The Favorite Defeats an Outsider in the Opening Dash.

PLAGE BETTORS GET 10 TO 1.

Uproar Colt Makes the Pace in the Second Race.

(SPECIAL TO THE EVENING WORLD.) GUTTENBURG RACE TRACK, Nov. 28.—Racing was continued at North Bergen this afternoon with a fair card of six races. The fields were slim in nearly every event, but the quality was good and the races promised to be rather close and exciting at the finish.

There were very few scratches made, which was fortunate, for if many of the races were out there would be walkovers.

The track was very heavy and holding, and consequently mud horses had the call in the betting.

The attendance embraced the usual aggregation of the regulars and the extra thousand which Saturday always brings out.

The report being a very fair affair at five furlongs, and a sorry lot of animals they were.

Austral was the favorite, and, for the first time, had a good jockey. Lambly got him away in front, and stayed there throughout, winning easily from Nabociah, a 30 to 1 shot. Martha Washington was third.

First Race. Purses \$400; for maidens; five furlongs. Nabociah, 30 to 1; Lambly, 10 to 1; Martha Washington, 10 to 1; Uproar, 10 to 1; Upright, 10 to 1; Upright, 10 to 1.

Second Race. Purses \$400; for maidens; five furlongs. Upright, 10 to 1; Upright, 10 to 1.

Third Race. Purses \$400; for maidens; five furlongs. Upright, 10 to 1; Upright, 10 to 1.

Fourth Race. Purses \$400; for maidens; five furlongs. Upright, 10 to 1; Upright, 10 to 1.

Fifth Race. Purses \$400; for maidens; five furlongs. Upright, 10 to 1; Upright, 10 to 1.

Border Troops Distrusted. Mexico Finds Too Much Sympathy with Garza on the Rio Grande.

(BY ASSOCIATED PRESS.) LARKDO, TEX., Nov. 28.—Capt. Hardie's troop of the Third Cavalry returned yesterday from a two weeks' scout down the Rio Grande in quest of the Mexican revolutionist Garza. He reports that it was impossible to secure any definite information of Garza's whereabouts.

New Mexican troops are being hurried down the river as fast as possible to take the places of the frontier soldiers, whom the Mexican Government has evidently begun to distrust.

This move is considered a wise one, for there is no doubt of a strong sympathy for Garza along both sides of the Rio Grande.

(BY ASSOCIATED PRESS.) Messrs. Abram S. Hewitt, Morris K. Jesup, Spencer Trask and George G. Williams have consented to act as a committee to receive and to transmit funds contributed to aid in the fight to suppress the Louisiana lottery.

This is in accordance with the resolution adopted at the Chickering Hall meeting, Nov. 12, which voiced the sentiment of New York towards the lottery.

Either of the gentlemen named will receive and acknowledge contributions, which, however, should preferably be sent to George G. Williams, President of the Chemical Bank.

SAY ANDREWS MUST ANTE UP.

Standard Directors Demand That \$1,750,000 by Monday.

Unless It Is Forthcoming There Will Be Suits and Disclosures.

Unless ex-President Wallace C. Andrews decides to surrender the \$1,750,000 worth of the common stock of the Standard Gaslight Company before 2 o'clock Monday afternoon he will hear something sharp.

At least that is what the directors of the company say today. They came to the decision yesterday afternoon, when a meeting was held in the Company's office at 173 Broadway, and a final effort was made to induce Mr. Andrews to return \$2,000,000 of the \$5,000,000 worth of common stock which is claimed, Mr. Andrews presented largely to himself and in smaller sums to the New York Steam Company, which he owned, and to Gen. F. B. Spinola and Mr. H. A. Moulshier.

Mr. Andrews said he had but \$1,500,000 of the stock in his possession, but he would surrender that, provided Mr. Spinola and Mr. Moulshier gave up \$250,000 each to make up the \$2,000,000.

The representatives of Mr. Spinola and Mr. Moulshier, however, said they were willing to give back \$250,000 each, but not a cent more.

Here all the parties stand today, and unless Andrews increases his offer to \$1,750,000, it is said, suits will be brought that will startle the financial world with the accompanying disclosures.

When the directors found that it was impossible to come to an agreement they adjourned at 2 o'clock Monday afternoon, declaring that if Mr. Andrews did not "ante up" by that time they would no longer do so.

The directors propose to go into court early next week and ask to have made permanent injunction which they secured in December against Mr. Andrews to restrain him from further use of the stock.

Suits to recover the whole amount and the criminal prosecution for obtaining money under false pretenses are threatened in the main time unless the \$2,000,000 are paid by Monday afternoon.

NEW YORK DIRECTORS RESIGN.

Trouble in the Club Attributed to Various Causes.

Playing-cards and billiard balls are said to have occasioned much ill-feeling in the New York Club, the members having taken sides for or against one or the other of these forms of amusement.

Seven of the thirteen directors of the club have resigned as a result of this feud.

These resignations leave the Board of Directors without a quorum for the transaction of business, and a special meeting of the club has been called for Dec. 10 to take action on them.

These seven directors are said to belong to the "old party." They are Ira D. Warren, John H. Adams, John H. Adams, J. L. Stewart, William P. Ward, E. V. Harriet and Fred H. Adams.

President James D. Smith and secretary Henry C. Wells have also concluded to get out of the club. Their resignations will also be placed before the special meeting.

Another rumor in circulation is to the effect that the Manhattan Club, which is now located almost next door to the New York Club, has had more to do with the feud than is generally supposed.

The Manhattan Club is housed in the old building at 100 West 42d street, and its elegant quarters cast a shade of insignificance upon the more pretentious home of the New York Club.

