

EXTRA. 2 O'CLOCK. MORE WHITWASH.

So It Is Intimated the Donovan Reinvestigation Will Result.

Examining Board's Secretary Discredits the Accusers in Advance.

In the Governor House Physician's Version Is Accepted.

The Board of Examiners, which last Tuesday exonerated House Physician Donovan, of Governor Hospital, from the charge of extortion, will meet at Governor Hospital tomorrow afternoon to reinvestigate the case.

This Board will act in pursuance of the order of President Porter, of the Board of Charities and Correction, to cite the complaining witnesses whose testimony had not been taken on the first hearing.

Dr. Lawrence Johnson, of 263 West Twenty-eighth street, who is Secretary of the Medical Board of Examiners of Governor Hospital, was seen this morning by an EVENING WORLD reporter and asked whether the new investigation would be public.

"Private, of course," replied Dr. Johnson. "Why do you not at the first hearing cite the witnesses who made the charges against Dr. Donovan?"

"You see," explained Dr. Johnson, "we have not the power to administer an oath, and so it is impossible to make those witnesses who reiterate their charges, and who no other course left to pursue than to judge between them and Dr. Donovan on the mere principle as to who would be more apt to be a reputable doctor whose antecedents were good, or a set of men of whom we could know nothing at all."

"and so you do your best with your presence altogether?"

"Precisely, but," added Dr. Johnson, "since President Porter desires it, we shall certainly cite those witnesses now."

"But, won't you be guided by the same pre-determined principle of judging between them and Dr. Donovan?"

"Well, how else can one judge where the question is one of veracity?"

"Did you, doctor, take into consideration at the first hearing that Dr. Donovan's assertion that the given him by the Friedmanns out of gratitude would stamp the Friedmanns as most ungrateful people, as having immediately after the gift denounced Dr. Donovan as an extortioner?"

"You see," responded Dr. Johnson, "the man who made the affidavit charging Dr. Donovan with extortion was not the one who gave the money."

"Why will you not allow reporters to be present at the investigation?"

"Why the examining Board is not a judicial body. Its action is binding upon nobody. It can only recommend a certain line of action to the Charity Commissioners, which they may accept or reject at pleasure. In a word, it is a wholly private affair, and I don't see why reporters should be so anxious to attend it."

"When Dr. Donovan's term as house physician expires on the first of next month, is there any way of publishing him if it is found on the new investigation that the complainant's story is entitled to credence?"

"No; I don't see any," replied Dr. Johnson, "his diploma cannot be taken from him by any power on earth, and he can only be prevented from practicing as a physician under it if found guilty of a felonious offense by a proper court."

President Porter, of the Board of Charities and Correction, was also seen this morning by an EVENING WORLD reporter.

"The public will get entire satisfaction from the Medical Board of Examiners," was all he would say.

TRICK DUST ON THE PACIFIC.

It May Mean a Volcanic Eruption or an Island's Birth.

SAN FRANCISCO, Sept. 28.—Advice from Oualaska state that the supply steamer St. Paul, which reached there Sept. 2 on this port, reported that on Aug. 28 it steamed for four hours through a cloud so black and dense that lamps had to be lighted.

When the steamer emerged from the cloud its decks were covered to a depth of several inches with volcanic dust. The nearest access to the steamer's position is Pablot Mountain, 265 miles away.

It is thought at Oualaska that there has been an upheaval on the shore or that a new island has emerged from the sea, as did Hogaiaf and his five sons.

FOR THE MURDER IN COURT.

Edward Devins's Trial Will Begin Next Monday.

Edward Devins will be placed on trial before Recorder Smyth in the Court of General Sessions, next Monday, for the murder of Max Clerget.

Devins shot and killed Clerget in Judge Martin's court-room, where Clerget was on trial for assaulting Devins's fifteen-year-old sister.

The defense will be insanity. Medical testimony will be introduced to prove Devins an imbecile.

The prisoner will be defended by Lawyer Abraham Levy, who had charge of the medical testimony in the case of Frency No. 1.

Fusion in South Dakota.

STOCK FALLS, S. D., Sept. 28.—It was 2 o'clock this morning when the Democratic state Central Committee broke up. They had a stormy time over the fusion question, but finally to delegate the power of the Committee, so far as the fusion was concerned, to the Executive Board was carried by a vote of 14 to 9.

It is proposed to trade the Democratic ticket for State Auditor and Treasurer.

POINTERS ON THE RACES.

There Is But One Stake Event at Gravesend To-Day.

The Fifth Race Should Be the Best of the Day.

