A POPULAR ISSUE.

The Democratic party could not have a more popular issue than the one with which the President has supplied it. The appeal for free food, free fuel, free clothing, free building materials and free essentials of manufactures will meet with a wide-spread response.

THE PRESIDENT'S IDOLY.

Not the least admirable passage in the President's message is the one that is "written in a simple, unadorned, and unassuming style." Of course," writes Mr. Cleveland, "it is not expected that unnecessary and extravagant appropriations will be made for the purpose of avoiding the accumulation of an excess of revenue."

A MISAPPLIED ADJECTIVE.

Why will the Paris correspondents persist in referring to President CANNON as "commonplace"? Their own record of his career and estimate of his character refute the adjective.

HOW ONE TALKS WORKS.

Congressman DELANO, of this State, who represents some glass manufacturers, says that lower taxes would "make the rich richer and the poor poorer."

THE GRAB AT THE PARK.

The scheme to encumber City Hall Park with a brace of architectural monstrosities is not only repugnant to the artistic sense and in defiance of the general desire to increase rather than curtail our downtown breathing places, but it is distinctly illegal.

A CAUSE FOR "TRIBUTATION."

The sore-headed Old Whig journal accuses the President of displaying "irritation towards American manufacturers" in his earnest appeal for an abatement of the war tariff.

WORLDLINGS.

A single foggy day in London costs the town something like \$40,000 for extra gas. A blacksmith of Kingston, N. M., declares that his mother found a handsome little nugget of gold in the gizzard of a duck which she killed for his Thanksgiving dinner.

WOULD IT PAY?

The argument that a postal telegraph would not pay, as compared with the Western Union, is by no means conclusive. Even if the Government's expenses should be somewhat larger, it would still have a wide margin in its favor.

FOREIGN OPINION.

The London journals are, as a rule, both intelligent and candid in their comments upon the President's Message. The problem of an enormous Treasury surplus is one with which foreign governments are not called to deal.

THE BROOKLYN SCHOOL ISSUE.

The impression that politics more than anything else brought about the discharge of Miss MORAN, the Brooklyn teacher, is likely to prevail. The charges of a lack of efficiency and tact, if not entirely frivolous, reflect less upon Miss MORAN than upon the successive school superintendents, who for many years have especially commended her work.

RED-LETTER DAYS AT THEATRES.

Lord TENNYSON could have seen Miss ANN RUSSELL last night as Elaine he would undoubtedly have wondered how he could have written the poem without having known her, so exquisitely true was she to the spirit of the idyll.

CHARLES H. KNOX HAS RESIGNED.

With THE WORLD, the Boston Herald and Globe, the Philadelphia Press, and a dozen other highly prosperous newspapers of the first class selling at two cents, it is quite amusing to see the sober arguments of the old-fogy portion of the press that the thing "can't be done."

THE PERFECT SUCCESS OF THE WORLD'S FORECAST.

The perfect success of THE WORLD'S forecast of the President's message was due to its observance of the wise admonition of HOMER BROWL: "Don't never prophesy unless ye know." THE WORLD'S correspondent knew.

THE BALTIMORE GAS COMPANIES.

The Baltimore gas companies cannot agree to the conditions of a trust. When corporate greed meets corporate greed then comes a tug of war that the people can view with complacency.

THE RUMOR, STARTED BY THE BODILERS.

The rumor, started by the bodilers, that KATIE METZ, the important witness against the "combine," had departed for Europe, is false. The wish was father to the thought.

UTILIZING WATER POWER.

A mighty engine moved by the fluctuations of the sea. After many accidents and trials the wave-power motor, so long talked of, has been found to be a practical success.

THE WEDDING OF MR. RICHARD HENDERSON.

The wedding of Mr. Richard Henderson, one of the owners of the Anchor line of steamers, and Miss Hilda Oelrichs took place at St. George's Church, the Rev. Dr. Ramsford officiating.

MR. HENDERSON AND MISS OELRICHS MARRIED AT HIGH NOON.

Mr. Thomas J. Drummond and Miss Margaret C. Hamilton to be Married This Evening—Dr. and Mrs. Arthur M. Loomis to Give a Reception This Afternoon—The List of Matrimonials for the Assemblies.

HE WAS AN IRISHMAN.

One Reason Why a Raffle in Aid of Hugh Mullen's Mother Was Held. The rich tones of an untrained tenor voice singing a patriotic Irish air, with a harmonious combination of other male voices of different register joining in ringing chorus, attracted the attention of a World reporter in a Third Avenue saloon Saturday night.

THE BRIGHT CONTOUR BOY BEHIND THE BAR.

The bright contour boy behind the bar understood at once and explained: "There are ten men in that room who did not and they give for the country's good," but because they were too good Irishmen to suit the ideas of loyalty entertained by the British Government, Hugh Mullen was a Dublin convict for life.
