RIVER NEWS.

OFFICE NEW ORLEANS DEMOCRAT, Saturday, April 27, 1878.

Arrivals.

St. Mary, Golden Rule, Natchez, Isabel, Assumption, Mollie Moore, Mary Ida.

Departures.

Wild Gazelle, Isabel, Henry Tete, Gov. Allen.

To Arrive.

Ouachita Belle, Gov. Allen, Bayou Sara; Henry Tete, Eva, Lafourche; Martha, Isabel, Wild Gazelle, lower coast; Texas, Red river; Golden City, Cincinnati; C. P. Chouteau, Memphis.

The weather continues clear and very pleasant.

Business fair.

The Bastrop was receiving liberally yesterday and will leave to-day at 5 p. m. for all way landings on the Black and Ouachita rivers through to Camden. Capt. Gus Hodge in command, L. P. Delahoussaye clerk.

See special notice to Red river shippers in another column.

The sale of the Cotton Valley was being negotiated yesterday and will be most probably accomplished to-day.

Thanks to Mr. Shaw, of the Golden Rule, for a copy of the Golden Rule Pilot of yesterday.

The Natchez will defer her departure this evening until after the races are over, and has a special to that effect in another column.

The Danube was brought to the landing yesterday.

The Golden City, J. D. Hegler master, will arrive to-morrow morning from the Ohio, and return Tuesday.

Don't forget that the Belle leaves this morning, as usual, for the upper coast.

The Danube, Capt. Charlie Thorn, leaves to-day for Red river, instead of the Texas, previously announced.

The Katie leaves Monday, without fail, at 5 p. m., for Louisville. For passenger accommodation the Katie is without a superior, and as she will in all probability go up the river in a hurry a most desirable trip is offered. Capt. J. M. White will command, Mr. Curt Holmes clerk.

The Danube, leaving to-day for Red river, takes Minden freight, reshipping on the Frank Willard.

The Natchez arrived on time from Vicksburg, and will return to-day, as usual.

The Ouachita Belle for the coast to Bayou Sara to day.

The Wild Gazelle will return from the lower coast this evening, and leave Monday, as usual.

The Texas will be on berth to leave for the Tensas and Macon Saturday next, without fail. Capt. L. V. Cooley in command, Mr. H. Molaison clerk.

The C., L. and N. O. Packet Line steamer Golden Rule, O. P. Shinkle, master, W. R. Shaw clerk, arrived Thursday night from Cincinnati and returns to-day without fail. The Golden Rule is one of the crack boats of the line, and is unsurpassed in it for strength, speed and safety. Her cabin is elegantly furnished, the tables are provided with the best the market affords, her officers are polite and attentive, there is a complete and well selected library aboard for the benefit of passengers, also a band of music for their further entertainment, and last, but not least by any means, a real newspaper is printed aboard filled with interesting reading matter and current news gathered from points along the route, surely attractions enough are offered on this fine boat to induce travel, and that she is so popular with the traveling public is not to be wondered at. Capt. Shinkle will deter her departure this evening until after the races.

The St. Mary brought an anchor, a pump, the safe and a lot of loose cotton from the Dawn.

Mr. Charlie Drown is in charge of the Danube's office.

The Mollie Moore, not arriving in time to leave yesterday for St. Louis will go to-day.

The St. Francis Belle leaves daily at 7:30 a. m. from Bienville street for Westwego, running in connection with the New Orleans and Texas Railroad to Donaldsonville.

The splendid steamer St. Mary, Joe Dalferes master, E. Nicolle clerk, leaves to-day at 10 a. m. for the coast and Bayou Lafourche, through to Laurel Valley.

The fleet Belle, in place of the Blue Wing No. 3, leaves to-day at 10 o'clock a. m. for the upper coast to the Ashland plantation. J. A. Comstock in command, Geo. M. Woods clerk.

The reliable Mary Ida, J. A. Ruiz in command, leaves this 10 a. m. promptly for the upper coast to Bon Tureaud's plantation. Mr. Ed. Nicolle has charge of the office.

The Ouachita Belle, John C. Libano master, J. H. Mossop clerk, leaves to-day promptly at 5 p. m. for Bayou Sara, Baton Rouge, Plaquemine and all coast landings.

