

HOSPITAL WORK IN RICHMOND.

The Richmond Hospital Association which was organized in the city of Richmond, Va., a little more than a year ago, has now secured a large hospital building at 406 E. Baker street Richmond, Va., and is now in full operation. It was founded for the purpose of affording a convenient, comfortable, clean and healthful place for the care of the colored sick who need hospital attention. The building is centrally located and before its purchase by the Richmond Association, was known as the "Old Ricks Homestead." The officers of this association are well known physicians, located in Richmond, and in this city.

The first anniversary was celebrated on the 22nd of February of this year and was largely attended.

It has the co-operation of the Ladies' Auxiliary and of the Progressive Club—two organizations of ladies; the one founded for charity and the other to help in any way to meet the demands made upon the institution. The La-
