

WALK OF THE TURF. Yesterday's Races Proved the Advisability of Carrying Heavy Weight.

GOOD JOCKEYS CAN BE USED.

Garfield Park Association Making a Gallant Fight Against Chicago.

YEMEN BID UP SPIERS.

A Determined Effort Made to Rob the Public at Point Breeze.

From reports that come from Monmouth County there is evidently a screw loose somewhere in the law department. The County Law and Order League has been securing evidence against the bookmakers at Monmouth Park for some time, and felt rather jubilant over the prospect of a Justice Bennett to the Grand Jury. They were surprised and indignant however, when they learned that over a hundred citizens of Long Branch, calling them to appear before the Grand Jury on Tuesday, had not been received by constables. It is thought that if witnesses are not summoned to give evidence the work of the League will be hampered.

The Garfield Park Association, of Chicago, are certainly fighting a losing battle to be but little chance of their beating the city, but nevertheless they fight on. Yesterday they appeared in court with considerable surprise by withdrawing all pending applications for injunctions and several damage suits against the city. They were told that the city would not be bound by the Grand Jury on Tuesday, had not been received by constables. It is thought that if witnesses are not summoned to give evidence the work of the League will be hampered.

Yemen was bid up again yesterday. Mr. W. J. Spiers, who ran around with Lizzetta, bought the Hancock stable gelding \$700 over his entered selling price.

Lampighter was not in the best condition yesterday as was evidenced when Sims had to punch him out on the hills. A St. Louis colt who has never received anything over six furlongs.

Lady Mary, owned by J. J. McCafferty, won the last race, and, wonderful to relate, no bid was made. The colt was cheered heartily when the filly was led away.

How is it that no one has kicked this season about the hills at Morris Park? It is the regular thing for some owner, whose horses go wrong, to blame it on the hills. As yet no word has been heard. Perhaps the new gradient maps issued by the Association last spring proved too much for the crowd.

Bronson, ran well yesterday, but failed to land any of the money in the quarter horse. That is, he is always a fourth.

A determined attempt was made at Point Breeze on Tuesday and yesterday to rob the public of their money. The gelding Grover, a three-year-old, was the only one to be seen in a field of eight. On public form he was a favorite.

YOUR HEALTH. May depend upon the way you treat the marriage. It is not the marriage itself, but the way you treat it, that is the danger. It is not the marriage itself, but the way you treat it, that is the danger.
