

A MILITARY EDUCATION.

(Continued from first page.)

I trust you will not find this article too long and that it will awaken interest in this matter, for there ought to be at least one Negro boy in each of these schools at all times. Wherever there is a district with a Negro Congressman, he should see that some boy in his district is properly prepared to go through either of these schools and then appoint him and stand by him during the four years he is there.

Very truly yours,
HENRY O. FLIPPER.
Santa Fe, N. Mex.

Prof. W. H. Goler, president of Livingstone College, Salisbury, N. C., writes that the report going the rounds of the press that the faculty of Livingstone College voted for the amendment is not true and was contradicted in the Charlotte, (N. C.,) Observer of August 4th. This should effectually dispose of the lie that was given birth with a view of impressing the country that the infamous amendment had some support among respectable Negroes.

THE DIVORCE MILL.

In his answer to the petition of his wife for divorce, Lawyer Malachi Gibson makes a general denial of the charges against him and makes counter charges against the petitioner. His wife, Mrs. Mary M. Syphax Gibson, asked for divorce on the ground of cruelty and the alleged habitual drunkenness of her husband. In his answer Mr. Gibson declares that since his marriage to the petitioner, she purchased and drank much whiskey, wine and beer. To satisfy her cravings, he states that he, too, has purchased liquors for her. Mr. Gibson is a clerk, employed in the Treasury Department at a salary of \$1,600 a year, and his wife asked that she be allowed alimony during the pendency of the proceedings and also counsel fees.

After hearing the petition and answer Justice Barnard ordered that the defendant shall pay his wife \$30 per month as alimony while the case is pending and \$50 for counsel fees.

Mrs. Louise E. Lucy from whom her husband Dr. W. A. Lucy asks a divorce on the ground of cruel treatment has filed an answer to the charges, and pleaded for divorce and alimony under a cross bill. She asserts that Dr. Lucy has failed to provide for her though asked to do so, and that in his effort to "pass for white" he has shamefully abused and neglected her. She has been granted alimony during the pending of the suit and counsel fees. Both cases are attracting much attention on account of the prominence of all the parties.

Mr. Ferguson Makes a Practical Suggestion.

E. E. Cooper, Esq., Editor Colored American, Sir:—Believing that the idea "A West Point of our own" spoken of by Mr. J. C. Cunningham in The American of the 11th inst., a good one and wishing to see it carried out I will contribute from two to five dollars a year as long as I am able toward establishing such a chair in some institution. I suggest that Mr. D. B. McCary act as disbursing officer of such a fund and that Professors Booker T. Washington, W. H. Council, R. H. Terrell and Genl. Nelson A. Miles and Assistant Secretary of War George D. Meiklejohn act as a committee to formulate plans for said idea.

Very respectfully,
WM. T. FERGUSON,
1420 Pierce Place, Wash. D. C.

REV. JUSTICE J. EVANS SPEAKS.

He Gives All Men Warning, And Fair Warning To The Negro. There Is Much Meaning In This Who Can Interpret It? "A 25 Cents Gets The Book.

Mr. Editor there is a God whose eye never sleeps and while He is looking at me, I want to ask the Negro Editors through your paper, and ask all readers of the Negro Race Newspapers to please notify all the people that they can that I, Justus J. Evans, have prepared a book for the solving the Negro problem to be sent now in a few days to the people who have personally sent to me for the book. I have published an account of it in many Negro Newspapers stating what the book is for, and now I give all men due warning by this letter, and by what I have previously said about it in either papers, wishing not to take advantage of them, I say now again, that the people, the good people to whom I send the book, will be given power and a plan in it by which they as a body are to take absolute control of the leadership of the Negro race forever, and I say now that there is, now, no wisdom, power, influence, skill, wit or witty-wit that can be found outside of God. In Babylon, in Egypt or Sodom, or among the wise men of the world, or among society, churches or political science, or other project-ingenuity that will be able to defeat the elements of power and wisdom that are in league with the contents of the book, or there is now no power among nations, churches or societies that can keep the people who coincide with the leadings and plans of the book, and its wisdom, from taking absolute control of the leadership and affairs of the Negro race of America at once. This is warning to all men, and it is fair warning to the Negro and leaders as a hint to them; the book is no private communication; it is sent to any and every man or woman who sends to me at once 25 cents, as a gift to the publishing fund of the book, 712 N. 2nd Street, Richmond, Va.

I am, JUSTUS J. EVANS, the Author.

P. S.: The above book is not sold by agents; it is sent direct to those only who send 25 cents to the author for it. The book will show how to defeat the evils and elements that defeat the progress of the Negro race. It will show how one hundred million (\$100,000,000) of dollars will be gathered and controlled in defence of the Negro race of America within 7 to 10 years from date of its issue. Is a book like this worth

25 cents? Every one who wants to look through the book can do so by sending 25 cents to Rev. Justus J. Evans, the author, at 712 N. 2nd St., Richmond, Va., at once as the book is now ready.