The Natchez, T. P. Leathers master, J. F. Muse clerk, leaves to-day at 5 p. m. for Vicksburg and all mail landings.

The Bart Able, Richard Sinnott master, Geo. C. Hamilton clerk, leaves to-day at 5 p. m., for Alexandria, Grand Ecore and Coushatta.

The regular semi-weekly Bayou Lafourche packet Assumption, P. A. Charlet master, N. Z. Dupuis and Joe Legroue clerks, leaves to-day at 5 p. m. for Thibodaux.

The New Orleans and Red River Transportation Company's steamer Danube is receiving to leave to-day for Shreveport. Chas. Thorn commands; C. W. Drown clerk.

The iron steamer Chas. P. Chouteau, W. H. Thorwegan master, Geo. Miltenberger clerk, leaves to-day for Memphis, Cairo and St. Louis.

The Kountz line steamer Mollie Moore, L. J. Allen master, leaves to-day for St. Louis and all intermediate points.

[By Telegraph.]

VICKSBURG, April 26.—To C. G. Wayne: The Golen Rule will arrive Sunday morning.

J. D. HEGLER.

Exchange Clippings.

Cincinnati Commercial, April 24:

Capt. Jack De Har, of the lost Shannon, is in the city. He has not yet made a contract for a new steamer.

The Charles Morgan telegraphs to arrive from New Orleans this morning at 10 o'clock, six days and seventeen hours out from port to port, including all detentions.

The Schenck will arrive from New Orleans this evening, and return on Thursday, followed by the Morgan on Saturday.

Mr. C. T. Dumont proposes giving an excursion on the new iron steamer he is building here for Capt. Kranz, who is here purchasing her outfit and superintending the minor details of her completion. This iron steamer will ply between New Orleans and Grand Isle.

The new boat Capt. Frank Hicks contemplates building will be 275 feet long, 52 feet beam and 10 feet depth of hold with 20 feet space between decks, and a small cabin with only 10 staterooms on each side. The cylinders will be 25 inches in diameter, or 28 inches if he can get them, and they will have 9 feet stroke. He has an eye on the machinery of the towboat Boaz, or Ajax, we don't know which, but think it is the former. He is consulting Cincinnati builders.

Courier-Journal, April 24:

Capt. Lee has gone to St. Louis, but will be back in a day or two.

Capt. Cannon returned from a visit to his home in Frankfort yesterday morning.

Make your deckhands sign for the round trip, and then they jump your boat at peril of their liberty. Boats won't have many suits of seamen's wages if they adopt the plan of sea-going vessels.

The new pilot-house will put the finishing touch to the beautiful appearance of the new John W. Cannon.

Memphis Avalanche, April 25:

The Ashland left Fort Smith for New Orleans on Monday last.

The City of Augusta is to be towed to Paducah or Mound City shortly, there to be lengthened and converted into a sternwheel boat for the White river trade.

HE PREFERRED TO WALK.

"She's pretty hot, ain't she?" said a backwoods passenger, addressing the engineer of a Mississippi steamer that was racing with another boat.

"So-so," responded the engineer, as he hung an additional wrench on the safety-valve cord to stop the steam from escaping.

"I reckon we'll overtake that craft soon," pursued the passenger.

"That's about it," returned the engineer, giving the chords another twitch and hallooing through the trumpet to the firemen to "shove her up."

"One hundred and ninety-five," hummed the passenger, looking first at the gauge and then at the boilers.

"That's about where she's rusticating," put in the engineer.

Then the passenger ran his fingers through his hair nervously, and walked about the decks for a few minutes; when he came back to the engineer and observed:

"Hadn't you better leave that boat go?"

"Can't do it; must pass her."

"But s'posen we should blow up?"

"Well," said the engineer, as he peeped over the guards to see how fast he was gaining, "if it's the will of Providence for this boat to blow up we'll have to stand it." Then he hallowed to the fireman to roll up another cask of bacon, and to mix plenty of rosin with the coal and give her a little more turpentine and oil.

The next moment there was a splash heard in the river; but before the yawl could be lowered, the man had succeeded in reaching the shore and hallooed out:

"Go on with the race. I guess I'll walk!"—[Commodore Rollingpin.
