshal of Laredo was shot and instantly killed by a Mexican desperado on the 20th.

Deputy United States Marshal Corlew arrested C. D. Potts, postmaster at the Grove, Coryell county, Friday last.

Crop reports from eighteen counties in the neighborhood of Dallas show an acreage of 218,500 in wheat, with an average yield of fifteen bushels.

The Alamo was alive with patriotism when it was noised abroad that Col. McLeary had received a commission from Gov. Hubbard to raise a regiment in case of war with Mexico.

Sam B. Cole, a pardoned convict from Collin county, reports to the McKinney Enquirer that another convict from the same county, named Clint Sillip, sentenced for horse stealing, had laid his hand on a block and chopped it off with a spade.

Mr. T. T. White exhibited to the editor of the Gonzales Examiner a stalk of cotton which had been saturated with the worm destroyer.

The party who pursued and captured the negro convict who beat the Deputy Sheriff of Walker county last week, returned to Huntsville with a led horse, and reported that the negro escaped Sunday night somewhere between Huntsville and Madisonville.

Hereafter, British generals of more than 70 are to be retired and become ineligible for staff appointments.

SOUTHERN NEWS.

Cotton worms have appeared in East Baton Rouge parish. Planters in Avoyelles are all picking cotton and will get ahead of the worms.

Worms have appeared on the Ashland, Bogerues and Home places, Concordia parish.

Cotton picking will be general in West Feliciana September 1st. No worms are yet reported.

Typoid fever is reported in Alexandria, and the Gazette lays it to filthy back yards and impure water.

Geo. Gibson, colored, escaped from the Concordia parish last week. He was under indictment for forgery.

Torrebonne will increase its sugar product this year. The stubble, instead of being a failure, is most promising.

Valley Lafrance was accidentally shot and killed on the Fairview plantation, Plaquemines parish, August 16, whilst out hunting with a friend.

The injunction suit against the Port Hudson and Clinton Railroad has been determined against it, and the road will not change its terminus until next year, when it will be removed to Baton Rouge.

The Tensas parish Journal the 18th reports the cotton worms as numerous and destructive in the Lake St. Joseph neighborhood on ten or twelve plantations, which they would "clean out" in two weeks.

Crops are generally very fine. The excitement about caterpillars has about subsided. The worms have done some slight damage in the bottoms, but the destruction has not been, and is not expected to be, widespread.

It is feared that only one-third of an orange crop will be made in Plaquemine parish this year. The oranges on the right bank, which it was thought had wholly escaped the effect of the cold weather, prove to have been seriously damaged.

We are sorry to learn that what is said to be the second hatching of caterpillars, have made their appearance in large numbers in different portions of the parish and have commenced eating the cotton plants. The crop is a little backward, but otherwise very promising.

To what extent the worms will increase and ravage the cotton, it is impossible at this time to estimate. Some of our farmers are using poison, but among many there is a prejudice against it.

We regret exceedingly to have to report the appearance of the genuine cotton worm. This is now the principal topic of conversation, and seriously bothers the mind of every one.

as soon as they were turned loose. They demaned his authority to seize ties made in Texas from Texas lumber. He answered: By the authority of a United States marshal, I have brought the ties (over 700) to this place by keeping them by the Texas shore. They will ship them, unless prevented by force.

DAVE YOUNG'S PROPERTY.

Talking about Dave Young's property: Anticipating a civil suit for the recovery of the stolen school fund, he has put it all out of his hands.

These sales, however, will avail Young nothing. In Louisiana an official bond amounts to a mortgage of the official's property. The District Attorney is instituting proceedings against Dave Young, his bondsmen, and the purchasers of his property, ten defendants in all, for the recovery of \$33,000 filched from the school fund of Concordia while Dave was treasurer of the fund.

This suit had already been filed. Many wish that criminal proceedings might be instituted, whereby a notorious rascal would be made an example of.

RUSSIA NEEDING MEN AND MONEY. The Russians are very hard pressed for both men and money. Already their monthly war expenses are about three times as great as their revenue.

We give also the figures and report of the Exchange as below: Gen'l Quotations. Ex. Q. Inferior..... 7 1/2 %

The bulk of the stock sale is now concentrating in the hands of three solidly known speculators, who are offering the stock at 10% above our quotations, preferring to await further developments of worms, rust, etc., rather than sell at the ruling rates, and as buyers were confined to the limited amount noted above.

The Exchange makes the amount on shipboard cleared (before to-day's exports) 150 bales, embracing 25 for Liverpool and 125 for coastwise ports, leaving in process, agreeably to its account, 20,000 bales, a considerable part of which is not on sale.

At noon to-day Middling was quoted at Galveston at 10%; at Mobile at 10%; at Savannah at 10%; at Norfolk at 10%; at Baltimore at 11%; at New York at 10 1/2-16; at Boston at 11%; at Memphis at 10%; at Augusta at 10%; at Philadelphia at 11%; at Cincinnati at 10 1/2, and at St. Louis at 10 1/2.

Exports (Friday to Tuesday inclusive) to Great Britain 187 bales, against 3294 last week and 6317 last year, and to the Continent 243 bales, against 75 last week and 700 last year.

Stocks at all the delivery ports made up to 12 m. 121,500 bales, against 124,438 last week and 124,438 last year.

TOBACCO—We did not hear of a transaction to-day. The amount on sale is estimated at 6300 hogs. We repeat our revised quotations, as follows: Inferior lugs 3 1/2 %; low lugs 3 1/4 %; medium 4 1/4 %; good to low 5 1/2 %; low leaf 6 1/4 %; 7 1/2 %; medium 6 1/2 %; good 10 1/2 %; fine 11 1/2 %; and selections 12 1/4 %.

Received since last evening none; exported 265 to-day, stock on hand by our running statement 8383 hogs.

FREIGHTS—A ship has been laid on for Havre at 1c for cotton. The only steamship up for Liverpool is sailing on Monday at 10 1/2, for Boston, Providence, Fall River, Philadelphia and Baltimore, via New York, 5%; to New York 1/2c. Grain to Liverpool 12d.

By rail—Cotton to Liverpool @—; to Havre @—.

SUGAR—No receipts this morning. The market is extremely dull and prices are nominal. We quote job lots: Common to low fair 8 1/2 %; fair to good 9 1/2 %; prime 10 1/2 %; extra 11 1/2 %; centrifugal 8 1/2 %; white clarified 10 1/2 % @ 1 1/2 lb.

We learn from a leading broker, who is largely interested in the sugar crop, that rates are generally needed for the season, and if the drouth continues during September and October, the crop will suffer very materially.

MOLASSES—Received this morning 9 bbls. The market is dull, and there is not sufficient coming in to warrant quotations.

CITY REFINERY SUGAR—Is selling on orders at 11 1/2 @ 11 1/4 for standard A in bbls, 11 1/4 for powdered and granulated, 11 1/4 for crushed and 12c for cut-in in bbls.

CITY REFINERY MOLASSES—Is selling on orders at 85c for common, 40c for fair, 47c for prime, 57c for choice, and 55c per gallon for golden syrup.

FLOUR—Received this morning 800 bbls. The market is dull as unchanged price, and only a small local demand to-day. The sales are confined to 550 bbls, of which 25 bbls were at 48c; 50 good treble extra at 36 1/2; 25 and 75 choice extra at 46 1/2; 25 and 25 do at 46 1/2; 25 do at 47; 25 fancy at 47; 50 fancy at 47 3/4; and 50 bbls on private terms.
