## FORTY-FIFTH CONGRESS.

Mr. Beek's motion to strike out the first of September, 1828, and insert 'passage of this set' was rojected-yeas 22, navs 34.

Mr. Kernan said that if the bill was sent back to the House there would be a delay in its passage and it might fail to become a law. Hoappeoled to the friends of repeal to voic down the Sanato's amendment and pass the bill as it came from the H see.

Mr. Davis, of illineis, said if the amendment was not adopted the bill would lead to more littingation than the bank or tart is self.

Mr. Garlield, of Ohlo, from the Committee on Rules, reported a resolution to amend the rules in relation to the reports from the Committees on Ways and Means and Appropriations. He explained that the calendar was greatly encumbered with special orders, and the amendment reported contamplated that bills from the Mays and M and Committee and from the Appropriation Committee may be made special orders by a majority, but that it shall require a suspension of the rules to make all other bills apscial orders.

Mr. Conger, of Mebrigae, and other gentlemen thought the samendo-ent made a radical cleaner in the mode of proceeding. They though it should have a more careful consideration by the House.

the House.
Mr. Mills, of Texas, said that the rules in this
House seemed to have been framed more for
the purpose of obstructing legislation than to
ald it and rush it forward. What was needed
was a modification and revision of the rules. A
committee should be a pondired for that rurpose,
and, if needs be, authorized to sit during the
recess.

and, if needs be, authorized to sit during the recess.

Mr. Garfield aid he was pressed by gentlemen on all sides to let the subset go over, and he would therefore ask that the report just made and one to be made be printed in the Record together with the rules proposed to be amended, and he would call them up at some futurestime. The other amendment proposed by the committee was that bills originating in the Senate concerning appropriations, money, lends or property of the U fied States, and all Senate amendments to the House appropriation bills, inviting new legislation, shall have their first consideration in committees of the whole.

The entire subject was ordered printed in the Record.

The entire subject was ordered printed in the Record.

Mr. Banning, of Ohlo, from the Committee on Military Aff.drs. reported a j ist resolution providing for the Issue to the Territories of such arms as n ay be deemed necessary; said arms to be only such as have been superseded by other arms for the army. Passed.

Under the regular order the committees were called for. Beports of a private nature and a large number of private bills for tensions were reported and referred to the private calendar.

On motion of Mr. Bright, of Tennessee, the House went into committee of the whole on the private calendar.

Mr. Roapp in the chair.

The first bill on the calendar for consideration was that for the relif of the Collego of William and Mary, in Virginia.

Mr. Goode of Virginia, asked that it be laid aside, so that other bills each the taken up, and in answer to a question he said he would not press the bill again this session. The bill was laid aside.

The next bill was one reported from the Committee on War Claims, for a namment to Richard Henter, executor of John Heater, deceased, bit of Loudon county, Virginia, of the sum of \$188, for stores and supplies taken by the United States Army. The bill was reported by Mr. Keifer, from the Committee on War Claims, who advocated it on the ground that John Heater was loyal through of the war.

Mr. Hange of Wise, msin, exposed all this class of claims, for they were doub ful. He resided for some time during the war in the Saro of Virginia, and in the very region where this claimant resided, and he never found many who were loyal to anything except Virginia and the Confederacy.

Mr. Hanton, of Virginia, said he had been in that disried during the war.

Mr. Thouse of the war, and that they were loyal in Loudon county during the war.

Mr. Thouse said flawers and that they were loyal in Loudon county during the war.

Mr. Thornburg of Tennessee, disputed a boont made by Mr. B asgettad that the

ber seld. Elsworth was killed in re early in the war.

Mr. Thornburg, of Tennessee, disputed a point made by Mr. B agg that there were few if any loyal men in the bouth who had a right to demand payme t for claims. He was prepared to assert now that if all the claims of loyal men panding, and if all the claims of loyal men panding, and if all the claims of loyal men paid were added tygether, it would not amount to one that of the losses sugained by loyal men of the South. To repudiate the claims of loyal men of the South was as dishonorable as to repudiate any portion of the actional debt.

honorable as to repudite any portion of the national debt.

Mr. McMahon, of Iowa, was surprised to hear the gentleman from Temesces asy that all the claims of loyal men that had been paid did not amount to one-ters h of what was due. He would read from a speech delivered by Secretary Sheeman in 1876, in witch he said that the government had literally given to the Southern of the country of the sent the war the aggregate um of \$100,000,000. How does the gentleman (Mr. Thornburg) claim that it is only one tenth, and one thousand millions of preparty was taken from the loyal people of the South?

Mr. Thornburg said he had no reference to

the fraudulent claims that had been put into this Democratic Congress, and which had been
