Three million logs in one massive pile make a very interesting sight. A large photograph of such a pile at Amberg, Wis., and 30 other interesting views will form a part of the exhibit of the lumber industries of northern Wisconsin, at the Pan-American exposition.

There will be only one building at the Pan-American exhibition in Buffalo designed in its entirety by a woman, and that one is the structure which will represent the states of New England. The woman whose brilliancy as an architect has gained her this honor is Miss Josephine Wright Chapman, of Boston.

A score in Turkey is in the "dot." The husband must give a dowry to his wife—if he marries her by law—but what the wife brings remains still her own. Her husband has no legal right to appropriate it. It is probable, however, that the poor Turkish woman, as a general thing, fails to enjoy this right, as well as so many others which are hers in law, but not in reality.
