

INSURANCE NEWS.

We have been asked, "What is the cause of your fight against the coal oil men?" We reply, we have no fight against them...

THE SECURITY LIFE.—A person by the name of Hartmann, of New York, has recently sent the policy-holders of the Security a circular to the effect that he was prepared to collect claims against that company...

Dear Sir:—As I stated in my circular of the 10th ult., one of which was mailed to each policy-holder, I can see no possible advantage to be obtained by the employment of a third party...

What bond does Hartmann give? and why in any case should he be trusted more than the receiver? Those who send one dollar are not likely to hear from him again.

We said some days since that 15,000 lives and \$20,000,000 of property had been destroyed through the agency of explosive coal oils in thirty-eight cities...

It is estimated that between 5000 and 6000 persons lost their lives in the United States alone, during the year 1876, through the use of explosive coal oils...

What a commentary on the cupidly prompting the sale of dangerous oils and upon the short sighted economy of purchasing it. Have we not in this a full vindication of our position in regard to this question?

Since writing the above, we learn that the Mayor has knowledge of propositions now on the way from St. Louis, looking to the satisfactory settlement of the coal oil storage question...