To overcome this prestige a proposition has been made to the New York Club to join the Manhattan's members, and this proposition is alleged to have had something to do with the trouble among the New York directors.

WALL ST. STOCK REPORTS.

Chicago Gas the Feature of the Trading To-Day.

Bank Statement Shows Gain of \$1,559,600 in Surplus Reserve.

The Market was Very Dull—The Quotations.

Wall Street, Saturday, Nov. 28.—The fluid-Lindley failure had no perceptible influence on share speculation to-day. In the first half hour of business the market was positively dull, but subsequently Chicago gas became quite weak and fell 2 points to 50. This weakened the general list. Union Pacific, Quincy, Northern Pacific preferred, Reading and Lackawanna declined 1/4 to 1/2 in sympathy.

On the report of gain in the bank reserves of \$1,559,600, the market improved 1/2 per cent in the case of Chicago gas, and 1/4 to 1/2 for the other prominent stocks. Gas subsequently lost the gain noted.

There was very little doing, the sales of listed stocks for the two hours amounting to 78,900 shares.

The Atchison earnings for the third week of November show an increase of \$98,000. The October statement will be given out next week. The annual report will also be published about the same time.

The market was weaker, one of the leading drawers reducing posted rates to 4.81 and 4.84 1/2.

The bank statement was favorable, showing a gain in reserve of \$1,559,600, which brings the surplus reserve up to \$1,883,350. The banks gained both through the 30th Treasury operations and the interior movement of currency.

The following are the comparative bank figures: Nov. 21. Nov. 28. Increase. Loans, \$498,664,900 \$417,433,300 \$81,231,600

SAY HE SAW LYONS KILLED.

Arrest of a Witness in the Cherry Street Murder Case.

Police Say He Will Testify Against Mike Silney.

The police this afternoon arrested a man who will be an important witness in the case of "Mickey" Silney, under arrest for the murder of Butcher Robert Lyons at 132 Cherry street.

The police refuse to disclose the man's name or what he will testify to. It was rumored that the witness was Jeremiah Sweeney, of 61 East Broadway, who, it is said, saw Lyons killed, but said nothing about it for fear of being sent to the House of Detention.

Acting Capt. Fitzgerald, of the Madison street station, had the mysterious witness taken before coroner Messmer, who committed him to the House of Detention until the inquest is held on Monday.

Capt. Fitzgerald said his prisoner's name was not Sweeney, and that he was not arrested at 61 East Broadway.

Silney is accused of having shot about this case at the newspapers," said he.

"The man has made a statement to me, but if I should give it out and he would go back on it I would be in a hole."

It was afterwards found that at the station-house, the man gave his name as Bartholomew Cotter, occupation longshoreman.

Cotter was arrested because he had boasted in a barroom that he had seen the murder committed. At the station-house Cotter denied having said this.

Then the detectives went out and brought the bartender who had heard what Cotter had said.

Still the longshoreman denied it, but the police believed he was too important a witness to have about loose, so he was locked up.

GYRUS FIELD IS ILL.

Prostrated by His Wife's Death and His Son's Insanity.

Sensational Stories of the Failure of E. M. Field's Firm.

Rumors that Large Blocks of Collaterals Were Rehypothecated.

\*Following closely on the sensational disclosures in connection with the sudden failure of the well-known commission house of Field, Lindley, Weychers & Co., and the insanity of Edward M. Field, the head of the firm, comes the startling report that Millionaire Cyrus W. Field, the broker's father, has been completely prostrated by the shock, and his condition is such that his family despair of his recovery.

A member of Mr. Field's family told an Evening World reporter, who visited his home at 123 East Twenty-first street early this morning, that Mr. Field's condition was extremely critical to-day.

"Mr. Field," he said, "was greatly prostrated by the death of his wife a few days ago. When he returned home from Ardley Tower, his country house near Dobbs Ferry, yesterday afternoon and learned of the failure of his son's firm and of his boy's threatened insanity, he immediately took to his bed, and has not been able to leave it since."

"The physician is constantly in attendance upon him, and our only hope for him is in keeping him free from worry and excitement until he may rally."

"Mr. Field is a very old man and has present quite feeble for some time past. At present nothing more can be said of his condition than that it is very serious."

It was stated that Edward M. Field had been in the hands of Field, Lindley, Weychers & Co. since last night, and was now at his father's home next door. He is said to be violent only at times.

No one seems to have any control over him except his wife, it is said, and even she has great difficulty in quieting him when he becomes excited.

The rumor she took him out in a carriage for a drive, and it was said that up to now they had not returned. It was rumored that he had been taken to an asylum. This was denied at the house.

Daniel A. Lindley, who is Edward M. Field's partner and brother-in-law, went to Ardley Towers yesterday to visit his wife, who was very ill, and says he brought back to the city last night and was taken to the house of Cyrus W. Field in an ambulance.

DEVELOPMENTS OF THE FAILURE. Wall street found plenty to talk about this morning in discussing the failure of Field, Lindley, Weychers & Co.

One of the most startling developments of the case is the connection between the firm and the Union Pacific Railroad Company.

That large loan from Field, Lindley, Weychers & Co. to the Union Pacific, amounting to a block of securities, consisting of Denver and Gulf stock and Union Pacific and Oregon Short Line bonds, whose market value was largely in excess of the loan secured.

It is said that the amount of the loan was \$600,000, but the officers of the Company refuse to confirm this statement.

The rumor is a state of mind, for although they are willing and ready to pay the loan, they cannot find their securities, and it is rumored that the insolvent firm rehypothecated the greater portion of them.

Assignee Charles W. Gould, who has charge of the affairs of the firm, says this morning that he has as yet discovered no evidence that the securities have been rehypothecated, and declares that the present situation is susceptible of a satisfactory explanation.