The stake events at Gravesend generally turn out the poorest races on the card. In the solitary stake event down for decision to-day only six are entered, and it is almost a certainty that two will be withdrawn. Nonam or Diagonet, Count and Deriagalla may furnish a fair race, however. The other events are well worth a moment's attention.

The two-year-old races look well, and the presence of such horses as May Win, Lyeum, Ilosa II, Mary Stone, Wah Jim, Nonam and John in the fifth race should make that the best of the day, so far as racing and betting go. The track will be dry and fast. The entries and conditions are as follows:

FOR THE GREAT CELEBRATION.

New York's Preparations to Do Honor to Columbus.

Pageants and Festivals of Surprising Magnificence.

In a little more than a week New York will attempt to do that which is the most noble of countries that was worthy of being discovered. Chicago will have the World's Fair, but there will be only one Columbus Day—a holiday in fact and name, when imposing pageants, oratory, festival and pageants will commemorate the discovery of a new world.

Oct. 12 will be a day of continental celebration. By 11 o'clock a half a million of visitors. The festival will last for nearly a week. The streets will be lined with flags and banners; orators will tell again of the bravery and love of science which led an obscure mariner across the ocean, and a score of things will be done to commemorate the landing of Columbus and illustrate the progress of the country since her first step on its shores.

The celebration begins Oct. 8, when special services will be held in the synagogues, on the following day, Sunday, there will be religious services in all the churches and places of worship in the city.

On Monday, Oct. 10, there will be a parade of the pupils of the public schools and colleges, in which it is estimated that 25,000 will take part. The parade will start at 10 A. M., and each one in line will carry a National flag.

Tuesday will be naval parade day, and the spectacle will be imposing in its magnificence. About fifty government warships, cruisers, revenue cutters and lightships, tenders will be in line, each decked with the National colors. At least one hundred vessels of the merchant marine, steamers of the Erie, Police and Dock departments, and several foreign men-of-war, will follow. The fleet will be accompanied by innumerable steam yachts and other craft of seeming importance, but still of more value and interest as seaworthy as the Santa Maria and her companions.

COLONIES OF VOTERS.

Alleged Republican Plot Unearthed by Chairman Harity.

Negroes Being Colonized in New York, New Jersey and Indiana.

Mr. Grace Said to Be Determined to Run a Third Term.

Chairman Harity, of the Democratic National Committee, announced today that he had discovered evidence of a gigantic plot on the part of the Republicans to colonize New York, New Jersey and Indiana with colored voters.

The evidence, Mr. Harity said, was so complete that he had written to the various county chairmen in the localities referred to, stating full particulars, and giving directions for checking them up.

Mr. Harity is thought to have said, however, that the Republican committee, through "Dave" Martin, of Philadelphia, had organized a plot to carry Indiana by frauds far more extensive than the famous "blocks of five" scheme worked in Indiana in 1888.

The locally selected in New Jersey for the county of Mercer, Mr. Harity said, had been discovered by him, and he had written to the county chairmen in the localities referred to, stating full particulars, and giving directions for checking them up.

"THERE'S MANY A SLIP 'TWIXT THE CUP AND THE TIP."

AFTER "COUNT" MITKIEWICZ, SHE FOUGHT THE FOOTPAD.

Brooklyn Men Get a Warrant for His Arrest.

Charged with Obtaining Nearly \$100,000 by False Pretenses.

"Count" Eugene de Mitkiewicz, the famous negotiator of Chinese concessions, is in the public eye again through a criminal proceeding which has been instituted against him by Lawyer Charles H. Burke, of Brooklyn, on behalf of several Brooklyn people, who claim that they have been swindled by the "Count."

The amount involved is said to be about \$100,000, and two of the "Count's" victims are said to be Arthur L. Tomes and Robert A. Horner, from whom De Mitkiewicz is alleged to have obtained \$25,000 and \$10,000 respectively by false representations.

Lawyer Burke has obtained a warrant in this city for the arrest of De Mitkiewicz on the charge of grand larceny, and has gone to Washington for the purpose of bringing the "Count" back with him.

The particular transaction upon which the warrant was issued was the payment by Mr. Tomes, Nov. 17, 1901, of \$1,750 to De Mitkiewicz, in pursuance of his Chinese concession schemes, on the representation of the "Count" that Elliott P. Shepard and Jesse Carter were backing him with unlimited funds.

Tomes says that between the summer of 1900, when he first met the "Count," and June last he gave up \$45,000 in all, his only security being a note for \$10,000 and a policy of insurance on the Mitkiewicz life.
