President Eben S. Allen, of the Forty-second Street and Grand Street Ferry Railroad Company, the story of whose dishonesty and disgrace was first announced in yesterday's EVENING WORLD, was arraigned before Justice Hogan at the Tombs this morning.

He was brought down by Detective Rogers from the Central Office, where he has already spent two days and nights in confinement.

Allen seemed to take things quite coolly, and as he stood in front of the Judge's desk, chatting and laughing with his counsel and reporters, he did not give the slightest sign of anxiety for the result of the serious charges which are pending over him.

His brother, who is a somewhat younger-looking man, was present. He had only heard of his brother's misfortune through the newspapers, and he seemed to be very much affected. He talked with his brother tears stood in his eyes.

Mr. George Greene, who has been elected President of the Company in place of Allen, who was former President, which appears on both certificates, are forgeries. The specific offense charged is forgery in the third degree.

Allen, in his formal pleading, makes the following statement:

"I am guilty of the charge. I admit issuing the annexed certificates of capital stock of Forty-second Street and Grand Street Ferry Railroad Company as an officer of said Company, said certificates being numbered 1,000, 1,001,
