UNION FOR WHAT?

The intermittent shriek appeals for "Democratic union" heard in some quarters have reference solely to the offices. Union upon principle, union to redeem pledges, union to stop the surplus by reducing the war tariff, union in support of the President's bold and statesmanlike message—this is indeed important.

HOW IT HAS WORKED.

An ounce of solid fact is worth more than a whole gas-bag full of unbecoming in considering the effect of the over-protection embodied in the prolonged war tariff.

MORE OF MOST.

Judge Cowino's grant of a stay of execution of the sentence of one year's imprisonment to a man who had been convicted of a crime, is a case of the kind which is not due to any doubt as to the fairness of his trial or the justice of the penalty.

CHICAGO AGAIN.

Once more the Republicans will try to cajole Fate by holding their nominating convention in Chicago. But it will not serve. The charm was broken in the defeat of the last candidate that they nominated there.

A SILLY FALLACY.

Really, the Tribune ought to have more respect for the intelligence of its readers than to try and impose upon them with the silly fallacy, long since abandoned even on the backwoods stump, that "British manufacturers" now pay for getting their goods into this market.

THE REAL MENACE.

Mr. BLAINE's assertion that "the Democratic party in power is a standing menace to the industrial prosperity of the country" is too solemn for a joke, and yet it is too funny to be taken seriously.

ABOUT PLAYS AND PLAYERS.

Theatrical men seem to be extremely anxious to establish a reputation for themselves as slingers. During the year which is now closing they have done a great deal in the pugilistic line.

THE "CLAMOR" BEARS FRUIT.

The warfare of THE WORLD upon the abuses at Castle Garden has accomplished much good. By the action of the Commissioners the BROKEN baggage monopoly has been mitigated.

MORAL TEACHING ON THE STAGE.

How little that clergyman knows of what constitutes moral teaching who denounces the play of "Faust," as given by HENRY IVINSO and ELLEN TERRY, as "foul in its morality."

THE AMOROUS COACHMAN.

The exploit of several coachmen in marrying their employers' silly daughters inspired ACQUINTANCE JANEKIN to try this easy road to fortune.

PRODIGES THUMP A PIANO.

It was announced yesterday that at 4 P. M. a competitive examination of all the applicants for the position of musical prodigy would be held, and he requested all the alleged talent to be on hand.

OUT-OF-TOWN MASONS COMING IN TO PACK THE MASONIC TEMPLE.

They begin by giving half a dozen exorcisms—"The World" still ahead of all competitors—indications that the Fair will last until Christmas—interesting contests for the prizes.

EVOLUTIONS OF THE LOTOS-FLOWER.

Interesting discovery of a Scientific Instructor at the Metropolitan Museum. William Henry Goodyear, curator of the Department of Painting in the Metropolitan Museum of Art, has made some very important discoveries which will be of the greatest interest to art students and connoisseurs.

WHERE MUSICIANS CONGREGATE.

The Old Headquarters More Attractive Than the New Exchange. The New York Musical Exchange, which was organized in March, 1886, for the purpose of "promoting and fostering the interests of music as well as furthering the interests of its members, artistically, financially and socially," as its constitution declares, has not received that attention and patronage from the musicians which it should have.

CASTLE GARDEN EMPLOYEES TO BE PAID.

Supp. Jackson, of Castle Garden, is engaged today in making out the payroll to all the Castle Garden employees, who will be paid to-morrow morning out of the funds advanced by Commissioner Shepley. Mr. Jackson estimates that about \$1,500 will be required.

HARD WORK REWARDED.

A BRIGHT COUNTRY GIRL'S WAY OF SUCCEEDING IN THE CITY. She Works Out Until She Learns Dressmaking and Then Rents a Flat and Starts Business for Herself—Helping a Brother and Two Sisters to Get on in Life—Trying to Pay Off the Debt on the Old Home.

In these days of low wages and keen competition in the lower grades of woman's work in this city, it is gratifying to know that some do win success. While searching through the realms of shop work, as told recently in the evening edition of THE WORLD, a reporter discovered a genuine success—a little country settlement of four country girls and boys in Twenty-third street.

Receiving an impetus from the city shop work sent into the country, a Bergen County (N. J.) girl determined to advance. She sought employment in a New York shop where nothing more than a bob, she began to do work outside the shop. As soon as she thought that she knew enough she went out to work on dresses by the day or week. She thus got her living and money, but lived on her own, and was wandering.

She had a younger brother who was anxious to come to New York to work, and as the prosperous firm that employed him could not pay him enough to live on, she began to save. She then decided to learn the dressmaker's trade. At first she worked for her living and instruction. Then small wages were paid her. Being strong and healthy she was enabled to perform a good deal of extra work, and began to do work outside the shop. As soon as she thought that she knew enough she went out to work on dresses by the day or week. She thus got her living and money, but lived on her own, and was wandering.

NEWS ABOUT THE ATHLETES.

Balbo, the champion Cuban pool-player, arrived yesterday. There will be a promenade concert and a full-dress ball at the Manhattan Athletic Club on Jan. 9.

The Manhattan will have an artists' loan exhibition on Jan. 7, and an exhibition for club members only on the evening of that date. Arthur Chambers will spar with Fatsy Sheppard at the testimonial benefit to champion Jim Carney, at Music Hall, Boston, on Dec. 11.

The Pastime Athletic Club's boxing competition will be held on Jan. 27 at Parepa Hall. It will include all the boxing weights and a 155-pound wrestling class. J. Kelleit, of Omaha, scaling 185 pounds, won the middle-weight boxing competition for the Police Gazette medal and the championship of Nebraska. The finals were contested on Dec. 7.

The Manhattan Athletic Club expect to have a sufficient membership by Feb. 1 to go into a new club house scheme. The idea is to have a request come in connection with the Fifth avenue mansion. Mr. C. C. Hughes, the Manhattan Athletic Club's general secretary, and champion E. C. Carter agreed to "let bygones be bygones," and have shaken hands. This was at the road race the other night.

Emer Lee, of the Pastime Athletic Club, who weighs 190 pounds striped in good condition, wants to spar Mr. W. J. M. Barry, of the New Yorks, at Jack McMaster's benefit in Brooklyn on the 19th. It is said the protest against Mr. G. T. Gilbert at the Seventh Regiment's games will undoubtedly be sustained. This will make the Sixth Company, instead of the Second, a winner on points. On the new count, with Gilbert out, the Sixth Company's score will be 13 points to 10 points for the Second Company.

An English gentleman, speaking of the coming international championship battle, said: "Jim Smith said to me just before I sailed 'I'll hold my head for him till he gets tired or knocks up his hands; then I'll go in and lick him.' The English champion is supposed to be capable of standing any number of sledgehammer hits. An end bet on the battle was made in the Hoffman last night and early this morning. It was a matter of Jim Smith versus the English champion. The odds were 100 to 1 in favor of the English champion. The odds were 100 to 1 in favor of the English champion. The odds were 100 to 1 in favor of the English champion.

The meeting of Pugilists Reagan and Dempsey at the Police Gazette office this afternoon to select the referee and battle-ground will draw a crowd of sports. The greatest efforts to keep the crowd off will be made, and it is likely the battle will not come off on the first attempt. Really all that has happened is that the referee has not been found. The odds were 100 to 1 in favor of the English champion. The odds were 100 to 1 in favor of the English champion. The odds were 100 to 1 in favor of the English champion.
